THREE YEARS AFTER.

Eugene E. Lario, of 751 Twentieth avenue, ticket seller in the Union for tion, Denver, Col., says:

You are at liberty to sepeat what I first stated through our Denver papers about Doan's Kidney Fills in the summer of 1899, for I have had no reason in the interim to change my opinion of the remedy. I was subject to severe attacks of backache, always aggravated if I sat long at a desk. Doan's Kidney Pills absolutely stopped my backache. I have never bad a pain or twinge since."

Idest Daughter of Former President Is Victim of Diphtheria.

PWEAK HEART HURRIES DEMISE

Many Messages of Condolence Find Their Way to the Grief-Stricken Parents at Their Home In Princeton-Schoolmates Mourn Heraboss.

Princeton, N. J., Cleveland, the eldest aughter of former President Grover Cleveland, died here Thursday. An unexpected weakening of the heart during a mild attack of diphtheria was the cause of her sudden demise.

Mr. Cleveland and his family are grief-stricken over their loss. Mrs. Cleveland is prostrated. Hundreds of messages of condolence were received. The private school which Miss Ruth attended has been closed out of respect for the dead girl,

John Finley, president of the College of the City of New York, an intimate friend of Mr. Cleveland, was summoned as soon as Miss Cleveland died, and at once started for Prince-

The funeral services were held at the Cleveland home, and were conducted by the Rev. Maitland Bartlett. Mr. Cleveland, with Mr. Finley, Andrew West and a few intimate friends, accompanied the body to Princeton cemetery.

Death Due to Diphtheria. Miss Ruth was ill but four days, her sickness starting with a slight attack of tonsilitis and developing into a mild case of diphtheria. Dr. Wyckoff, the family physician, was in constant attendance on her, and the disease seemed to have been checked. Late Wednesday night, however, a change came for the worse, and she sank rapidly. She had never had any serious illness before.

Miss Ruth was 12 years old, and for several years after her birth was the most popular baby the United States ever saw. She was born at 961 Madison avenue, Mr. Cleveland's New York home, on Oct. 3, 1891, and the whole country was intensely interested in her and her mother, formerly the beautiful Frances Folsom. All over the land she was known as "Baby Ruth," and gifts were sent her by thousands of admirers of her father.

Was Companionable Child. Miss Ruth was a bright, companionable girl, and inherited her mother's personal beauty and charm of manner. Her father insisted that all his chil-

dren be raised in a democratic way. and the "little Clevelands," as they have always been known in Princeton, made friends with their young neighbors, and could be seen playing in the street with the children of less distinguished parents. They were dressed simply and taught to have no false

Miss Ruth had a governess until she was old enough to attend a private school kept by Miss Fine, a sister of one of the Princeton professors.

Drove in Pony Cart. A friend presented her with a peny cart and Shetland pony and Miss Ruth, driving out with her younger sisters and brother, was a pretty pioture seen often in the Princeten

Diphtheria caused much uneasiness in the Cleveland home in May, 1961, when little Miss Esther, who was born in the White House, contracted the disease from a playmate. None of the other Cleveland children caught it, but the home was quarantized.

There are four other children in the Cleveland home. Miss Rether was 10 years old last September. Miss Marion was born at Gray Gables July 7, 1895. Richard Folsom Cleveland 1 5 years old, and Francis Grever Cleveland, named after his father mother, was born last August.

He has fe

Boldt, the proprietor of the Waldorf-Astoria, in New York, and of the Bellevue, in Philadelphia, began life very humbly as a waiter.

Mr. Boldt described the other day his first experience at waiting.

"An old man came into the restaurant," he said, "and, as it was evident he was a countryman, the proprietor told me I might look after him. So, for the first time in my life, I presented a menu and took an order. The old man's order, I remember well, was ham and eggs and buckwheat cakes.

"After I had brought these viands, I took my station behind the old man's chair, so as to be ready to fill his glass, change his plate, and so "But it seems he didn't like me to

stand there. He fidgeted about a bit, and then he turned and said with a black frown:

"'Say, young feller, what are yer standin' there in back o' me fur? Do ye think 'Im going to steal the sil-

A Physician's Statement.

Yorktown, Ark., Jan. 11.-Leland Williamson, M. D., one of our cleverest physicians, has made a statement, endorsing Dedd's Kidney Pills and saying that he uses them in his daily practies in preference to any other Kidney medicine. His statement has created a profound sensation, as it is somewhat unusual for a physician to publiely endorse anything in the shape of a patent medicine. Dr. Williamson

"After twenty years' practice in a sickly and malarious country I have come to the conclusion that it is always best to use the remedy that will relieve and cure my patients, whether ethical or not.

"I have used Dodd's Kidney Pills with uniform success in the various forms of Kidney Disease, Pain in the Back, Gout, Rheumatism, Inflammation and Congestion of the Kidneys and all kindred diseases; I always prescribe Dodd's Kidney Pills in such cases and can testify that they invariably restore the Kidneys to their normal state and thereby relieve the blood of accumulated poisons, producing prompt and effective cures."

Their Daily Bread. Even the poor in the United States and England eat white bread. In most of the continental countries of Europe rye bread is the staple. The Russians eat buckwheat. The Laplanders have a bread made of oaten meal mixed with pine bark, and the Icelanders make their flour from lichens. Banana flour is used in the South Sea islands.

A Lesson in Advertising. In their 1904 calendar, N. W. Ayer & Son have adhered to their popular conception of a business calendar, but have changed the design and coloring. size is the same, about 14x28 inches, with arge readable dates, but the clay moddesign printed in sepla tints, gives prominence to their well-known "Keeping Everlastingly At It husiness people, and most other people, to have before them throughout the year. Requests for this calendar addressed to heir Philadelphia office, accompanied by 25 cents to cover cost and postage, will be taken care of for the present.

disonses.

SAAC BROCK, a citizen of McLennan county, Texas, has lived for 118 years. For many years he resided at Rosque Falls, eighteen miles west of Waco, but now lives with his son-in-law at Valley Mills, Texas.

A short time ago, by request, Uncle Isaac came to Waco, and sat for his picture. In his hand he hold a stick out from the grave of General Andrew Jack-son, which has been carried by him ever since. Mr. Brook is a dignified old gen-tionan, showing few signs of decrepi-tude. His family Bible is still preserved, and it shows that the date of his birth was written 115 years ago.

Surely a few words from this remarksble old gentleman, who has had 115 years of experience to draw from, would be this remarkable old man in the Waco Times-Herald, December 4, 1898. A still more pretentious biography of this, the oldest living man, illustrated with a double column portrait, was given the readers of the Dallas Morning News, dated December 11, 1898, and also the Chicago Times-Herald of same date. Ohio,
