WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture is the form of a label on the wrapper of every bottle of Emulsion you buy.

The attraction which comes to Hopkin's theatre for the week commencing Sunday Matinee April 5, is Rice & Barton's famous Rose Hill Folly company. During the past ten years there have been many burlesque and specialty organizations, but few of them have kept pace with Rice & Barton whose attractions have always been foremost in the eyes of the theatre going public. This band of clever comedians and handsome girls have always been finer equipped and presented better performances than its predecessor. This season it is much brighter and more worthy than any of the previous offerings of these up-to-date managers.
