When the test at the polls comes; the state ticket will be found to be invincible. It suits all elements of the party, and will be unusually strong with the voters.

One of the big movements of history will be that of the Knights of Pythias of the United States in August next, when from all directions they will advance on San Francisco and California. The Monal convention of the order, which held every two years, will take place San Francisco, August 10 to 20, and great things are promised all the knights and their ladies who get there at that time. Mot only the members of the order in California, but the state and city officials are up and doing, and their greeting to the visitors will be extended with a hospitality that will make every one glad that he is a pilgrim.

The Illinois supreme court has decided that the two per cent tax on foreign insurance companies is illegal. The court comments at length upon the law, and held that it was unconstitutional and says: "It must not be forgetten it is incumbent by law upon the legislature to require that all taxable property within muncipal corporations shall be taken for the payment of their debts, such taxes to be un form." The decision of the court wil have a tendency to greatly decrease th arance revenue of the state as a large number of companies are paying two per cont of their earnings to the state.

> The county court Monday ordered that Dortha Golterman of Bloomingdale, and Otto Meyer of York, and Louise Schulser of Milton be returned to the insane say lum at Elgin. These patients were at one time in the Elgin asylum, but owing to the fact that DuPage county's quota was more than full, they were returned to the county and confined at the county farm from 10 to 13 years ago. With the completion of the new asylum at Peoria, for the care of the incurable insane, several DuPage, county patients were removed to that inetitution from Elgin. Last Wednesday night shortly after the heatre train had passed, the operator at the Naperville depot noticed that the lights in the semaphores east and west had been extinguished. Part of his duty is to keep the signals in proper order, and, it. he proceeded to light them. On his return to the depot he found that during his absence someone had gained entrance through a west window, robbed the money drawer of about \$30 in cash, and made a hasty retreat. Officers were immediately informed but no clew as yet has been cured. It is thought to be the work of home talent.
