

Why a Painter Smiles

The practical painter says, it makes him smile when a man insists on Patton's Sun-Proof Paint. It always means another job from the man next door. Envy is just another name for human nature.

Patton's SUN-PROOF Paint

is famous for its lasting qualities. Made from a scientific formula of the best materials, machine mixed in exact proportions, it is the only paint that resists the sun and weather. Never peels, cracks or chalks off, and guaranteed to wear for five years. Send for book of Paint Knowledge and Advice (free) to

Didn't Need a Chain. In a Scottish town, so the story goes, a Londoner on his way to a hotel addressed the porter who led the way: "Not large place this?" "Na verra," was the answer. "Has it a corporation?" "A what, sir?" inquired the baggage bearer. "I mean, who rules it?" "Rules it? Jist the provost." "Ah, the provost. Like our lord mayor? Has he got any insignia?" remarked the cockney. "Insignia! What d'ye mean?" asked the puzzled Scotsman. "Yes, insignia; that is to say, has he a chain?" the polite visitor hinted. Whereupon the almost dumfounded native gasped out: "A chain, sir? The provost chained? Na, na! He gangs loose; but dinna be feared, he's quite harmless."
