DOWNERS GROVE, DuPAGE COUNTY, ILLINOIS, THURSDAY, MAY 21, 1903.

NUMBER 21.

Ready to Pave Street.

Board Secures Engineer Shields to Superintend Construction.

Detailed Estimate of Probable Cost to be Made—Sewers to be Lowered as Soon as Levels Can be Secured.

The initial step in the main street paving improvement was taken by the board of trustees Monday evening when its members authorized President Mochel to secure the services of Engineer W. S. Shields of Chicago to prepare a detailed estimate of the cost and to superintend the construction of the roadway.

Following the report of the engineer showing the estimated cost of the work, commissioners must be appointed to spread the assessment and the roll must be filed in the county court for confirmation by Judge Ruth before bonds can be issued and active work begun.

Previous to this, however, the present tile sewers in main street are to be lowered to the proper depth demanded by the specifications for sewers now in possession of the village. This work is to be done immediately and the expense will be borne by the village under an agreement with the property owners that these sewers would be lowered so that if at any future time a sewer system should be established it would not be necessary to disturb the main street paving to lay the pipes.

Engineer Shields is expected here this week to determine the levels so that work on the sewer lowering may be commenced at once and be finished before the grading for paving begins.

At the board meeting Monday evening the board of local improvements reported favorably on the petition of main street property owners for a brick pavement with curbing from Warren avenue to Maple avenue. The petition calls for a roadway 50 feet in width from Warren avenue to the south line of the village hall lot and 30 feet wide from that point to Maple avenue.

GUARDS SLAUGHTER THE WANDERERS.

Revenge full and complete was secured by the Guards Tuesday evening at the indoor ball when the Wanderers went down in bitter defeat before the onslaught of the soldiers to the tune of a score of two to one. And how the soldiers gloated over their erstwhile victors. Cheers, howls, shrieks and thunders of applause from their friends almost brought down the roof of the Auditorium when the clever playing of the Guards put the Wanderers out of business. Their victors were as happy as a Chinaman when a laundry strike is on. Captain F. A. Dawes and C. F. Davis umpired the game. The Wanderers were first at bat and things looked bright for them at the beginning when Jones, Innes, Ed Graves and Lyman each scored in one, two, three, four, order. John Graves soaked the ball for a one bagger, but was caught at second and the side went out. This finished the Wanderers, batters going out on flies, until the fifth when Innes scored. Stanley managed to pound out one in the sixth and Innes scored again in the seventh. The soldiers began business right from the start, Kellogg, Foster and Bateman scoring before the side went out. Two more scores were added in the second and the soldiers' rosters began to howl with joy. In the fourth Heintz increased the lead by one more and during the sixth three more were piled up. In the eighth they pounded the ball disgracefully and run in five tallies one after the other, thus effectively clinching the victory and securing a lead the Wanderers could not hope to overcome. During this inning the joy began and every particle of conceit was taken out of the civilians. The Wanderers flunked in the ninth and it was all over. One of the noticeable features of the evening was the "beautiful spirit" in which all the decisions of the umpires were received. Perhaps there never was a game in which there was less comment on the rulings of the umpires. The spirit of kindness manifested by the players of both teams in regard to the noting of the points made was emulated by the audience. Time again did the crowd rise and with uproarious shout voice its appreciation of a "righteous decision." Here is a detailed statement of the disaster.

Wanderers—4 0 0 1 1 1 0 0—7.
Guards—3 2 0 1 0 3 0 5—14

WRECK NARROWLY AVERTED.

A serious freight wreck was narrowly averted in the yards here yesterday morning. The engineer of the way freight noting the signals set, as he supposed for his train, pulled out on the main track. Instead the towerman was giving the road to an east bound double headed freight. Parties who saw the two trains thought a collision inevitable but the engineers of the double header managed to stop with a few inches to spare.

PROVISIONS OF THE NEW GAME LAW.

Synopsis of the Measure as Passed by the Illinois Legislature.

Quite a number of our patrons have asked that something be printed bearing on the new game law passed by the Illinois legislature and we take these extracts from the Libertyville Independent, which says the new measure was drafted by Representative Lyon. The most important change embodied in the new law follows:

Every resident hunter must hereafter have a license to cost \$3, to be secured from the city or county clerk, who shall receive 10 cents additional for their work. Non-resident hunters must have a license to hunt, which shall cost \$15, and pay an additional fee of 50 cents. Nobody is allowed to sell or ship game, or if one goes hunting, in order to make use of his game he must either eat it or give it away. It is unlawful to hunt with ferrets. There shall be no hunting of prairie chickens whatever for four years.

The law is regarded by hunters as a good one and it is believed that its enforcement will have a tendency to do away with the promiscuous hunter who shoots merely for the sake of killing. The fact that every person who hunts must have a license will make those who go hunting decrease in great numbers and the consequence must be that game will thrive, and that in a little while all kinds will be more plentiful throughout the state.

PRESIDENT ROOSEVELT AT AURORA.

When "Teddy" comes to town on Wednesday, June 3rd, it is expected by the committee in charge of his reception here that all Aurora and people of the surrounding country will be on hand to bid him welcome. The Burlington has already announced excursion rates from all points within a radius of 75 miles of Aurora, and the country cousins can be counted on to come in by carloads over the electric lines. The president due to arrive in Aurora over the Burlington from Rockford at 12:30 o'clock. His stop in that city and Joliet will be of half hour duration only. Other cities will be given only a fifteen minutes stop. Aurora, being the possessor of a real live United States senator, will be favored with a whole hour and a half, and during that time the strenuous "Teddy" will have lunched at the residence of Senator Hopkins and will have made addresses to children at the Center and Oak street schools, and to older people at Lincoln Park. From Aurora the president goes to Joliet over the E. J. & E.—Aurora News.

CASS ITEMS.

Frank Prentiss was seen carrying a saw-horse on our streets as a result of trading horses on sight and unseen with Frank Chilvers. Mrs. W. H. Smart and daughter Cora, Rev. Mrs. Parker, Miss Lottie Littleford and several others visited Chicago on a shopping tour Monday. Miss Carrie Hannis of Lemont visited Misses Cora and Nettie Reader Sunday. Warren Devereux of Downers Grove is doing some tin smith work in Cass this week. Mrs. G. B. Heartt was a caller in Cass this week. Mrs. Geo. Chaplin of Lisle, who has been working in Cass, is suffering with an attack of typhoid fever. Geo. Oldfield and family visited in Lemont last Sunday. The Cass school which was taught by Miss Grace Palmer closed last Wednesday. It is reported that a couple from Cass went fishing in the Desplaines river last Sunday and caught several good big fish. Now is the time for owners of lots in the Cass cemetery to make arrangements for their care the coming summer. One dollar paid to the sexton will have the lot cared for the entire season.

FRIEND OF THE COUNTRY SCHOOLS.

Professor Alfred Baylis, state superintendent of public instruction, is the friend of the country school. He contends that the interest of the children in the cities are already amply provided for and he is anxious for the time to arrive when the pupils of the rural districts will find kindred advantages at their command. He is now devoting his energies to the establishment of township high schools. "There is nothing whatever the matter with the public schools of Illinois," declared Superintendent Baylis, discussing his favorite subject. "They are headed in the right direction and improving all the time—with the simple reservation that there is no high schools in the country. If a country boy wants to complete a common school training, he must get on a horse, ride to town and ask for the privilege of paying tuition for the last four grades—or one third of the whole course. The greatest present educational need in Illinois is some provision for suitable schools for the older children in the country."

A stabbing affray disturbed the quiet of West Hinsdale Sunday morning and landed Wm. Kable, a laborer, in the county jail. Kable and S. Burket, a stone mason, boarded with H. L. Wenz on Quincy street near Chicago avenue. Sunday morning Kable went down town and returned with a half pint of whisky which he drank. Mrs. Wenz soon after demanded her board money, which he claimed he could not pay. He became quarrelsome and soon after went to his room. Soon after he came down stairs and knocked a pipe out of Burket's mouth. That provoked a quarrel, which ended in the former drawing a pocket knife and stabbing the mason twice in the side, just above the heart. They were but slight wounds. Burket then knocked Kable down with a piece of cordwood. Justice Courter bound Kable over to the grand jury under bonds of \$500. On Tuesday Officer Nicholson took his prisoner over to Wheaton.

GRAND ARMY TO HONOR DEAD.

Memorial Services to be Held Sunday, Both at Hinsdale and Downers Grove.

Memorial and Decoration days will be fittingly observed by Naper Post, Grand Army of the Republic, as usual this year. At its last regular meeting the post appointed committees and made all arrangements for appropriate observance of the day in honor of fellow comrades who have answered the final summons. Comrade Eugene W. Farrar will have general charge of arrangements.

Next Sunday—Memorial day—the post will attend services at the Unitarian church in Hinsdale in the morning. In the afternoon special services will be held in the Auditorium at 3 o'clock. Rev. Chas. Reynolds will deliver the address. The Lotus club will furnish music Sunday and will also have charge of the musical arrangements for Decoration day.

Decorations day the usual order of services will be observed. In the morning the post will go to Hinsdale where services will be held in the cemetery at Fullersburg. In the afternoon services will be held at the village cemetery at Downers Grove to conclude with an address by Col. Jas. H. Davidson of Chicago in the Auditorium at 3 o'clock.

LARGE RECEPTION GIVEN THURSDAY.

Prominent among the social events of the past week was the reception given by Madames Martin A. Backstader, James M. Burns and Frank C. Lancaster at the club rooms Thursday afternoon from two until five o'clock. The rooms were prettily decorated with roses and palms, together with wild crab-apple blossoms, and presented a handsome appearance when filled with the scores of brightly gowned ladies who attended. A novel picture guessing contest furnished amusement. Half a hundred photographs of the guests taken in childhood were displayed about the rooms. The object was to determine the identity of the original of each picture. Mrs. A. G. Prince and Mrs. G. N. Narney were the most successful in guessing the likenesses and were awarded prizes of a china candle stick and a china ramakin. During the afternoon refreshments were served. The ladies were assisted by Misses Mabel Radell, Kittle Wermuth and Ina Hall who presided at the tables where frappe was served.

DOG ORDINANCES VIOLATED.

According to the village ordinance "between the first day of May and the first day of November of each year, all dogs running at large or unrestrained of liberty within the village of Downers Grove, shall be muzzled with a good substantial muzzle securely fastened to such dog so as to prevent him from biting any person." The first date has come and gone and no effort has been made to enforce the ordinance. Dogs overrun the village and threaten the safety of citizens and yet the law plainly states a penalty for failing to observe the ordinance. With the single exception of one year, perhaps, the ordinance has not been enforced since it was passed. Yet the recently revised edition of the general ordinances contains the provisions against dogs running at large. Why continue the ordinance in force if it is to be so disregarded?

FARM ADVANTAGES.

The only business that can stand the test of time and circumstances is the ownership of a clear and free farm. A man may work at a manufacturing business half a lifetime and suddenly a better invention may shut up his works. A man may spend his life as a merchant, local misfortune beyond his control may put him through the bankruptcy court. A man may work as an employee of a business half a lifetime and be a competent, faithful servant to his employer, and suddenly he is fired, because his company has consolidated with another. The owner of a clear and free farm is inassailable. He may not have all the luxuries of life, but he is dead sure to obtain the necessities, and cannot be discharged or ruined.

LOCAL YOUTH IN THE NAVY.

Patrick H. Corcoran has received a letter from his son, Charles, who is serving in the U. S. navy, on board the "Kentucky," flagship of the Asiatic Squadron, now lying at Honk Kong, China. The young man shipped from San Francisco leaving there on Dec. 10, on the transport "Solace." The transport touched at Honolulu and was detained there three weeks on account of small pox breaking out on board. Guam was the next stop previous to reaching Manila, where Corcoran was transferred to the "Kentucky." Since his joining the ship it has been cruising about Asiatic waters visiting Borneo, Singapore, Honk Kong, Yokohama and other points in the east.

Grove Lodge Entertains Visiting Brethren in Elaborate Manner.

Special Communication Held to Confer Sublime Degree Upon John W. Nash, Following Which Eastern Star Serves Banquet.

Friday evening was made memorial to Downers Grove Masons by a notable gathering such as seldom before graced the lodge rooms. The occasion was a special communication at which the sublime degree in Masonry was conferred upon John W. Nash.

Member of Grove lodge, F. and A. M., attended in unusual numbers and under the guidance of Worshipful Master John H. Griffith, assisted by other Masons, the impressive secret ritual of the order, which marks the initiation of the candidate to the mysteries of the master Mason's degree, was presented with due solemnity.

With Grove Lodge were visiting Masons from Aurora, Joliet, Chicago, LaGrange, Naperville, and other points, and in honor of the occasion after the initiatory ceremonies, the home lodge and their guests were tendered a banquet by the ladies of the Eastern Star.

The banquet was spread in Oldfield's hall and no effort was spared by the ladies to make the affair enjoyable. The tables heaped with delicacies were set in the form of a square and compass and were tastefully decorated with cut flowers, while from the walls of the hall flags and bunting were artistically draped. Covers were laid for 125 guests. Seats were taken at the tables at 9:30 o'clock and with willing hands the hostesses performed their gracious duties in anticipating every want of their guests.

At the conclusion of the banquet Mazzi Slusser as toastmaster called on the various visiting brethren for addresses. Hon. Daniel Higgins of Joliet spoke of reminiscences of early days when he was a resident of Downers Grove and declared the hospitable spirit of its people, especially among the Masonic fraternity, which characterized it then was still dominant.

F. J. Allen of Aurora, spoke of his home lodge and took occasion to compliment the officers of Grove lodge for the manner in which its affairs were conducted. Howard H. Goodrich of Naperville toasted Euclid lodge of Naperville, and greatly amused the guests with a number of clever anecdotes.

Deputy Grand Master for the 11th district, John B. Fithian of Joliet, had for his subject "Hymnals" and spoke of the mission of Masonry and its influence for good. Grand Lecturer C. M. Babbitts of LaGrange and Chas. W. Commons of Chicago, the latter a long time member of the local lodge, spoke of Masonry. The closing address of the evening was made by Mrs. Louis E. Hall who spoke of the "Eastern Star," the women's auxiliary of the Masonic lodge and of which she is secretary.

WEEKLY CROP BULLETIN.

For the week ending May 19, 1903—Showers occurred the first part of the week, very light and scattered in the northern section, but of a more general character and liberal proportions in the central and southern districts. The temperature was above the seasonal average, and decided summer conditions obtained the latter part of the week. Except in portions of the central and southern districts where the rainfall was sufficient to supply the need of vegetation, rain is required. Plowing and planting are retarded on account of the dry condition of the soil. More than usual labor is entailed in preparing corn land for planting. The ground is deficient in moisture which affects germination and retards plant growth. Many correspondents express the urgent need of rain. Early conjecture with regard to injury to fruit is giving way to definite information, and prospects become more assuring with the advancement of the season. The most serious injury was confined to the southern district. In the central district, with the exception of grapes, the prospects for all fruit is fair. In the northern portion the outlook for fruit is now promising.
