He recently wrote an article for the Medical Record, in which he printed statistics showing how families are decreasing. Taking these official figures as the basis of his argument, Dr. Shrady goes on to declare that the birth rate in the United States, especially among the well to do, is rapidly getting as low as it is in France, where general alarm has been why the American-born woman dislikes to raise a family. In discussing the subject, Dr. Shrady said: "The fashionable woman of to-day does not want children. If she bears them she become sickly and die.
