Reports From Agricultural Districts Are Considered Favorable.

PLENTY OF WORK IN ALL LINES

Grain Shipments From Chicago Are One-Third Less Than a Week Ago, but Exceed Those of Last Year by Comfortable Margin.

Chicago dispatch: Dun's review of Chicago trade, published by R. G. Dun & Co., says:

"The position of general trade is one of continued steadiness, and is strengthened by favorable reports from the agricultural districts showing progress in farm work and the reopening of an important branch in the steel industry, assuring employment to several thousand men. Harvesting of the crops is well advanced, and the only difficulty in marketing is owing to deficiency in necessary cars, felt most throughout the Southwest. Gain appears in the receipts of leading products, except wheat, which shows disappointing volume.

Retail Buying Is Good. "Distribution of merchandise remains as large as in the corresponding week of last year, and consumption shows little change, the buying in retail lines being of the best and very strong in wearing apparel and other necessities. Considerable business in staples is handled by jobbers, and the mail order houses are tested to the full capacity of their working forces.

"Labor is fully employed, new demands for factory products equal expectations, and the freight movement in all directions is as heavy as hitherthe best of climates, and produces fruits, vegetables, wheat, cats, corn, cotton, peanuts and potatoes, with good markets. Grain Sh!pments.

"Grain shipments for six days, 4. 327,033 bushels, are 30 per cent under the previous week, but largely in excess of a year ago. Dealings in the pits are less animated and prices are influenced in the leading cereal by increased Argentine shipments to Europe. Domestic buying of wheat is good and helps to maintain the price. which closed the same as for the previous week. Coarse grains included few important transactions and the closing shows declines in corn fiveeighths of a cent and oats half a cent. Sales of provisions were parrower. ribs showing the most weakness and declining 50 cents. Pork and lard are in liberal supply and each 20 cents lower. Live stock receipts, 341,004 head, are 4 per cent over the corresponding week of 1902. The supply was well absorbed by packers and shippers and choice beeves improved 20 cents per hundred weight. Sheep and hogs turned weak, both losing 25 cents in value.

Financial Conditions.

"Financial conditions are easy and not affected by speculative operations. The banks carry strong reserves and have fewer loans on securities than formerly. Currency requirements for crop moving purposes are not exceed ing the normal point, and the best commercial paper discounts at 6 per cent, the offerings being readily taken.

AN ANECDOTE OF DISRAELI.

Statesman's Adulation Staggered the Fair Recipient.

On one occasion this habit of exaggerated adulation led to so bold an attempt by the fair recipient to turn it to her advantage that he was driven to save the situation in a way that was very far from being appreciated. The charmer, a young lady of "advanced views," finding the great man so exceedingly profuse in his attentions, thought it an excellent opportunity for making him a convert to her utopian ideals, which were of the most daringly democratic order. After a long recitation of her propaganda she wound up with a fervid appeal to the prime minister to immortalize himself by espousing her ingenious panacea for remedying the wrongs of humanity! As she finished her impassioned harangue, with flushed cheeks and flashing eye. Disraeli, who had been silently watching her with apparently the profoundest sympathy and admiration, suddenly dropped his eyeglass and softly murmured, "Oh, you darling:" "If it had been at dinner," she afterward declared, "and I had had a knife, I would have stabbed him!"-Blackwood's.

The McBride Case Again. St. John, Kans., Oct. 26.-Mr. and

Mrs. William McBride and Jesse L. Limes. M. D., have gone before Mr. George E. Moore, Notary Public, and have sworn and subscribed to written ctatements confirming the story of the awful illness and subsequent cure of the little son of Mr. and Mrs. Mc-Bride.

Dr. Limes is particularly emphatic in his statement, and there does not row seem to be any room for doubt as to the fact that Dodd's Kidney Pills, and nothing else, raved the little boy.

He was so bad that he had Epileptic spells which seized him with increasing frequency. He was semi-paralyzed in the right side, and his mind was nadly affected.

In their sworn statement, Mr. and Mrs. McBride say:

"The very day we began to use Dodd's Kidney Pills our boy had twen-1y-seven of these Epileptic spells or fits. In less than a week he ceased having them entirely."

The case has caused a great sensaon in the neighborhood. The sworn statements have confirmed the whole

A PROMINENT CHURCH WORKER SAYS SHE OWES HER LIFE TO PE-RU-N

Mrs. Hattie La Fountain, Treas, Protected Home Circle and Catholic Ladies of Ohio, writes from Galion, O., as follows:

"After my first child was born I suffered for several months with bearing down pains accompanied by dreadful headaches. I was afraid my health was ruined for life, and felt very downcast about it. One day when a friend was visiting me she told me of Peruna and what it had done for her when she suffered with irregular menstruation. My husband procured a bottle the same evening and I began to take it daily according to directions. Before the first botto was used I was entirely well, and you certainly have one grateful woman's blessing. I have also advised my friends to use it."

HER GREAT FORTUNE.

A Woman Saved From Life-Long Misery and Made Happy and Useful.

A woman confined to the house for several years with a chronic female derang ment had finally given up hope of bein

She had tried physician after physician. and remedy after remedy, without any permanent improvement.

Her treatment had cost her husband, who was a poor man, hundreds of dollars. They had been obliged to deny themselves many comforts of life in order to get money enough to pay the physicians.

The woman had become weak, nervous and wretched, and scarcely able to keep out of her bed. Her children were grown ing up neglected and ragged because of the want of a mother's care. Her husband was becoming discouraged and broken down with overwork.

Picking up the paper one day she happened to read an item which contained the news that Dr. Hartman would treat such cases free of charge by letter. She immediately wrote the doctor describing her case, and giving him all her symptoms.

She soon received a letter telling her exactly what to do, and what medicines and appliances to get. She legan the treatment (the principle remedy Leing Peruna) at once, and in a few weeks she was well and strong again, alle to do her own work.

This offer of free teme treatment to wemen is still open to all who may need the services of this eminent physician. All letters applying for treatment will be promptly answered, and be held strictly confidential. The coctor said my nervous system was out of order but his prescriptions didn't seem to relieve me. I was told that Peruna was good for building up the nervous system. After using it for two months I know now that it is. I want to say that it made a new woman of me. The torturing symptoms have all disappeared and I feel myself again. Peruna did me more good than all the other medicines I have taken, "
