INTERESTING LECTURE.

BY DR. WILLIAM S. SADLER.

Rev. F. F. Farmiloe introduced the Lecturer and Assured the Audience There Would Be No Disappointment in the Lecture.

Among the most interesting and instructive lectures given in our village this season was the illustrated lecture given by Dr. William S. Sadler, under the auspices of the Chicago Health and Hygiene Society, on Tuesday evening, October 29. The lecturer was introduced quite happily by Rev. F. F. Farmiloe, who assured the audience that, though many expected friends were absent, there would be no disappointment in the lecture. Dr. Sadler proved his complete familiarity with the social condition of our great cities and from personal observation in New York, Chicago and San Francisco as well as other cosmopolitan cities and from pictures taken by himself and wife he showed an appalling and startling conditions prevailing in the territory known as the slums. It seemed almost inconceivable to those who are strangers thereto. It was one of the most graphic and fascinating recitals to which his auditors have ever listened. It deserved and should have had a large hearing. The lecture was given in the interest of the Hinsdale Maternity home for unfortunate women. If ever the doctor and his excellent wife, herself a physician of prominence, come this way again we bespeak for them a large hearing.

The preliminary work of the lecture was done by Mrs. Richmond, of Hinsdale.

Anyone desiring to communicate with Mr. Kellogg may write or call at 90 Gilbert avenue.

There were about thirty-five guests present and among them were three from Hinsdale and two from La Grange. While games were being played in the house, the early part of the evening, some of the boys went out of doors to the rear of the lot and built a large bon-fire. When the fire had died down sufficiently the rest of the young people went out and enjoyed themselves for a half hour toasting marshmallows. The house was decorated with autumn leaves and jack-o'-lanterns and light refreshments were served. Everyone enjoyed themselves immensely and the party broke up about midnight.

MORE WEDDINGS.

BOTH COUPLES HAPPY.

Krout-Booth Wedding in Downers Grove.—DeGroot-Hudson Wedding at Pine Bluff, Ark.

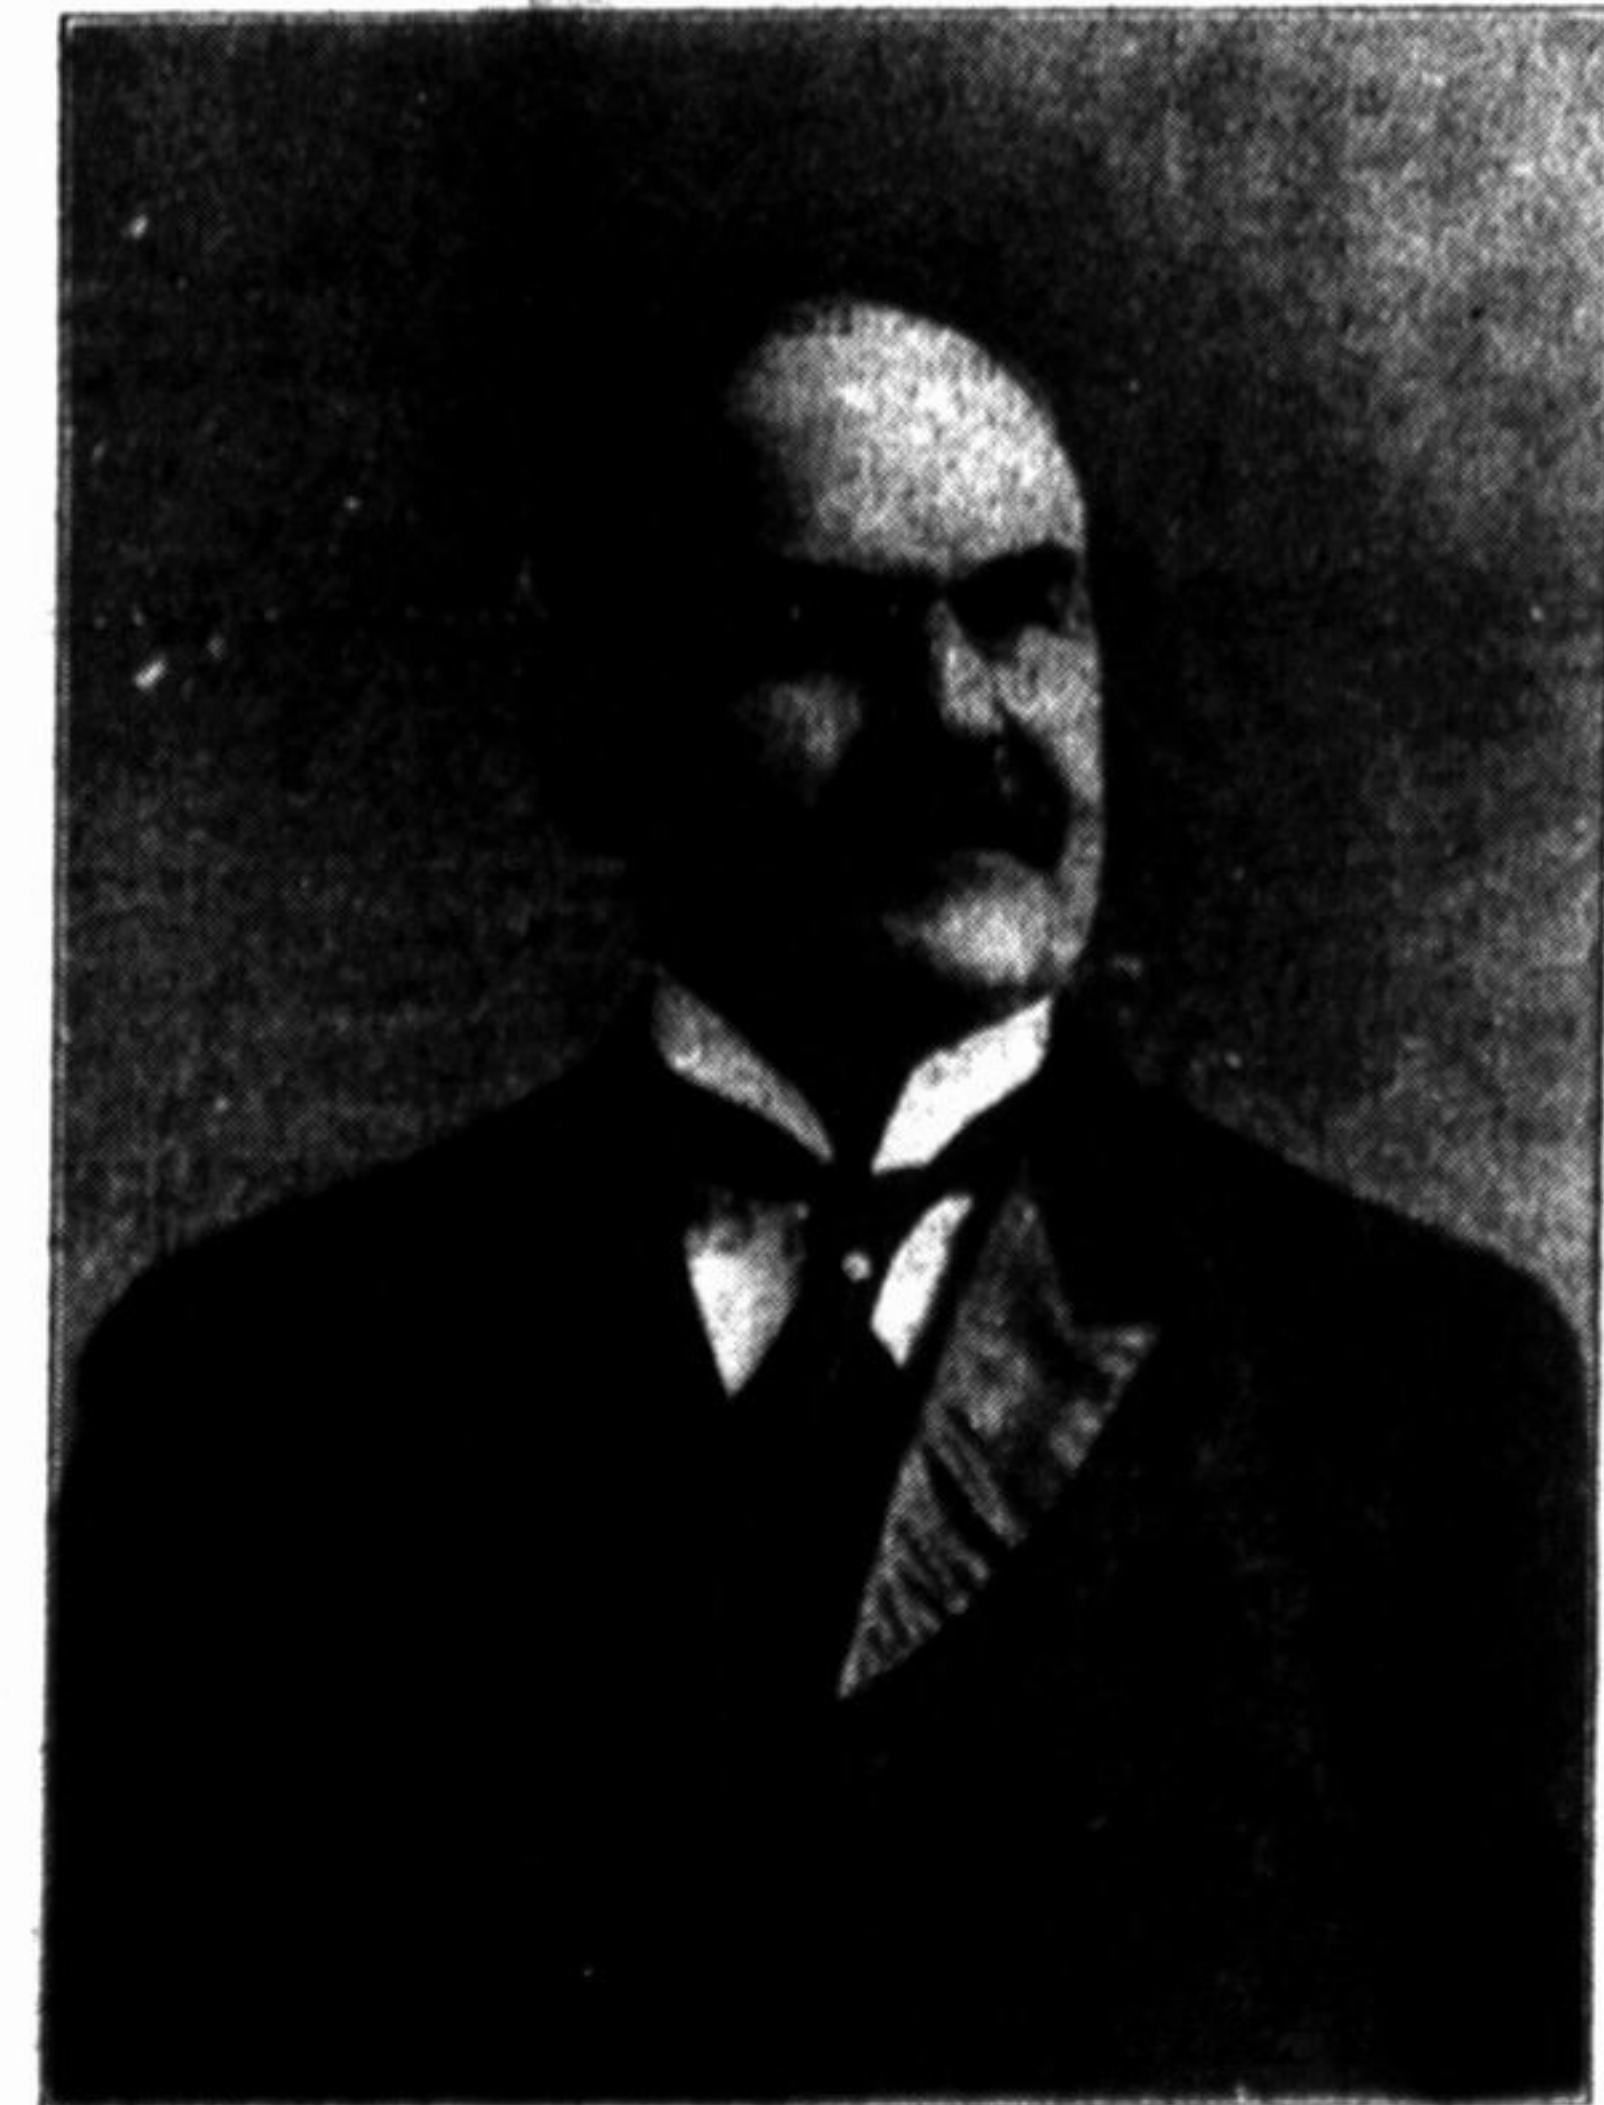

A quiet and unostentatious home wedding took place on Saturday evening, October 26, at the home of Mr. and Mrs. L. H. Clement, 140 Linscott avenue. The contracting parties were Howard Ray Krout and Miss Evelyn D. Booth, of Chicago. The bride is a sister of Mrs. Clement and has been employed in one of the large millinery establishments in the city. She has made her home recently with her sister in this village. The ceremony was conducted by Rev. F. F. Farmiloe, using the impressive and beautiful ritual service of the Methodist Episcopal church. A. R. Furnish, of Sandus, Kentucky, a special friend of the groom, was best man, and Miss Kathryn June Wall, was bridesmaid. The wedding march was played by Miss Della Kirchgasser. Among the guests were Mrs. Kirchgasser, Miss Marie J. Grant and Robert D. Wall, of Downers Grove, and Mr. and Mrs. J. M. Krout, of Chicago. The parlor was very tastefully decorated in red and green, with wedding bells and festoons. The color scheme for the dining room was pink and white. After the ceremony and congratulations, a most sumptuous repast was served, and the happy couple were recipients of many costly and useful presents. Mr. and Mrs. Clement proved delightful hosts, and everybody had a pleasant time. The young couple are held.

At three-thirty o'clock Mr. and Mrs. Detroit, followed by a large number of friends, went to the Union station, where they took the Cotton Belt train for Little Rock and Hot Springs. They will make their home in Muskogee, Indian Territory.

KEEP THE TOWN CLEAN.

Don't Throw Paper on the Street.

It has been the practice of a great many people, particularly upon leaving the post office, to throw envelopes,

ALBERT J. HOPKINS.

letters, and other paper, on the sidewalk, on the ground, or into the street. This practice is not confined to the vicinity of the post office, the main streets, or even to our town. It is also true of other towns, in fact, almost all of them. Nevertheless, that does not concern us at this time.

We believe it is a good thing to protest against the throwing of any paper on the street. No one questions but that the appearance of the streets is not improved by envelopes, scraps of paper, newspapers, etc., scattered around. If every one should throw paper away after this fashion (as they have a perfect right to do, if anyone has this right) there is not a citizen of this village but would openly protest against such a nuisance, and then we'd all quit it.

Now, the remedy is this: Don't throw paper on the street. If you are downtown, place it in the baskets which the good women of our village have furnished for that purpose. If you are not where you can put your waste paper in those baskets, and are compelled to get rid of it in some way, do not throw it where it will be conspicuous. It would be a good thing to keep it, if possible, and put in your own waste basket at home.

A most blame-worthy thing is for an individual to be where he can with a little effort, put his waste paper in the town baskets, and then throw it on the streets because he is too lazy to take the few extra steps, necessary to reach one of them.

Through an error on the part of the publishers, Victor Frobenius was changed in last week's Reporter with Sibley with Will Better. This was most unfortunate, as the water frontage was not the same.
