THURSDAY, MAR. 10, 1904.

The DaPage county republican convenion will be held at Wheaton Saturday afternoon, March 19, at 1:80 o'clock. The convention will purtake of the nature of a love fourt more than anything else and will merely ratify the people's choice in nominating the county officers. Without contion there is but one candidate for each of the offices to be filled. For the position of county attorney, Howard H. Goodrich of Naperville will be nominated by acclamation. He is especially well fitted for the position, and every one in the county concedes his nomination. For frence clerk, Thos. H. Hull of Wheaton, has a clear field and his nomination will be made unanimously. He is a capable and deserving member of the party and has served as recorder and clerk for many years, where he has shown marked ability for the position which will be re-awarded him. Newton E. Matter of Wheaton, the present county coroner will be retained in the position. He has made the county a faithful and acommodating official and as such will be henored by again being made the nominee. For surveyor, Geo. H. Wilson of Hinsdale, is the only candidate who is spoken of. The convention will undoubtedly pass resolutions endorsing Guy L. Bush of Downers Grove for a member of the lower house of th general assembly and the delegates to the senatorial convention will be instructed for him. Resolutions will also be passed endorsing Capt. T. S. Rogers for the state board of equalization, and the congressional delegates will be instructed for him.

Farmers are apprehensive of the condi tion of the country roads when the spring thaw comes. The frost is so deep that it will take it a long time to leave the ground and meantime the water confined in the tipper layers which the frost has left, wi make mud. This will be mired by the wheels of vehicles and the hoofs of animals to a great depth, depending on the length of time it takes for the frost to entirely leave. It is feared that the unimproved highways will be almost impassible when the frost breaks. Then, too, there have been rains and snows and the ground frozen dry only on the serface, leaving much water in the lower layers. There will be much inconvenience experienced when spring opens.

**FLUNOIS AT THE WORLD'S FAIR.** 

The past week has seen marked advancement toward perfecting the work for the Illinois displays at the world's fair, so that the commissioners see things steadily senming more entisfactory form.

A large part of the material for the special corn exhibit was got together through the general corn competition at the state farmers institute at Decatur, at which ore than 50 entries of the finest corn of he state were made as a nucleus for the St. Louis corn exhibit.

In the meantime the state commissioners mee taken up the space in the agriculture allding in which their exhibit is to be de, and have abandoned the space first nontemplation. The new position will as favorable to the state as the one oned, and will save probably \$10,-

Example of bacteris from dairy barns, daries and creamories, and of the dirt which falls into milk during the milking process will be shown in the exhibit on milk contamination. The whole exhibit will be worked out elaborately for educational purposes and will touch every feature of dairying upon its theoretical eide.

The preparation of the mines and minerale exhibit of the state is progressing well and will be much more complete and elaborate than the committee and its superintendent originally believed it could be

The athletic trainers at the state university have begun to prepare an exhibit of athletics, something which was not contemplated until very recently. It will embrace athletic records, photographs of famous athletes of the institution and of players and athletes in action. Worked up as planned it will be something entirely unique.

RESOLUTIONS OF SYMPATHY.

At the meeting of the board of education, March 1, the following resolution

was passed: Whereas, we, the members of the board of education of district No. 58 have learned with profound regret of the death of Miss Sarah A. Holland who for fifteen years has been a teacher in the public schools of Downers Grov and who, though relieved from active service on account of ill health, was still a member of the corps of teachers,

Whereas, in the opinion of the members of this board Miss Holland, by her efficient and faithful service, has in a very high degree left the impress of her personality for good upon the character of hundreds of the young people of this community and her death therefore brings a sense of personal loss to entire community.

Be it therefore resolved that the sympathy of the members of this board be extended to her stricken parents, Mr. and Mrs. John Holland and family and as a work of respect to her memory the public schools of this district be closed upon the afternoon of Wednes day, March 2, 1904, being the occasion of her funeral, and that the members of this board tegether with the corps of teachers attend the funeral of the deceased in a body.

Be is further resolved that a copy of this resolution be sent to the family of Miss Holland, that it be spread upon the records of the board of education and that a copy be furnished the village paper for publication.

"My wife had a deep-seated cough for three years. I purchased two bottles of Ayer's Cherry Pectoral, large size, and it cured her completely."-J. H. Burge, Macon, Col.

Probably you know of cough medicines that relieve little coughs, all coughs, except deep ones!

The medicine that has cured the worst of deep coughs for 60 years is Ayer's Cherry Pectoral.

Three sizes: 25c., 50c., \$1.00. Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows.
