

Cass Correspondence

John Sinyard is still on the sick list. Mrs. Elmer Oldfield and children are in the city this week. Miss Lena and John Breyer are visiting their parents this week. Homer Andrews is doing some graveling on the Merritt Chilvers road. G. B. Heartt of Downers Grove was visiting at his farm here Monday. Miss Cora Heartt will begin a term of school in Center Cass next Tuesday. Mrs. Charles Oldfield and Mrs. F. L. Heartt visited in Lemont on Tuesday. Two wagonette loads of Epworth Leaguers from Naperville visited Cass last Sunday. Jackson Littleford and family expect to do the sights in the city next Saturday and Sunday. Mrs. Henry Smart was quite sick last Saturday and Sunday, but is much better at this writing. Edgar Fell and family, of Bass Lake, Indiana, are spending a couple of weeks with relatives and friends in Cass and vicinity. Louis Renn has rented the "Mrs. Edgbert Becker farm" for the coming year, and Dick Kreger the "Phoebe Lamb place." Any one having a nice, quiet horse and a peddler's wagon to dispose of would do well to call on Mrs. Charles Oldfield or Mrs. F. L. Heartt. Mrs. Ella Craiguile, of Lyonsville, Illinois, and Mrs. Grace Hawkins, of Lemont, have been attending Mrs. Jesse Oldfield this week. Mrs. Oldfield is some better at this writing.

Local Happenings

Mrs. Heiden has been quite ill for the past week. Allan Barnhart and wife have gone to Beloit, Wisconsin, for a short visit. If you have something to sell let it be known through the columns of the Reporter. Miss Mauda Johnson is expected to return today from a month's visit to her home people in Wataga, Ill. The Illinois Lumber and Construction Company will sell coke manufactured by the La Grange Gas Company. Mrs. Emma Wheeler, who has been resorting in northern Michigan for several weeks, returned Monday in excellent health. Miss Mabel Messner, who has just returned from a trip abroad, was the guest of Mrs. J. K. Rasweiler and Irving Heartt and wife for the past few days. Mrs. R. T. Davis and family, who left here on December 14 of last year for Havana, Cuba, will return about September 15 to make their home in South Deering, near Chicago. A communication comes to hand complaining of a nuisance on north Foote street, but the writer failed to sign the communication. Sign all news or letters for publication. Names will not be disclosed if you so desire. Reverend H. H. Rood and daughter have returned from their outing at Lake Bluff, on Lake Michigan. The outing was much enjoyed. Mr. Rood will not take up his regular pastoral duties till Sunday after next, September 11.

R. N. Strohm, manager of the La Grange Gas Company, was in town on Thursday, making arrangements in connection with the opening of the company's business here. Gas will be ready by September 30. A solicitor will be about in a few days, and those wishing to use this fuel should see that their orders are in. Dr. Gourley had a valuable cow shot while pasturing around the greenhouses of Gollan & Wolf one day this week. In future any one trespassing on this property will be prosecuted; at the same time all should be mindful there is an ordinance prohibiting the use of firearms within the village, and the youths with rifles had better take warning in time. The old real estate and building company that had a charter for this place is about to be closed up and return its charter, we understand. This should not be allowed to happen. The local real estate men, and those who have funds not bringing in good returns, should get together and take over the charter, revise it on a plan so that buildings could be built and modern propositions offered to prospective buyers or a number of rentable houses built. This could be easily done.

The Death of Miss Sayres
Anent the death of Miss Sayres, of Savanna, Illinois, a former resident of this place, and of which brief mention was made last week, the Savanna Journal says:
"Miss Sayres was a graduate of the Northwestern University and had been engaged to teach elocution and physical culture at the Savanna school at the new term this fall. The announcement was learned in Savanna with the deepest regret. Miss Sayres spent several months of this year with her sister and soon became popular with all. She was a beautiful woman, talented and lovable.

She had a happy faculty of endearing herself to those with whom she came in contact. To converse with her one realized that she possessed a brilliant mind, and it was her aim to make use of her talent so that those about her would be benefited. Death is at all times sad, but when it takes the young and beautiful it is doubly so. To the heart broken and despairing relatives it must seem as if a black cloud had obscured the entire heavens. It was as if in midsummer a blighting frost had destroyed the wealth of flowers and plants and left them lifeless and blackened. But it is only another of the mysteries of this life. The taking away of this loved one is but an added link in the golden chain which unites the loved ones on this side of the dark river with those who are singing with the ransomed host on the other side. The friends of Mrs. A. J. Gray, her sister, will tender their heartfelt sympathy to the bereaved relatives in their hour of sorrow."

Souvenir of Downers Grove

Business men who wish to get their announcements in the souvenir brochure of Downers Grove should contract at once. There now only remains a little of the space reserved for those announcements. It will be one of the finest productions ever issued of any suburban town about Chicago. Some thirty or forty of the best views of streets, public buildings and residences in the village have already been made and data is being arranged for a descriptive write-up of the early settlement and historical happenings of the village. The publication will be of sufficient merit to be kept as a souvenir, and many have already had copies reserved for them to send to friends.

Downers Grove Poultry Club

The Downers Grove Poultry Club held its regular monthly meeting on Friday evening, August 19. A change in officers was made on account of E. J. W. Dietz resigning as corresponding secretary, and George M. Kline was elected to fill this position. F. D. Lempke succeeded Mr. Kline on the executive committee. The officers are all working hard to make the first annual exhibition, to be held at the Auditorium, December 12 to 15, one of the best score card shows in the state, and a large exhibit is expected. Frank Heck and George Ewald have been engaged to place the awards. These gentlemen are of high ability and long experience, and the awards will be placed where they rightfully belong. The premium list is now being prepared and numerous valuable prizes will be offered. All persons who are interested in poultry and pigeons should join this club and help make it a success. The dues are but \$1.00 a year. Any information desired may be had by writing the corresponding secretary.

Oil Located in This Vicinity

A fine vein of oil, and plenty of natural gas, has been located here by L. Armonis, of 108 Dearborn street, Chicago. Mr. Armonis is the oil expert who located oil veins at Beaumont, Texas, and in many other parts of the country. He says there is a large vein of oil following the low ground and gulch, from East Grove down through the Rogers' property on the west and south of Dr. Gourley's. He was so much encouraged by his discoveries here last Saturday that he intends returning in the near future to make a more extensive investigation.
