A half hour passed. Senator Cockrel was enduring the pangs of hunger. "What became of the boy who went after my apples?" said he to Barney Layton.

The lad, entirely unsuspicious of anything amiss, was summoned into the Senator's presence. He explained invitations or announcements, that he thought the apples were his home and visiting cards. We can reward for delivering the message. He show you samples and quote prices. had eaten them.

The frugal Missourian saw the joke in the situation. He could not restrain a laugh. Being out one luncheon, he resumed attention to the Senate proceedings and bided his evening meal. | tion. --- Washington Post.

Cruel Punishment Prohibited.

The king of Italy has signed a decree abolishing the use of the straitjacket for punitive purposes in all the prisons of the kingdom. This reform is a direct result of the notorious D'-Angelo case at the Regina Coeli prison in Rome, where the prisoner, whose guilt was dubious, died while undergoing this species of torture

LOUISVILLE MAN ORIGINATES A SIMPLE LITTLE DEVICE THAT IN-STANTLY RESTORES THE HEARING Fits perfectly, comfortably, does not show.

190-Page Book Free Tells All About It.

Since the discovery of a Louisville man it is no longer necessary for any deaf person to carry a trampet, a tube, or any such old fashioned device, for it is now possible for any one to hear perfectly by a simple invention that fits in the ear and cannot be detected. The honor belongs to Geo. H. Wilson of Louisville, who was deaf himself and now hears as well as any one. He calls it Wilson's Common Sense ear drum, is built on the strictest scientific principles, containing no metal of any kind, and is entirely new in every respect. It is so small that no one can see it, but, nevertheless, it col lects all sound waves and diverts them against the drum head, causing you to hear perfectly. It will do this even when the natural ear drums are partially or entirely destroyed, perforated, scarred, relaxed or thickened. It fits any ear from childhood to old age, and aside from the fact that it does not show, it never causes the hearer irritation, and can be used with comfort day or night.

It will cure deafness in any person, no matter how acquired, whether from catarrh, scarlet fever, typhoid or brain fever, measles, whooping cough, gathering in the ear, shocks from artillery or through accidents. It not only cures but stays the progress of deafness and all roaring and buzzing noises. It does this in a simple, sure and scientific way. The effect is immediate. Let every one who needs this at once send to

the company for its 190 page book, which you can have free. It describes and illustrates Wilson's Common Sense ear drums and coutains many bona fide letters from numerous users in the United States, Canada, Mexico, Entire Building of 8 Floors England, Scotland, Ireland, Wales, Australia, DEVOTED TO THE PURPOSE November and December. New Zealand, Tasmania, India. These letters are from people in every station of life-clergy mes, physicians, lawyers, merchants, society ladies, etc., -and tell the truth about the benefits to be derived from the use of this wonderful little device; you will find among them the names of people in your own town or state and you are at liberty to write to any of them you wish and secure their opinion as restoring the hearing to its normal condition.

Write today and it will not be long before you are again hearing. Address, for the free book and convincing evidence, Wilson Ear Drum Co., Todd building, Louisville, Ky., U
