GOOD REASONS.

"If you had to work for a living, why did you come to this country, Becky?" asked an American working woman of a Scotch working woman.

"When I was twenty I went into service in Glasgow and got three dollars a month. That was pretty good pay. Then I went into a handkerchief factory as a box-folder.

"I wrote to a friend who had come over here, and asked her if she advised me to come. She said yes. The first family I lived with here paid me eight dollars a month. It was a hard place, but I had to work in a factory, making buttons on a wheel."

CHILDREN'S DAY AT COUNTY FAIR.

FREE TO TEACHERS AND SCHOLARS.

Schools Will Close So as to Allow the Teachers and Scholars to Attend.

The management of the county fair to be held at Wheaton, September 12, 13 and 14, has generously voted to give every pupil and teacher of the public schools of Du Page county free admission to the fair on Thursday, September 12.

The fair is a very worthy undertaking and will be the biggest thing of the kind ever held in this county. It is much to be hoped that all school officers will see the wisdom of closing their respective schools on the 12th of September in order that the children and teachers may avail themselves of the generous offer of the fair association.

The following resolution was unanimously adopted at the Teacher's Institute of Du Page county at their recent meeting: Whereas, The Wheaton County Fair association has offered free admission to all teachers and pupils of the public schools of Du Page county on the first day of the fair, September 12, 1907, and

Whereas, We believe the entertainment to be given by the said association will be of great educational value and worthy of our co-operation; therefore, be it

Resolved That we, the teachers of Du Page county, assembled in our annual institute, do hereby extend our thanks to the fair association for their kind offer and hope that the several boards of school directors will take such action in regard to closing the schools on September 12, as will enable the pupils and teachers to attend the fair.

ART OF KEEPING COOL.

Some Painters to Be Remembered in Summer Time. When the hot summer days are upon us and it is impossible to change our environment the best help toward keeping cool is to learn to adapt ourselves to it.

The cultivation of peace of mind is the first requisite, says the New York Herald. Next, the essential of a daily bath. A cool bath taken on rising is the best tonic to prepare one for the day's labor and exposure.

By giving ourselves the benefit of our store of common sense, many of us would go forth to the trials of a day in the heat prepared for it by a diet conducive to health.

It takes a lot of courage to enable a woman to admit that she is lonely.

LA GRANGE WINS DOWNERS WILTS.

DOWNERS GROVE BOYS TOO CONFIDENT.

The Decisions Were Bad and Several of Our Players Were Asked to Sell the Game.

With a long string of consecutive victories, the local boys were at last beaten down by a band of irrepressible ball tossers from the sedate little city of La Grange. In a loosely played game here last Saturday by a score of 13 to 9.

On Tuesday evening our local football enthusiasts met at the Reporter office to consider and if possible organize a football team for 1907.
