### LOGAN IS NOT A CANDIDATE. MINORITY REPRESENTATIVE IN OLD LEG.

ISLATIVE DISTRICT OUT OF RACE. Minedale Bank Chooses Officers and Directors. .- Child Shot by Playmate at LaGrange Other News From Exchanges.

Hon. John A. Legan, democratic representative to the state legislature from this district, expresses a doubt as to whether or not he will be a candidate for re-election next fall. With his resignation from the local police force and acceptsuce of the presidency of the Northern Lakes Ice company he practically retired from politics. During Logan's term in the legislature his associates from this district were Charles H. Backus, of Hampshire; Guy Bush, of DuPage county, and Senator Evans, of Aurora. This quartet enjoyed the distinction of being the largest men in the legislature from the standpoint of physique. Of the quartet islature in such a manner that the dis-Evans is the smallest. He stands six feet in his stockings and weighs 200 pounds. Bush is the same proportions as Evans. Logan stands six feet and weighs 210 pounds, while Backus is six feet one luch and tips the beam at 200 pounds. Should Logan decide to make the run for election this fall, and prove a winner, the physical qualifications of the quartet would be greater than before on account of the redirement of Bush and the candidacy. which amounts to an election, of Charles Cherry, of Oswego, Kendall county. Charry will probably occupy the seat of honor in the legislature as the largest member. He stands six feet three juches and weighe 850 pounds.-Elgin News.

On Wednesday afternoon Hattie Belle, daughter of Mr. and Mrs. George H. Lauhemstein, 131 South Waiola avenue, La Grange, met death in a sudden and terrible meaner. For nearly four years smallpox has provalled in the United States to an extent heretofore unknown. In the east the disease has been of the usual severity, while in the western parts of the country the epidemic has existed in a form of unusual mildness: occasionally cases of the most malignant form have not been unknown, and the aggregate number of deaths from this mild disease would be found to be considerable and some very valuable members of the afflicted communities have died. During the past month a prominent editor of southern Illinois and so eral prominent citizens of other parts the state have succumbed. It is safe say that there has been in this time more than ten times as many cases of smallpox in Illinois, with a population of 5,000,000, than in Germany, with her 50,000,000 of inhabitants. In matters relating to the public health we might often sigh for that benevolent despotism of Germany which safeguards the well-being of the inhabitants by compulsory vaccination. We hope that the teaching of the present epidemic will be brought before the next leggrace of an epidemic of emalipex in Ill nois will not bereafter be felt. The prev- at Nash's. alence of the disease in any form at this time is a sign of stapidity discreditable to Gerwig's. our civilization. — Illinois Medical Journal.

JUDGE GEORGE BROWN has been presiding in a city court and deciding some very important divorce cases, the published accounts of which have made interesting reading for disinterested parties. Judge Brown is especially adapted to mete out justice for litigants who are seeking redress for marital wrongs and an untying of the nuptial knot. He is unbiased, not having as yet passed through that ordeal from which so many desire to escape, and can heartily sympathize with those who were less fortunate than he has been. This district will lose a good jurist when Judge Brown becomes Congressman Hopkins's successor. -- Charlen.
