ESPER YEAR STRICTLY CASE IN ADVANCE Estated at the P. O. at Downers Grove, III. as second class mail matter.

TELEPHONE DOWNERS GROVE 563.

THURSDAY, MAY 5, 1904.

The village board has announced its intention of rigidly enforcing the ordinance concerning dogs this year. Pay your dog tax and buy a muzzle for him.

Now that the library maintenance proposition has carried let the proper authorities see that the will of the people is carsied out. Don't let the matter stop here for want of a little hustling.

first official acts order a complete sanitary sewer system for the village. For this aloue, even if no other legislation is enacted during the year of benefit to the village, the board will have wen the approval of all progressive citizens.

Hinsdale narrowly escaped a fire panic in one of its public places of amusement last week, which reminds us that it would be well if the provisions of the resolutions recently passed by the Downers Grove village board for reducing danger in cases of fire were speedily complied with.

Tramps, the annual bane of the housewife, are becoming numerous in the lage as the season advances. They are as a rule insolent and insulting, in some stances even threatening, when their mands are not complied with. The feet plan is to keep the door locked unchain the dog.

The REPORTER again wishes to direct the attention of the village board to that villatnous piece of rotten wooden sidewalk on West Curties street west of the Congregational church, as well as to the condition of the foot bridge over the creek. It's a disgrace to the village that these remain standing in their present condition. The bridges should be replaced with nev structures with iron handrails and cement walks built leading up to them. There is money in the street and alley fund and this improvement should be ordered before it is exhausted. The walks are patched and rotton and the bridges ar eickety and unsafe.

The proposition of having all hanging of eximinals in the state of Illinois take place in the Illinois state penitentiary Joliet is agitated by the people, and since the carrying out of the punishments the car barn bandits, Sheriff Barrett other Cook county officials are interesting the sheriffs in all of the counties of state in getting a law passed to that effect The almost successful aftempt of Peter Naidermeier, the car barn bandit, to cheat the gallows, in spite of the closest watch which the facilities of the county jail perhas resulted in a determined mo vement to have all hangings in Illinois take place at the state's prison in Joliet. With the change in the place of hangings may also be ask the institution of the electric chair instead of the gallows. is only a secondary consideration at the present time. What is wanted at first in to relieve sheriffs of the custody of con demned men, whom they are required to house in county jails, where the facilities for earing for them are inadequate. County jails are intended for the housing of minor prisoners under sentence, and others awaiting the processes of the law, and therefore severe rules of discipline or in the control of visitors are not feasible. The repeal, years ago, of the law which gave a fee of \$500 for each execution, it is believed, takes away the last incentive which might induce a sheriff to hang prisoners.

WEEKLY CROP BULLETIN

The weather conditions were not alto gether favorable during the week. The first part was generally wet and cold, with a minima at 82 degrees. Rainfall with heavy measurements covered the state on the 25 and 28. In the southern district damage ensued from washouts. The temperature was below the seasonal average and vegetation made slow growth. The letter part of the week was favorable for form work, and rapid progress was made. Onta are practically all sowed. The crop in a promising condition and many Selds are up and showing green. Wheat meeds sunshine and warmth, but the crop shows decided improvement. Rye and barley are in a promising condition. Plowing for corn was retarded by heavy rains, out union untoward conditions arise much planting will be done during the ming week. Pastures and meadows see backward. Stock is in good condiand but is still being fed on account of iciency of pasturage, The outlook or fruits is more assuring. An average id of apples, pears and plums is generg compaded, but peaches have been maged in many localities and killed outothers. Strawberries are in bloom the promise of a good yield. Glen Ellen Will Have Water Works-Forcible Entry Suit Settled-Burlington to Renumber Cars-Other News of the County.

The inter-collegiate oratorical contest embracing Lake Forest college, Lombard college of Galesburg, Northwestern college of Naperville and Wheaton college contested for prizes amounting to \$130 All of the contestants-two from each college-are prize winners in their respective colleges, and the contest was one of unusual interest. The musical part of the program was furnished by Prof. Wrightson's orchestra. The remarkable contest, which will not again occur in Wheaten for four years, was held in the Gary Memorial church Friday evening, April 29th.

A forcible entry and detainer suit was The new village board will, as one of it's tried before Justice Hadley last week Thursday and Saturday. The case came from Lisle with Frank Haumesser as plaintiff and J. H. Schwartz defendent. A jury was summoned to pass on the merrits of the case and a galaxy of leading lawyers furnished the legal information. The verdict of the jury was in favor of the defendent. A good many valuable pointers were gained by the jury in connection with their renumeration. None of them would care to earn a livlihood serving as jurors in a lustice court.

Petitions are being circulated asking that the question as to whether the state primary law shall be adopted in county be submitted to a vote. The supporters of the movement say that there now little doubt that the matter will voted on at the general election in vember. In a general way the primary law calls for the adoption of the Australian principle to the primary. Itlegal votting is punished and strict rules are plied to the holding of cancuses throughout the county. Why wouldn't this be good thing for DuPage county?

The Burlington railway has undertaken the stupendous task of renumbering their freight cars and other rolling stock. Nambers on 120,000 cars which include cars that belonged to the roads which the Burlington has acquired during the last year will be changed. Heretofore the road has had what were called system cars, but in the future they will be made straight C. B. & Q. cars, and each one will have a number. It will take three years to com plete the work.

During the terrific thunder storm which visited this locality recently, a barn be longing to Jerry Knealley on the Plainfield county line was struck by lightning and destroyed, together with 14 head of cattle,

" Por 25 years I have never missed taking Ayer's Sarsaparilla every spring. It cleanses my blood, makes me feel strong, and does me good in every way." John P. Hodnette, Brooklyn, N. Y.

Pure and rich blood carries new life to every part of the body. You are invigorated, refreshed. You feel anxious to be active. You become strong, steady, courageous. That's what Ayer's Sarsaparilla will do for you. Ask your doctor what he thinks of this grand old family medicine. Follow his advice and we will be satisfied.

Ayer's Pills aid the Sarsaparilla greatly. They keep the liver active and the bowels regular.
