The people are as good as they are bright and clever. The women are remarkably pure. The men, young and old, possess remarkable self-control. Only those who have lived in the east can realize what this means. Such of the church edifices as we have priests for cannot hold the people who wish to attend divine service. This is why we need outside clergy, and must contione to need them until the native clergy whom we are preparing are ready. Are Patent Medicines Frauds?

We are often asked the above question, and our answer has invariably been that no medicine that gives satisfactory results could be fraudulent. We could not afford to sell fraudulent medicines. Our business depends on pleased customers-in fact any business does. Therefore, we would take an enormous risk did we not fulfil every promise made our customers. We are very careful of what we guarantee, and when we do guarantee an article we must know it pretty wellwhat it contains and how it is made. We have in mind the Rexall line of remedies, particularly Rexall Mucu-Tone, of which we are selling large quantities at this time of the year. Mucu-Tone is one asticle that we can recommend over our counter and know that ninety-eight per cent. of its purchasers are going to be benefited and will return to our store pleased customers. Mucu-Tone is a positive cure for internal scrofula or what is commonly called Catarrh. It is without a doubt the peer of all tonics for any one who is suffering from a run-down condition, can't work, feels constantly tired or suffering from the more plainly described symptoms of Catarrh-such as stopping of the nose, cold in the head or bad cough."

It must be remembered that Catarrh is not confined to the nose and throat. It usually starts there, but it leads more often to serious trouble, particularly the wasting of tissues, as in the case of little Miss Dillon, of Albany. Here is a letter from her father:

"My little girl had catarrh so badly that the disease had begun to eat into the cartilage of the nose. Snuffs and instruments failed to do more than give temporary relief. I saw the advertisements of Revall Mucu-Tone but I could not believe that anything taken in the stomach could cure the sore membranes of the nose. However, I took advantage of your free trial offer and my girl began taking your remedy according to directions. I want to say right here that Mucu-Tone is certainly the greatest medical discovery of the times, and to thank you for the liberal offer that first induced me to give it a trial. Muco-Tone has cured my daughter's catarrh completely. The discharge has stopped altogether, and her breath is as sweet as can be. Again thanking you. MATT. DILLON, 24 N. Swan St.

Albany, N. Y. We are selling a large trial bottle of Mucu-Tone for fifty cents on the famous Rexall guarantee of your money back if you are not satisfied. We promise that one bottle will put flesh on your bones and 'ring new vitality to your system.
