

COLOMBIA READY FOR NEW TREATY

Senate Likely to Reconsider Action and Modify the Constitution.

OLD PACT WAS NOT REJECTED

Members of Upper House at Bogota Merely Disapproved of Instrument, Being Sensitive Regarding Relinquishing Territorial Sovereignty.

Washington dispatch: A bill is ready authorizing the Colombian government to make a new canal treaty with the United States upon fixed bases and also providing for modifying the national constitution.

The Colombian house of representatives can do nothing in the matter of the canal treaty unless the senate reconsiders it. Numerous instances are on record of bills becoming law after having been twice rejected.

Unofficial advice have been received by Dr. Herran, the Colombian charge d'affaires at Washington, indicating an intention on the part of the Colombian senate to resume consideration of the subject of a Panama canal treaty in place of the one disapproved by that body on the 12th inst.

Herran is hopeful. This leads Dr. Herran to hope that a measure yet will be passed by congress which will form the basis for the ratification of a treaty between Colombia and the United States for the construction of the isthmian canal.

Dr. Herran's information is that on the 13th inst., the day after the disapproval of the treaty by the senate, that body voted to appoint a committee of three members to act jointly with a committee from the house of representatives in the formation of a law for the ratification of a treaty between the two countries by the executive of Colombia after the two houses of the Colombian congress had passed an enabling act outlining the terms and conditions on which a treaty should be drawn.

The president of Colombia by this act would have full power in the premises, and the treaty would not have to be afterward submitted to the Colombian congress.

Simply Disapproves. The idea contained in the proposition is not dissimilar to the Spooner act itself, as this act gave authority to the president to begin negotiations with the governments of Nicaragua and Costa Rica in the event that he was unable to reach a satisfactory agreement with Colombia for a right of way for the Panama canal.

The question of sovereignty having been the predominant one in the Colombian debates the presumption is that whatever measure is agreed on as a basis for a treaty would be along lines that will not offend Colombian sensitiveness in this regard.

A more careful reading of the dispatch which Dr. Herran received early in the week announcing the action of the senate on the treaty shows that what that body really did was to "disapprove" the instrument and not "reject" it, as has been heretofore stated.

INDIANS HONOR GREAT CHIEF

Chippewas, Sioux, Winnebagoes and Ottawas Gather Near Kenosha.

Kenosha, Wis., special: Forty Indians, representing the tribes of the Chippewas, Ottawas, Sioux and Winnebagoes gathered on the slopes of Grass lake, near the Kenosha county line, to commemorate the deeds of the great chief, Louisaan. Hundreds of people came from many points to witness the spear dance and the annual sacrifice, which consists of the slaughter of a white dog by a living chief, and the scattering of the blood about the grave of the dead chief.

MOTH KILLERS A LOTTERY.

Our Grandmother's Cedar Chests the Only Real Preventive.

"Long experience has taught me never to recommend a preventive for moths," said a Lexington avenue druggist who has a window full of all sorts of them. "I have grown gray from women coming around to me in the fall and berating me because moths had eaten their furs in spite of a moth killer that I had assured them was all right. I once took home to my wife a moth bag which I had reason to believe was proof against the pests. She put some treasured apparel away in it, and when she took the thing out it had more holes than a sieve. I had no domestic peace for a month. Now I keep all sorts of moth killers for sale, but I never recommend one. A woman may buy camphor, moth balls, sulphur, moth paper or anything else she pleases, for all I care. As Capt. Cuttle says, it depends on the application of it. But let me tell you, my boy, when you want a dead-sure thing for moths just think of grandmother's old cedar chest. Where to get them now? Aye, there's the rub!"—New York Press.

The Question Answered.

Estill Springs, Tenn., Aug. 24th.—Many questions are being asked of Mr. C. D. Holt of this place in regard to his wonderful recovery. For over two years he has been down with his back. He was so very bad that he could not even lace his shoes, and from this condition he suddenly appeared well and strong as ever. It is no wonder therefore that his friends are asking him "How did you do it?" He tells them all: "Dodd's Kidney Pills did it," and adds "This remedy is a genuine good medicine and one that I can heartily recommend to everybody."

"Everyone around here knows how very bad I was. I was so weak in my back that I couldn't do anything that needed stooping or bending over, and three boxes of Dodd's Kidney Pills made me as you see, as well as ever I was."

"They certainly had a wonderful effect on my case."

The Best Short Sales. James Stillman, president of the National City bank, is a man of few words, but he makes those few count. A famous tip that he is said to have given a friend two months ago has leaked out in Wall street.

The friend in question wrote to him asking for advice concerning the market. He had \$500,000, and wanted to make it a million. Here is the reply of Mr. Stillman, written in lead pencil on a sheet of paper three by four:

"Polo ponies, stem yachts, and Newport villas are the best short sales in the world."—New York Times.

Lorenz Is Snubbed.

A correspondent of the Vienna Zeit writes that, notwithstanding the honors heaped upon Prof. Adolf Lorenz in the United States, hardly any attention was paid to him in Mexico. He was not invited to demonstrate his method, and the local German as well as Mexican doctors kept aloof from him. The Austrian ambassador, Count Hohenwart, however, gave a dinner in his honor.
