

SENATORS TALK ON TWO TREATIES

Cuban and Panama Pacts Are Subjects of Debate in Upper House.

MORGAN FINISHES HIS SPEECH

Several Amendments Are Offered and Then Other Senators Take a Hand in the Discussion of the Merits of the Waterway Treaty.

Wednesday, March 11. At the opening of the session of the Senate Mr. Fry, the president pro tempore, called the attention of senators to the fact that under a strict interpretation of the rules only such business as properly belongs to the matters under consideration in executive session should be presented at this extra session of the Senate.

J.) reported back favorably from the committee on contingent expenses the resolution introduced by Senator Allison to authorize the committee on rules to secure the recess for the purpose of examining the rules and it was adopted in this connection Mr. Platt (Conn.) gave notice of a modification of the rules which he proposed by which the senate at any time by a three-fifths vote in the senate could make an order fixing the time at which a vote should be taken upon any pending question and fixing the limit of time any senator could occupy in debate pending such final vote.

Friday, March 13. Ten minutes after convening the senate, on motion of Mr. Cullom, went into executive session. Senator Morgan entered on a discussion of Attorney General Knox's opinion as to the validity of the title to the Panama canal property which can be given by the new Panama Canal company.

dissolved." When Senator Morgan concluded Senator Spooner took the floor, but did not proceed.

Saturday, March 14. Immediately after the Senate convened an executive session was ordered, and Senator Spooner began his speech in support of the Panama Canal treaty, answering Senator Morgan. When he had finished several amendments were offered, and then at 5:40 p. m. adjournment until Monday was voted.

Monday, March 16, 1903. The senate spent six hours in executive session in its effort to pass on the amendments to the Panama Canal treaty in preparation for the final vote on the treaty. The greater part of the day was devoted to debate on the matter of insuring American defense of the canal, the Democrats contending that the United States should be given the initiative in that respect, and the Republicans urging that the interests of this country are sufficiently safeguarded by the terms of the treaty as it stands.

EFFIGY OF A FAMOUS EAGLE.

ac Effigy in Copper and Aluminum of "Old Abe" Surmounts a Government Building. Special to the New York Times. Washington, Feb. 27.—The navy annex building, just west of the War Department building on Pennsylvania avenue, is surmounted by one of the most elaborate eagles to be seen on any Government flagstaff. It is an effigy in copper and aluminum of the famous bald-headed eagle, "Old Abe," which the Eighth Wisconsin Volunteers carried with them through the civil war and for years maintained in princely quarters at the Capitol at Madison.

A fine portrait and an interesting biography of this remarkable eagle, probably the most noted bird in history, and the only feathered war veteran on record, will be found in the March number of "The Four-Track News," which can be obtained of any newsdealer for five cents.

Hard on Chicago. At a meeting of one of the organizations of ministers a prominent member of the church told how he had occasion recently to refer to a work entitled "Seeker After God." Failing in his attempt to obtain a copy of the book from any of the book stores and libraries in the city he remembered that a fellow-clergyman in Chicago had frequently quoted from the work. So he wired his friend, asking him to send a copy as soon as practicable. He was startled to receive the following in reply: "No seekers after God in Chicago."—New York Times.

The Ills of Women Act upon the Nerves like a Firebrand.

The relation of woman's nerves and generative organs is very close; consequently nine tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

Details of a Severe Case Cured in Eau Claire, Wis.

"DEAR MRS. PINKHAM:—I have been ailing from female trouble for the past five years. About a month ago I was taken with nervous prostration, accompanied at certain times before menstruation with fearful headaches. I read one of your books, and finding many testimonials of the beneficial effects of Lydia E. Pinkham's Vegetable Compound, experiencing a few bottles I feel like a new woman, aches and pains all gone. I am recommending your medicine to many of my friends, and I assure you that you have my hearty thanks for your valuable preparation which has done so much good. I trust all suffering women will use your Vegetable Compound."—Mrs. MINNIE TRETZ, 650 First Ave., Eau Claire, Wis. (May 28, 1901).

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and tones up the delicate female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling, backache, displacement of the womb, inflammation of the ovaries, and is invaluable during the change of life, all of which may help to cause nervous prostration.

Read what Mrs. Day says:

"DEAR MRS. PINKHAM:—I will write you a few lines to let you know of the benefit I have received from your remedies. I suffered for a long time with nervous prostration, backache, sleeplessness, painful menstruation, pain in the stomach after eating, and constipation. I often thought I would lose my mind. I began to take Lydia E. Pinkham's Vegetable Compound and was soon feeling like a new woman. I cannot praise it too highly. It does all that it is recommended to do, and more. I hope that every one who suffers as I did will give Lydia E. Pinkham's remedies a trial."—Mrs. MAMIE DAY, Eleanor, Pa. (March 23, 1901).
