How Peruna Saves Lives

Saved From the Grip of Catarrh

PERUNA

head and lungs in its worst form, until the doctors fairly gave me up, and I despaired of ever getting well again. I noticed your advertisement and the splendid testimonials given by people who had been cured by Peruna, and determined to try a bottle. I felt but little better, but used a second and a third bottle and kept on improving slowly. *"It took six bottles to cure me, but they were worth a king's ransom to me. I talk Peruna to all my friends and am a true believer in its worth."*—Mrs. Col. E. J. Oresham.

Thousands of women owe their lives to Peruna. Tens of thousands owe their health to Peruna. Hundreds of thousands are praising Peruna in every state in the Union. We have on file a great multitude of letters, with written permission for use in public print, which can never be used for want of space. Address The Peruna Medicine Co., Columbus, O., for a book written especially for women, instructively illustrated, entitled "Health and Beauty." Sent free to women.

MRS. COL. E. J. ORESHAM, Treasurer Daughters of the Confederacy, and President Herndon Village Improvement Society, writes the following letter from Herndon, Fairfax county, Virginia:

FIERCE BATTLE WITH FANATICS

American Troops Take a Fort After Desperate Fight with Moros.

RAISE FLAG OF THE PROPHET

Only After a Hand-to-Head Encounter Do the United States Soldiers Succeed in Storming the Battlements and See Victory Poised on Their Banners.

Col. Frank D. Baldwin, with the Twenty-fifth battery and seven companies of the Twenty-seventh infantry, attacked and captured the Moro fort at Bayan, island of Mindanao, after a desperate engagement in which one American officer and seven enlisted men were killed and four officers and thirty-seven men wounded. The American loss was eight killed and forty-one wounded. The Moros lost more than 200 killed and at the end of the battle the survivors, eighty-four in number, surrendered unconditionally. Of the Americans Lieut. Jossman was killed and Capt. Moore, Lieut. Jossman and Surgeon Major Porter were wounded. The principal Moro leaders were killed, including the Sultan of Bayan, Raja Muda of Bayan, the Sultan of Panda Patan and many of the leading dattos. The capture of the fort and the surrender of the surviving members is a severe blow to the Moro rebellion against American sovereignty in the most savage part of Mindanao, although the military authorities realize that the co-operation of the sultans and chiefs is general when the flag of the prophet is raised in a jihad or holy war. The battle was a hand-to-hand one. The fort was defended by fully 300 men and was surrounded by four trenches. The mountain guns fired 120 rounds at a range of 1,400 yards, but the Moro fortifications withstood the bombardment and Col. Baldwin ordered the infantrymen to take the fort by storm. The Americans were compelled to make their way forward through successive entanglements of grasses and took the successive trenches after hand-to-hand encounters. The Moros fought furiously. After exhausting their ammunition they resorted to kris, barongs and kamplangs. Several wounded Moros who were hidden in the high grass attacked the members of the hospital corps, who were seeking the wounded to succor them.

SURGICAL OPERATIONS

How Mrs. Bruce, a Noted Opera Singer, Escaped an Operation. Proof That Many Operations for Ovarian Troubles are Unnecessary.

"DEAR MRS. FINKHAM:—Travelling for years on the road, with irregular meals and sleep and damp beds, broke down my health so completely two years ago that the physician advised a complete rest, and when I had gained sufficient vitality, an operation for ovarian troubles. Not a very cheerful prospect, to be sure. I, however, was advised to try Lydia E. Finkham's Vegetable Compound and Sensitive Wash; I did so, fortunately for me. Before a month had passed I felt that my general health had improved; in three months more I was cured, and I have been in perfect health since. I did not lose an engagement or miss a meal. Your Vegetable Compound is certainly wonderful, and well worthy the praise your admiring friends who have been cured are ready to give you. I always speak highly of it, and you will admit I have good reason to do so."—Mrs. G. Bruce, Lansing, Mich. \$5.00 per bottle if above testimonial is not genuine.

The fullest counsel on this subject can be secured without cost by writing to Mrs. Finkham, Lynn, Mass. Your letter will be entirely confidential.

TRUST CONTROLS EGG MARKET

Small Dealers Charge Beef Combine with Having a Monopoly.

Kansas City, Mo., special: The big packing-houses have made such inroads into the business of packing and shipping eggs and poultry for consumption in eastern markets, that the business of the small shippers in this part of the west is threatened with destruction, according to members of the Produce Dealers' Association of Kansas and Oklahoma, which met here to consider the situation. John Stewart of Concordia, Kan., president of the association, said: "The packers are so firmly entrenched that I do not believe we can do much to oppose them. I do not know whether the recent operations of the big dealers could be called a corner or not. However, I do know that four big firms have stored 144,000,000 eggs, or 400,000 cases. At this time last year more than 1,000,000,000 eggs, or 3,000,000 cases, were in cold storage. There will be fewer eggs stored this year, because the prices are higher."

FORTY COAL MINERS IN CAVE-IN

Cloudburst Causes Sixty-five Feet of Shaft to Give Way, Slaying Workmen.

Peoria, Ill., special: For three hours Friday afternoon forty coal miners were imprisoned in the Black Diamond coal mine at Farmington, fifteen miles west of this city. There were scenes of wildest excitement outside the shaft. Most of the miners were men of families, and their wives and children were crowded about the shaft driven frantic with the fear of the loss of their husbands and fathers. A cloudburst occurred directly over the mine, flooding it because of the peculiar location of the shaft, and causing sixty-five feet of the roof to cave in. Just when all hope was given up, however, and it was believed that the men were drowned, a hand was thrust out through a crevice in the dirt. Those outside soon dug through to the men and they were all released at a late hour without the loss of a single life. Several were badly bruised or sustained broken limbs. The mine is owned by the Newman company.
