It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

Fits perfectly, comfortably, does not show.

190-Page Book Free Tells All About It

Since the discovery of a Louisville man it is

no longer necessary for any deaf person to carry a trumpet, a tube, or any such old fashloned

device, for it is now possible for any one to hear perfectly by a simple invention that fits in the ear and cannot be detected. The honor

belongs to Geo. H. Wilson of Louisville, who

was deaf himself and now hears as well as any

one. He calls it Wilson's Common Sense ear drum, is built on the strictest scientific princi-

ples, containing no metal of any kind. and is

entirely new in every respect. It is so small

that no one can see it, but, nevertheless, it col-

lects all sound waves and diverts them against the drum head, causing you to hear perfectly.

It will do this even when the natural ear drums are partially or entirely destroyed, perforated,

scarred, relaxed or thickened. It fits any ear

It will cure deafness in any person, no mat-
