it is the duty of a business man to constantly advertise the merchan-sible. dise he has for sale and secure the trade that now goes to the city. It is a well-known fact that people living in suburban towns will go into Chicago and pay more for an article than they can buy it for in the local stores.

For this condition of affairs nobody but the local business men are to blame, in keeping knowledge of their goods from the buying public. The fact that a merchant has a stock of goods and for light housekeeping. Address T offers them for sale at reasonable prices is not going to bring him purchasers. No doubt everybody in Downers Grove knows where every Curtiss & Heartt's. store or office is located and they probably take advantage of them when immediate necessity com pels, but, notwithstanding this fact, a great deal of business goes to the city that our local stores might just as well have.

It is to the advantage of every property owner in Downers Grove to trade at home and build up our local business houses. The RE-PORTER asks the cooperation of the merchants in this direction.
