PASS OMNIBUS CLAIMS BILL

Senators Enact the Measure After Omitting the Selfridge Board De mands-Surgeon General Sternberg Retired with Rank of Major General.

Wednesday, May 14. During the greater part of the Senate session the fortifications appropropriation bill was under consideration. Mr. Proctor offered an amendment providing that no part of the appropriation made should be used for procuring disappearing gun carriages. This precipitated a debate which continued for two hours, and had not been concluded when the measure was laid aside for the day. Mr. Proc r led the fight against the disappearing carriages, declaring they never would be effective and in actual war would be shown they were a lamentable failure. Mr. Perkins warmly defended the War Department in adopting the disappearing carriage, maintaining the bulk of the evidence upon the subject was in support of the carriage. A further conference on the omnibus claims bill was | day. agreed to, with Messrs. Warren, Teller and Mason as the conferees.

The naval appropriation bill occupied the attention of the house throughout the day. Mr. Dayton (W. Va.) spoke on the need of strengthening the naval battle line, while Measrs. W. W. Kitchin (N. C.), Fitzgerald (N. Y.), Metcaif (Cal.) and Maynard (Va.) strongly advocated the building of war ships in government navy yards. The debate took a wide range at times. Mr. Rhea (Va.) speaking in criticism of the administration's Philippine policy and Mr. Elliott (S. C.) presenting the advantages of the proposed Appalachian forest reserve. Rising to a question of personal privilege, Mr. Mahon (Pa.) indignantly denied statements contained in a circular sent to members alleging that certain contributions had been made to his campaign expenses. The conference report on the Cuban diplomatic and consular bul was agreed to.

Thursday, May 15. The day in the senate was chiefly occupied with debate on the Philippine bill. The bill providing for the erection of a union railway station in Washington and the fortifications appropriations bill were passed, latter after the adoption of amendment by Mr. Proctor, making the acceptance of disappearing gun carriages conditional upon tests. A conference on the agricultural appropriation bill was agreed to, with Messrs, Proctor, Hansbrough and Bate as conferees. The conference report on the omnibus claims bill was presented by Mr. Warren, the conferces being unable to agree on the Seifridge board claims.

The debate on the naval appropriation bill in the house veered into the Philippine question; when adjournment was taken the measure was being read for amendment. The senate amendments to the agricultural appropriation bill were disagreed to, and the bill was sent to conference, with Messrs. Wadsworth, Henry (Conn.) and Williams (Miss.) as the house conferees. A bill was passed opening to homestead entry the extensive tract in Colorado, embracing about 9,000, 000 acres. As a result of several cases of emergency illness which have occurred in the house, a resolution was adopted to provide an emergency equipment of medicines and instruthat he would move an amendment to the bill prohibiting the use of any money carried in the naval bill for the purchase of Maclay's history, the animadversions in it against Admiral Schley being responsible, in his opinion, for the court of inquiry.

Friday, May 16.

In the senate an effort was made by Mr. Lodge to induce the minority to fix a time when a vote might be taken on the Philippine government bill, but Mr. Dubois, speaking for the Democratic side, did not desire to specify a date for the vote. Mr. Mo-Laurin concluded his speech in opposition to the present Philippine policy of the government, which, he maintained, was responsible for all the ills that had come to the United States in those islands. Mr. Deboe supported the measure in a carefully prepared speech, maintaining that the policy outlined by McKinley ought to be followed to the end. He asserted toat peace would come quickly when the sympathizers of Aguinaldo ceased their attacks on the American army and the American flag. Bills were passed increasing the efficiency and changing the name of the United States Marine hospital service; providing for an additional circuit judge | hold for one year.

priating \$10,000 for the establishment of a biological station on the great lakes under the control of the United States commissioner of fish and fisheries; to prevent a false branding or marking of food and dairy products as to the state or territory in which they are made or produced; the bill regulating interstate commerce in falsely branded goods, and ninety-five private pension bills.

in the eighth judicial district; appro-

The naval appropriation bill again had the right of way in the house, but the debate chiefly hinged on the Philippines and the Schley controversy. 'Ine bill turning over to Porto Rico all of the public lands of the island ceded to the United States by Spain, except sites designated by the president within one year for coaling stations, military posts and other United States purposes, was passed. In this connection Mr. Lacey (lowa) stated that the Porto Rico commissioner ought to have the privilege of the floor of the house so as to explain such matters as this, instead of being compelled to stand around the corridors of congress. The bill reported by Mr. McCall from the ways and means committee, refunding the tax on legacies paid under the war revenue act by religious, charitable, art and educational institutions, was passed. The conference report on the omnibus claims bill caused an other lengthy discussion. The motion to instruct the conferees against the Selfridge claims finally prevailed. Af ter sending the fortification bills to conference the house adjourned.

Saturday, May 17. The senate adjourned until Mon-

Consideration of the naval appropriation bill was resumed in the house. An amendment was agreed to appropriating \$75,000 for the continuance of the erection of a storehouse for naval supplies at League Island navy yard. An amendment was also agreed to appropriating \$20,000 for making tests of liquid fuel from the California and Texas oil fields under the direction of the bureau or steam engineering. An amendment appropriating \$60,000 for a key wall at the naval station, Puget sound, Washington, was agreed to.

Monday, May 19.

The Senate passed the omnibus claims bill. The Selfridge board claims being omitted, the bill carries \$1,618,-498. Other bills were passed: Authorizing the use and improvement of Governor's Island, Boston harbor; authorizing the secretary of war to loan to the Morgan Memorial Association of Winchester, Va., certain revolutionary | ing. trophies at Allegheny arsenal, Pittsburg, Pa.; providing for the retirement of Surgeon General Sternberg as a major general; providing that that part of the Indian appropriation bili which relates to subjecting to entry certain mining lands in the Spokane Indian reservation shall take effect when the allotments to the Indians are completed. Three conferees were appointed on the fortifications approprintion bill. Adjourned at 3:25 p. m., after a brief executive session.

The house passed the naval appropriation bill with several amendments. The bill limiting the number of hours of daily service on government work to eight hours was passed under suspension of rules, as was a house joint resolution fixing Dec. 31, 1902, as the date when entries under the mining laws of the United States of certain lands in the Spokane (Wash.) Indian reservation shall take effect. A senate bill providing for the erection of the northern branch of the National Home for Disabled Soldiers at Hot Springs, S. D., was also passed.

SEVENTEEN-YEAR LOCUSTS.

Pests Expected to Visit Various Parts of the Country.

Washington special: Large numbers of seventeen-year locusts have made their appearance in this city and reports of similar visitation have ments. Mr. Mudd (Md.) gave notice | reached the department of agriculture from Altoona, Pa., and Nashville, Tenn. The department has a full record of their appearance in 1885, and its experts know where to look for them this year. According to the charts Maryland and Indiana will be most affected. It is anticipated that the locusts will be reported from other portions of Pennsylvania and Tennessee and from New Jersey, Delaware, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Kentucky, Ohio, Indiana, Illinois, Michigan, Wisconsin and possibly a few other localities.

Bricket Wood is not far from the residence of the Hon. A. Holland-Hibbert, who is a son-in-law of Sir Wil frid Lawson, the well-known temperance reformer.

Mr. Holland-Hibbert is also temperance worker, and when some time ago an opportunity arose for the purchase of the Old Fox Mr. Holland-Hibbert availed himself of it, and turned it into a temperance public house.

Only tea, coffee and non-intoxicating beverages are sold, and as alcoholic liquors are absent, The Old Fox obtained its new name, "The Old Fox with Its Teeth Drawn," Other people besides teetotallers laugh at the amusing alteration of the signboard -London Illustrated Mail.

Held on to a Chair. Palmer, Mo., May 19th.-Mrs. Lucy Compton has for the past eight or ten years suffered a great deal of pain and sickness. She had Kidney Trouble with an awful pain in her back, which was so bad at many times that she could scarcely get about at all.

"I have been down with my back for the past eight or ten years," she says, "and sometimes so bad that I could not get around only by holding on to a chair or some other object.

Laid Up for Sixteen Weeks. St. Jacobs Oil and Vogeler's Curative Compound Cured Him.

"I have been a great sufferer from Rheumatism for many years. I was laid up wit Rheumatic Fever for nine weeks in 1804, and again for sixteen (16) weeks in 1896. I tried many medicines I saw advertised and others I was recommended; finally I was induced to take Vogeler's Curative Compound, which did me more good than all other medicines In fact, I feel quite a different man since have been taking the Compound. All my neighbors and friends are quite surprised to see me about and looking so well. I can only say that Vogeler's Curative Compound taken internally and by using St. Jacobs Oi outwardly acted like magic in my case. had been taking medicines for years without obtaining benefit, but Vogeler's has practically cured me. I have recommended Vogeler's Curative Compound to a lot of my acquaintances, and they tell me that it has worked wonders.
