### The Pain Family

You know them; they are numerous, and make their presence felt everywhere. The names of the family are Headache, Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if taken as directed.

"I find Dr. Miles' Anti-Pain Pille an excellent remedy for overcoming head-ache, neuralgia and distressing pains of all sorts. I have used them for the past seven years in this capacity with the best of results."

When a man is dead and buried. the general public soon forgets that he ever lived.

A twentieth century merchant might ju-t as well try to create business by hiring a sandwich-man to parade the silent aisles of a cemetery at midnight as by trusting to a dust-en crusted show window, littered with badly painted and wondrously spelled signs, to attract customers.
