Dublin, Mich., June 2#th .-- To the many women who suffer with weak back and pains and tired feelings in the small of the back, the experience of Mrs. Fred Chalker of this place will be interesting and profitable.

Mrs. Chalker had suffered a very great deal with these back pains and although she had tried many things she could find nothing wat would relieve her. The pain kept on in spite of all she could do.

At last she chanced to read the story of another lady who had suffered with the backache, and said she had been cured by a remedy called Dodd's Kidney Pills, and Mrs. Chalker thought she would try the same thing.

After the first two boxes had been taken according to directions, she began to feel some better, and she kept on till at last she was cured.

Her pains are all gone, and she is very grateful. She says: "Dodd's Kidney Pills helped me greatly, and I will always recommend them as a cure for Pain in the Back."

Miss Gannon, Sec'y Detroit Amateur Art Association, tells young women what to do to avoid pain and suffering caused by female troubles.

"DEAR MRS. PINKHAM: - I can conscientiously recommend Lydia I Pinkham's Vegetable Compound to those of my sisters suffering with female weakness and the troubles which so often befall women. I suffered for months with general weakness, and felt so weary that I had hard work to keep up. I had shooting pains, and was utterly miserable. In my distress I was advised to use Lydia E. Pinkham's Vegetable Compound, and it was a red letter day to me when I took the first dose, for at that time my restoration began. In six weeks I was a changed woman, perfectly well in every respect. I felt so elated and happy that I want all women who suffer to get well as I did."-MISS GUILA GANNON, 359 Jones St., Detroit, Mich., Secretary Amateur Art Association.

It is clearly shown in this young lady's letter that Lydia E. Pinkham's Vegetable Compound will certainly cure the sufferings of women; and when one considers that Miss Gannon's letter is only one of the countless hundreds which we are continually

publishing in the newspapers of this country. the great virtue of Mrs. Pinkham's medicine must be admitted by all; and for the absolute cure of all kinds of female ills no substitute can possibly take its place. Women should bear this important fact in mind when they go into a drug store, and be sure not to accept anything that is elaimed to be "just as good" as Lydia E. Pinkham's Vegetable Compound, for no other medicine for female illa has made so many actual cures. How Another Young Sufferer

REAL RETAIR.

The FIRST FOURTH

It required a long time to prepare for the celebration of the first Fourth of July; it demanded nerve, courage; heroism; the man who huzzaed for liberty then was in danger of putting his head in a noose, and he who fired a gun in honor of the occasion was shot without trial if caught.

Nowadaya, people who wake up on the morning of the Fourth of July, amid the booming of cannon, the noise of trumpets, crackle of guns and snapping of fire crackers, and a general mandemonium of free and generous noise, seldom think of the years of anxiety, suffering and bloodshed through which the Colonial Americans passed before reaching the great day when they could shout for freedom.

There had been long resistance to tyranny, oppression and injustice. The Lexington shot that was "heard around the world" had been fired. Harry Lee had proclaimed independence, Patrick Henry had demanded "liberty or death," but the time was not quite ripe for that day of all days in American bistory, the Fourth of July, 1776.

On that day, fifty-six determined patriots assembled in the state house at Philadelphia. They had a purpose in assembling, and that purpose was of grave import to the whole world. Thirteen colonies, with their three miltions of people knew what the purpose was; they had sanctioned it, approved it and what the fifty-six men were about to do they were to do on behalf of those three millions of people who had fought, suffered, bled and starved that it might be done. Every**body** knew what was going to happen. sven the small boy who now makes as tocain of liberty.

THE SPIRIT OF '76

The passing of one hundred and twenty-seven years has not dimmed the patriotic spirit of '76, "when men put ropes around their neck that we might have a free and independent nation." Men of patriotic souls and impulses rise to the surface of the dead money-making level and inspire our youth with new energy to do or to die. Shall the object for which this nation was founded be lost sight of in
