WHERE SIGNS ARE TABOOED.

No More "Rooms to Let" and Other Cards in Students' Windows. The large and varied collection of signs that now ornament windows of the University of Pennsylvania dormitories must go, according to a rule that has just been passed by the board of representatives.

The signs were called to the attention of the university authorities by the mistake of an English visitor, who inquired of his guide, a trustee of the university, if all the students converted their rooms into shops.

Storekeepers who missed attractive posters made protests, and the police also took a hand in efforts to recover some of the stolen property.

"H" MADE A DIFFERENCE. Dropping of It Cost English Officer His Luncheon.

The following incident occurred in a certain English garrison. It is the duty of an officer's servant to take his master's luncheon, tea and anything he may require to him when he is on guard.

On this occasion the luncheon was brought, but the officer was otherwise engaged, and he left it stand to get cold. Presently he called the bugler.

"Can you," he asked, "eat my luncheon in the guard room?" "Yes, sir," answered the bugler.

Of course, the bugler entered the guard room quite pleased with the treat. He sat down and shared the lunch with his comrades, all the while thinking the officer meant him to eat it.

But imagine the agonized look on his face when suddenly there came a voice in the guard room: "Is the bugler there?"

He Means It. New Berlin, Ill., March 16th.—Mr. Frank Newton of this place speaks very earnestly and emphatically when asked by any of his many friends the reason for the very noticeable improvement in his health.

For a long time—over two years—he has been suffering a great deal with pains in his back and an oil-over feeling of illness and weakness.

A friend recommended Dodd's Kidney Pills and Mr. Newton began to take two at a dose, three times a day. In a very short time he noticed an improvement; the pains left his back and he could eat better.

The Grip Leaves Thousands in Its Path Weak, Nervous, Dyspeptic, Catarrh Wrecks

Wanted—An eight room modern house with 100 foot lot; about 197 Washington street. Chicago: phone 3785 Main.

Will the parties who witnessed accident Jan. 28, on the 4:05 train tarry within the system.

This is so true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

Hon. Joseph A. Flinn, alderman Fifth District, writes from 104 Christopher street, New York City, as follows:

"When a pestilence overtakes our people we take precaution as a nation to preserve the citizens against the dread disease."

"La grippe has entered thousands of our homes this fall, and I noticed that the people who used Peruna were quickly restored, while those who depended on doctor's prescriptions, spent weeks in recovering, leaving them weak and emaciated."

"I had a slight attack of la grippe and at once took Peruna, which drove the disease out of my system in a few days and did not hinder me from pursuing my daily work."

"I should like to see our Board of Health give it official recognition and have it used generally among our poor sick people in Greater New York."

"Following a severe attack of la grippe I seemed to be affected badly all over. I suffered with a severe headache, indigestion and numerous ills, so I could neither eat nor sleep, and I thought I would give up my work, which I could not afford to do."

"One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. I used it faithfully and felt a marked improvement. During the next two months I took five bottles, and then felt splendid. Now my head is clear, my nerves steady, I enjoy food, and rest well."

"Again, after repeated trials of your medicine, Peruna and Manala, I give this as my expression of the wonderful results of your very valuable medicine in its effects in my case after repeated trials."

"First, it cured me of chronic bronchitis of fifteen years' standing, by using two bottles of Peruna in January, 1899, and no return of it."

"After I was cured of bronchitis I had in grippe every winter for several winters. But, through the use of Peruna, it was gradually weaker in its severity, until it dwindled down to a mere stupor for two or three days. Now the stupor does not trouble me any more."

A Congressman's Experience. House of Representatives Washington, D. C. Peruna Medicine Co., Columbus, Ohio.

"I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."

Very respectfully, George H. White, If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Happy Homes

One of the essentials of the happy homes of to-day is a fund of information as to right living and the best methods of promoting health and happiness.

Then physicians having learned that the most excellent laxative and carminative principles were to be found in certain plants, principally in the leaves, the California Fig Syrup Co. discovered a method of obtaining such principles in their purest condition and of presenting them with pleasant and refreshing liquids in the form most acceptable to the system and the remedy became known as—Syrup of Figs—as figs were used, with the plants, in making it, because of their agreeable taste.

This excellent remedy is now rapidly coming into universal use as the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually without disturbing the natural functions and without unpleasant after effects and its use may be discontinued when it is no longer required.

All who would enjoy good health and its blessings should remember that it is the one remedy which physicians and parents well-informed approve and recommend and use and which they and their little ones alike enjoy, because of its pleasant flavor, its gentle action and its beneficial effects.

Syrup of Figs is for sale by all reliable druggists, at the regular price of fifty cents per bottle, in original packages only, having the name of the remedy—Syrup of Figs—and the full name of the Company—California Fig Syrup Co.—printed on the front of every package.
