

News of the Neighborhood

From Wheaton

The tax sale opened on Monday by selling one piece of property in Wayne township. But one piece per day has been sold since, but the sale is liable to start in earnest any morning.

The eleven year old boy who was arrested at Hinsdale for burglary and who has been in jail here, was released on bail last Friday by Justices Smith and Herrick. He is accused of breaking into the C. B. & Q. office and stealing a number of tickets.

The Prohibitionists of Du Page county have been invited to join with the Prohibits of Kane county in their grand basket picnic at Lord's Park, Elgin, July 4th. An excellent program of speeches and music has been prepared. Speeches in the evening.

Stanley H. Phillips, born in Wayne township, Du Page county, Illinois, 1855, died June 4th, 1904, at Nesterton, Oregon. The cause of death was grippe followed by heart failure. He leaves a wife and six children. Mr. Phillips was a Godfearing, self-sacrificing, helpful member of the community in which he lived. He has a sister, brother, and other relatives and friends in this county. He was a son of the late Captain William N. Phillips of the 105th Illinois.

Frank E. Herrick, '90, has been elected Alumni editor of the College Record for the coming year.

Several residents of Naperville paid the sum of \$25 and costs for seining in the Du Page river. A good many fish could have been bought for that sum.—Illinoian.

Waiting for Resignation

Municipal matters at Belvidere have reached a crisis and the resignation of Mayor W. L. Pierce is expected at any time. The mayor has stated that he will resign and the aldermen are waiting for him to do so. In fact, some of the aldermen say they will resign if the mayor doesn't.—Democrat.

Struck by Lightning

The Northwestern Railway company's office in the new yards, was struck by lightning about seven o'clock Monday evening. The chimney was demolished and a hole torn in the roof. Although the night operator and two other employees were at work in the building at the time the bolt descended, fortunately no one was injured.—West Chicago Democrat.

Sprinkle the Streets

The business men are considering the advisability of securing a sprinkling wagon by the day to sprinkle the main streets of Batavia. Unless the entire street is sprinkled the dust is blown about from unsprinkled places almost as badly as if no sprinkling had been done. With the streets in their present condition out door displays by the merchants is almost impossible, and the goods on the shelves suffer from the dust.—Batavia News.

Tent Life for Consumptives

A colony of tent dwellers is to be established on the Illinois river, near Ot tawa, by physicians who hope to cure tuberculosis patients. Arrangements have already been made for thirty acres of land on a high bluff overlooking the river, and, at a small cost, victims of consumption are to be cared for through the year. Patients are to promise before beginning treatment that they will stay until cured, and the estimated time is placed at from nine months to a year. A considerable number of persons are said to be in the party that will make the first consignment to the tent city for the summer and autumn months.—Sandwich Journal.

Pitches Headlong from Car

George Barbicz, of Batavia, fell from a swiftly moving electric car, just south of Geneva, last week, striking his head on some large stones, lying near the track, and receiving serious injury.

Barbicz and two companions were partially intoxicated and remained on the platform; Barbicz standing on the step. A passenger suggested that he be careful and come inside the car, but to this solicitation the fellow replied with a volley of oaths. Hardly had he spoken before the car approached the curve and, with a lurch, the abusive man tumbled from the step, and fell down a ten foot embankment, striking on the stones at the bottom.

The car was stopped and the wounded man was taken on board the work-car, which was following the regular, and conveyed to Batavia. On examination, it was found that no bones were broken, although the victim had received two severe scalp wounds and a bruise on the back, nearly fourteen inches long and three inches wide.—Aurora Beacon.

Mayor Demands Damages

The editor of the Belvidere North-western and three of the leading stockholders of the company, who owns the paper, have been made defendants in a \$25,000 suit for damages, brought by Mayor William Pierce. Mayor Pierce has also sued the Rockford Star for \$15,000; in both cases the amounts being asked as balm for an article published, which did not reflect credit on his honor's manner of managing the financial affairs of the city.—Aurora Beacon.

Firemen Arrive too Late

The hose companies were called out at five o'clock Saturday afternoon to extinguish a blaze which had started in the kitchen of Al Lowe's residence. The four year old son of the family interfered with the fire in a gasoline stove, and the blaze reached to some garments hanging nearby. This spread to the roof of the kitchen, but by timely assistance from nearby neighbors, who soon applied several pails of water, the flames were killed. It was a hot afternoon and the fire boys were somewhat tired when they reached the end of their half mile run, but were in time to see the last pail of water applied to the flames.

The last fire, the 19th, of last February, was in the same vicinity, when Frank Bruner's barn was destroyed.—Sandwich Journal.

Wants to Escape Employer

Imagining that his employer intended doing him an injury, and fearing that bloodhounds were pursuing him, a partially demented lad ran from Ladd to Marselles, a distance of nearly thirty miles, on Tuesday of last week. That night he was taken in charge by the police, who found him acting queerly, sitting on porches at different houses, apparently seeking relief from his imagined foes.

The boy, who says he is twenty-one years of age, gives the name of Henry Lichtle. He says he has been working for a farmer named Fred Knapp, northwest of Ladd.

Lichtle says that he waded every creek he came to, in order to throw the bloodhounds off their scent. He says he never saw any, but frequently heard them near his home.

The peculiar thing is that Lichtle realizes his mental unsoundness, and appears as if pleading for some one to remove the cloud.

From what little could be learned from the boy, he spent his earlier life at the Bureau county poor farm. He says he was there with his mother until nine years old. Whether it was simply a case of poverty is not known.

The boy will be held until the Bureau county authorities or persons at Ladd can be communicated with.—Sandwich Free Press.

STARTLING EVIDENCE

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonsville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c. and \$1.00.

Lost The Use of Arm. Heart Trouble. Could Not Eat, Sleep or Walk. Dr. Miles' Heart Cure Cured Entirely.

"If it hadn't been for Dr. Miles' Remedies I would not be here to write this letter. Two years ago last June I lost the use of my left arm, could not use it and could only move it with the help of my right hand. My heart was so weak I could not sleep nights for smothering spells. I was out of sorts all over and could eat nothing. I grew so weak that I could not walk without staggering like a drunken man and my home doctor said he could do nothing for me. I was in so much pain I was almost wild. I could not take morphine nor opium as they made me worse. So I got to thinking about Dr. Miles' Heart Cure and Nervine and the more I thought about it the more I wanted to try them. I wrote to the Dr. Miles Medical Co. for advice which I followed to the letter. I can say today that I am glad I did as I am a well woman now; can work and can walk two or three miles and do not mind it. I can also use my arm again as well as ever. You do not know how thankful I am for those grand medicines Dr. Miles' New Heart Cure and Nervine. I think Dr. Miles' Remedies are the best in the world, and if I should get sick again I should take the same course. The remedies also helped my daughter Vida so wonderfully that I should have written you before to thank you, but I wanted to be sure that the cure was permanent, which I now know to be the case."—Mrs. Frank Loomis, Allen, Mich.
