SCRATCHING YOUR BALLOT.

In off-year elections, there is always more or less appeal on the part of democrats, and so-called independents, to republican voters to scratch their party nominations. The democrats say it does not matter because it is merely local.

When you are tempted to scratch your ballot stop and think of this fact: Perhaps it may do no particular harm with the one candidate you have in view, but what of the future?

In scratching your ballots you might elect a democrat to an office, or one of those independents, who, while professing republicanism, always aid democrats. If you do, you give them a foothold, and for what?

To help defeat your party in the national elections. To help defeat your congressman, to aid in the defeat of a republican president. It gives them a standing they would not have without your help, and it enables them to have that much power to defeat you when you do not want defeat to come.

Every republican voter in this election tempted to scratch his ballot should consider whether he would vote against President Roosevelt. If he would not, then don't scratch your ballot on local candidates, because you will help give the national opponents at home the power which they seek to use against you, in national elections. Would you vote against "Billy" Mason go back on President Roosevelt after his magnificent work the last five years? You say "no." Then don't help him by scratching the regularly nominated candidates, on the republican legislative ticket and voting for Mason's candidates, Higgins and Keller.

Don't scratch. Don't help defeat your party by voting for men who want office above honor; who hold their party, and put themselves up as greater than their party and who campaign with democrats.

Vote your ticket straight and let men learn that to represent a party in office to which they have been elected, is the duty of the people who trusted them, will be rewarded by further trust in helping them into office. Office is all such men want. They have no principal. The people will be misrepresented and sold at any time it suits their fancy.

REPUBLICANS SHOULD VOTE TUESDAY

Next Tuesday is election day. Few campaigns in this county have been so quiet as the present one. People have been busy. They have thought there could be no possible danger to the republican ticket. That no voter would be so foolish as to vote for anything that meant a change from present prosperous conditions.

That is just where the danger lies. With this in view, many republican voters would likely stay at home. The democrats are making a still-hunt campaign in the county. Every one of their voters will be at the polls. Every republican voter who stays at home will count two for the democratic ticket.

A desperate fight is being made by democrats upon the county ticket in certain parts of this county. This is not generally known to the voters in the farming precincts. The democrats are in hopes the farmers will not vote. If many of them remain away from the polls the democrats would have a possibility of electing some of their county ticket.

Republicans are certainly too greatly interested in their own welfare to permit this to occur. The people of this county are allied to have a single man on the democratic county ticket elected in a county election.

Republicans in every township and in the county should make it a point to see that every republican goes to the polls next Tuesday and votes the entire republican ticket straight. A republican victory on the head of the democratic ticket will be the work. To

one of the most important duties and calls for the exercise of good judgement and a full knowledge of questions of law. These abilities Mr. Ruth possesses to an eminent degree and patrons of the county court may be assured that he will devote his efforts first, last and all the time to the duties of county judge of DuPage county. Henry F. Lawrence as county clerk has made an excellent record in the office for which he is a candidate for re-election and is deserving of the hearty support of every republican voter. Frank J. Knight, candidate for treasurer, is a man whose years of experience have peculiarly fitted him for this position. Careful, trustworthy, capable and experienced he has every qualification to fill the office of treasurer in a manner satisfactory to the people. Jos. M. Hiser, candidate for sheriff, is known throughout the county as a man of irreproachable character and as an official who has faithfully served the county in minor positions for many years, and as sheriff will make the county a competent official. Prof. Royal T. Morgan, candidate for school superintendent, as an educator takes high rank in the state, and has impressed his personality on the people of the county in such a manner that the voters will continue him in the office. The republican candidates are all good, clean, practical men. Their records show what they have done in the past and is a sufficient guarantee for the future. They should receive the vote of every DuPage county republican.

Regarding the two county tickets it is said that the democratic ticket is composed of good men. Such fact cannot be denied as both tickets are made up of representative men. But the republican ticket cannot be found fault with in any particular, hence there is no reason why the republican voters should not support all the candidates, regardless of the fact of their places of residence or mere personal differences. If any man wants republican votes he should first become a republican.

The legislative candidates on the regular republican ticket are the regular convention nominees and not sore-heads and bolters. Republicans should vote the ticket straight. Put a cross in the circle at the head of the republican column.

The republican ticket, which appears at the head of this column, is made up of capable men throughout, from the state down to the county officers. That is the first reason why all republicans should support it.

Now is no time to quibble over local griefs or to trifle over local differences. The candidates who are with the president are with the people. Vote for them that you may show that you are with your president.

Vote for the bolters if you favor "Billy" Mason—Otherwise vote the straight republican ticket for Barr, Bush and Drew.

There is only one safe way to vote next Tuesday—put a cross in the circle at the head of the republican ticket.

The republican nominees have done their full duty—Vote for them again.

Vote before leaving for your business next Tuesday morning.

One cross in the republican circle will do the business.

Vote the republican ticket and vote it straight.

Vote next Tuesday morning.

The Moonlight Maids are billed to appear at Hopkin's theatre for the week commencing Sunday matinee, Nov. 2. The name of the burlesque to be presented is "A Day and A Night," it is constructed on the style of the old English farces that are at present the rage of the two continents. Its plot is delightfully humorous and the dialogue very witty, the music is charmingly tuneful, the costumes bright and pretty, and the handsome stage settings form a fitting background to the stage pictures. The large corps of chorus ladies are seen in some very pretty military manœuvres, suggestions of cake walks and other accentuated rythms and kaleidescopic effects make the stage a veritable bustle of color and movement.

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.
