

A Professional Nurse Tells Her Experience With Doan's Kidney Pills.

NEW GOLD DISCOVERY IN THE ALASKAN FIELDS

Placer Creeks Exist at the Head of White River, West of Tanana, and in Western Streams.

Tacoma, Wash., special: New gold discoveries prove the existence of a second gold zone traversing the British Yukon and Alaska and lying considerably southward of the first discovered zone...

Foster-Milburn Co., Buffalo, N. Y.

Gentlemen—I heartily wish those who are suffering from backache and disturbed action of the kidneys would try Doan's Kidney Pills. As was the case with me, they will be more than surprised with the results.

Gold has been discovered on the Susitna and other streams of western Alaska, while still other placers are being worked on Bristol bay.

The second gold zone apparently extends from near White Horse, at the head of Yukon navigation, along the northern foot hills of the McKinley mountain range and thence westward to Cook Inlet and Bristol bay, a distance of 2,000 miles.

Identified.

Joseph H. Manley of the national Republican committee lives in Augusta, and in an Augusta store the other day he had an odd experience.

Mr. Manley entered this store to buy an umbrella for the cashier of the Augusta Savings bank, of which he is president.

"Good morning, Mr. Manley; an umbrella," said the clerk. "Well, I am sure we can suit you in an umbrella nicely."

He ran his hand over the umbrellas on the counter, and, selecting one at random, he opened it, and said:

"Now here is an umbrella that is an umbrella. The silk is rich and heavy and durable. The handle of cherry is simple and in good taste. The man who carries an umbrella like this one can't go wrong."

"I quite agree with you," said Mr. Manley. "That is my umbrella, I just laid it down."—New York News.

Explanation Simple.

The pupil was reading from Bryant's "Thanatopsis." "Thou shalt lie down with patriarchs of the infant world," she read.

The teacher interrupted her. "What does the latter part of that sentence mean, 'patriarchs of the infant world'?" she asked.

The pupil looked troubled a moment, then light broke in on her. "Why, I guess I know," she replied. "I think it means something about second childhood."—New York Times.

SURE

The Robust Physique Can Stand More Coffee Than a Weak One.

A young Virginian says: "Having a naturally robust constitution far above the average and not having a nervous temperament, my system was able to resist the inroads upon it by the use of coffee for some years but finally the strain began to tell."

"For ten years I have been employed as telegraph operator and typewriter by a railroad in this section and until two years ago I had used coffee continually from the time I was eight years old, nearly 20 years."

"The work of operating the telegraph key is a great strain upon the nerves and after the day's work was over I would feel nervous, irritable, run down and toward the last suffered greatly from insomnia and neuralgia. As I never indulged in intoxicating liquors, drugs or tobacco in any form I came to the conclusion that coffee and tea were causing the gradual break-down of my nervous system and having read an article in the Medical Magazine on the composition of coffee and its toxic effect upon the system, I was fully convinced that coffee was the cause of my trouble."

"Seeing Postum spoken of as not having any of the deteriorating effects of coffee I decided to give up the stimulant and give Postum a trial. The result was agreeably surprising. After a time my nerves became wonderfully strong, I can do all my work at the telegraph key and typewriter with far greater ease than ever before. My weight has increased 35 pounds, my general health keeping pace with it, and I am a new man and a better one." Name given by Postum Co., Battle Creek, Mich.

EQUAL TO THE EMERGENCY.

Colored Walter Overcomes the Deficiencies in His Early Education.

A little story illustrative of the ingenuity of some colored waiters when they are really "up against it" is told by Moncure Burke, secretary to Engineer Commissioner Biddle at the District building.

"I went into a near-by pie-garden the other day," says Mr. Burke, "and ordered a sandwich and cup of coffee. It is one of the rules of this food emporium that the waiter shall write the order on a little slip of paper and put the price opposite. The check is then paid to the cashier at the desk."

"When I had finished my light repast I picked up the slip placed on the table by the waiter and, glancing at it, saw written thereon: 'Pie, 5c.' 'Coffee, 5c.' 'I called to the waiter in curiosity: 'Hey, John, I didn't have any pie, I ate a sandwich.' 'That's all right, boss,' he replied, 'pie and sandwich is both the same price, and I ain't so good on spelling that sandwich.'"—Washington Star.

Three Doctors' Opinions.

Buffalo, N. Y., Feb. 16th.—Physicians have accepted Dodd's Kidney Pills as the standard remedy for diseases of the Kidneys and kindred complaints. R. H. Dunaway, M. D., of Benton, Ill., says:

"Dodd's Kidney Pills cured me of Diabetes after everything else had failed and I was given up to die. I have since prescribed them in my regular practice for every form of Kidney Trouble and have never as yet known them to fail."

Jesse L. Limes, M. D., St. John, Kansas, says:

"I prescribed Dodd's Kidney Pills for the little daughter of Mr. and Mrs. McBride of this place who suffered from Epileptic fits following Scarletina; results were miraculous; I have never seen anything like it."

Leland Williamson, M. D., Yorktown, Ark., says:

"Dodd's Kidney Pills are the best medicine I know of for all forms of Kidney Disease. I believe in using the remedy that relieves and cures my patients, whether ethical or not and I always prescribe Dodd's Kidney Pills and can testify that they invariably accomplish a permanent and perfect cure of all Kidney Complaints."

FOR THIRTY YEARS

Congressman Meekison Suffered With Catarrh—Read His Endorsement of Pe-ru-na.

CONGRESSMAN MEEKISON, OF OHIO.

Hon. David Meekison is well known, not only in his own State but throughout America. He began his political career by serving four consecutive terms as Mayor of the town in which he lives, during which time he became widely known as the founder of the Meekison Bank of Napoleon, Ohio.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquerable foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peru-na came to the rescue, and he dictated the following letter to Dr. Hartman as the result:

"I have used several bottles of Peru-na and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, ex-member of Congress.

THE season of catching cold is upon us. The cough and the sneeze and nasal twang are to be heard on every hand. The origin of chronic catarrh, the most common and dreadful of diseases, is a cold.

This is the way the chronic catarrh generally begins. A person catches cold, which hangs on longer than usual. The cold generally starts in the head and throat. Then follows sensitiveness of the air passages which incline one to catch cold very easily. At last the person has a cold all the while seemingly, more or less discharge from the nose, hawking, spitting, frequent clearing of the throat, noise stopped up, full feeling in the head and sore, inflamed throat.

The best time to treat catarrh is at the very beginning. A bottle of Peru-na properly used never fails to cure a common cold, thus preventing chronic catarrh.

While many people have been cured of chronic catarrh by a single bottle of Peru-na, as a rule, when the catarrh becomes thoroughly fixed, more than one bottle is necessary to complete a cure. Peru-na has cured cases innumerable of catarrh of twenty years' standing. It is the best, if not the only internal remedy for chronic catarrh in existence.

But prevention is far better than cure. Every person subject to catching cold should take Peru-na at once at the slightest symptom of cold or sore throat at this season of the year and thus prevent what is almost certain to end in chronic catarrh.

Mrs. A. Snedeker, Cartersville, Ga. writes:

"I saw that your catarrh remedy, Peru-na, was doing others so much good. I would try it and see what it would do for me. My case is an old one and I have none of the acute symptoms now, because I have had the disease so long that I had none of the aches and pains, but a general rundown condition of the whole body—sore nose and throat and stomach. I had a good appetite but my food did not nourish my system. I had come down from 140 to about 75 pounds in weight. I now feel that I am well of all my troubles."—Mrs. A. Snedeker.
