The farmer who talks for and not against his vocation is doing better than the fellow that is always harping against the business. An exceptionally bright big burlesque bill will be the offering at Hopkins' theatre next week. Clarke's New Royal Burlesquers is the attraction and its bill embodies a most enjoyable line decidedly new to this breezy form of popular entertainment. It is described as a merry frolic of fun, and how could it be otherwise, as Weber & Field's musical burlesque entitled "Fol-De-Roi," is the capital vehicle that introduced a score of dashing pretty girls, clever comedians and catchy musical numbers, and the spacious stage afford ample room for the beautiful, original scenic settings. Among the olio features are Howard & Emerson the well known vaudeville entertainers, the celebrated Phassy Troupe of 25 graceful comely English dancing girls, the trolley car trio of acrobats, Alice Leslie the charming entertainer and many other diverting features seldom seen in burlesque. This will undoubtedly be the most pretentious production seen at this theatre since it adopted its new line of burlesque amusement.
