

LOCAL HAPPENINGS.

(Continued from First Page.)

Maudie Ichi is entertaining her cousin, Miss Hazel Rickert of Chicago. Mrs. Vic Tholin and her sister, Mrs. Conrad of Highland Park, left for Rockford last evening, where they will spend a week visiting. M. M. Lyman, accompanied by two daughters, motored from their home in Philadelphia, and are visiting his brother, S. A. Lyman. Dr. G. F. Parker of Detroit, Mich., who is the grand examiner of the Woodmen of the World, was the guest of Capt. R. D. Parker. Mrs. Wolfenden, of Detroit, who is spending some time at the Chicago Beach Hotel, was a guest of Mr. and Mrs. Lee Stanley over Sunday. Mr. and Mrs. M. Sklumer spent a few days in Allegan, Mich., with Mr. and Mrs. Ronnels and Mr. and Mrs. Frenkle, former East Grove residents. J. J. Sullivan has bought the Downers Grove Laundry and will run it under the name of the I. X. L. laundry, beginning the 10th of August. Mrs. John Suss is spending some time in Muskegon, Mich., where Mr. Suss holds a responsible position. They will most likely locate there in the near future. Fly time is here, protect your horses by buying a fly net; also good selection of whips and buggy harness at C. Penner's new location, 101 South Main street. George F. Mollison, who was the chairman of the Chicago Bryan delegation to the Denver convention that caused Roger Sullivan so much trouble, was the guest of Capt. R. D. Parker this week. Mrs. S. D. Ichi, her sister, Miss Ida Mertz, and their mother, Mrs. S. Mertz, of Chicago, are spending their vacation with Mr. and Mrs. George Mertz of Walkerton, Ind. Mr. Mertz is manager of the Cook's Lake Hunters' Clubhouse, Indiana. On page four of this issue we print a specimen ballot of the officers and candidates to be voted for at the primaries Saturday. Take this home and make your selection, at your leisure, and you will not waste your time at the polls. There will be high mass celebrated by the Rev. Father Bollman at St. Joseph's Catholic Church for the repose of the soul of the late Mrs. Neddie Clithero, on Friday, Aug. 14, 1908, in which faith the deceased was born and died. The residents of Highland avenue and Belmont street are justly proud of the appearance of these streets since the pavement has been completed, especially Highland avenue, which always has been one of the prettiest streets in the village. If you have not barred yourself from the privilege of voting by signing a petition of some one not connected with your party, or done some one of the many other things that will disbar you, you may go and vote for your preference on your party ticket Saturday. Vote for the local candidates; they are all good and deserving men. Grading has been started on Railroad street and the ambition of some of the property owners to have a good, substantial street, are about to be realized. Perhaps when the street is paved somebody will get busy and we may also realize a few other things, the removal of the stock yards for instance, and a general improvement of the depot grounds. SMITH FOR LIEUTENANT GOVERNOR. Frank L. Smith's name appears on the Republican primary ticket the last one under the heading of "For Lieutenant Governor." Frank L. Smith would be much the stronger on the party this fall of any candidate mentioned. Frank L. Smith's home is in Dwight, Livingston county, and Livingston county gives a large Republican majority, and never had a state officer. Frank L. Smith has been endorsed by the Republican organization in Cook county, Mayor Fred Busse, Senators Cullom and Hopkins, Speaker Cannon and Republican congressmen in Illinois, the Seventeenth Congressional District, the Sixteenth Senatorial District, many representative citizens, and now asks the most important endorsement of all—the people's endorsement. Vote for Frank L. Smith at the primaries August 8th, and you will make no mistake. A PORTLAND LETTER. Portland, Ore., July 28, 1908. To the Downers Grove Reporter: Dear Editor—Thinking that possibly my few friends would care to hear from me and of my wanderings since leaving home in the latter part of June, I write you the following brief account of my trip to date: Leaving Chicago, I went direct to Billings, Montana, where I stayed for some two weeks, part of the time working on a friend's ranch, about fifty miles from Billings, and part of the time living in the town, which is indeed a grand little city, offering great opportunities to young men who are industrious, with high ambitions. I left Billings for Seattle, Wash., there I spent a very delightful week seeing the town and becoming familiar with the near vicinity. I left Seattle at the end of a week's stay for Vancouver, British Columbia, which is quite an Americanized city. I stayed at Vancouver for about a week and then returned to Seattle, stopping en route at Victoria, a typical little English city, very slow in its methods and old in construction, although a place of unusual interest to tourists. Leaving Seattle within a few hours after my second arrival, then I came to Portland, which is a very interesting city. In my judgment, however, Seattle is the best of the two towns. I intend to make but a short stay in Portland. To-night I leave for Seattle, returning here in the course of a

few days, to leave for San Francisco, where I will stop for a few weeks, going from there to Los Angeles, and then to Salt Lake City and back home by way of Denver. In my opinion, based upon observation and conversation with prominent business men of this locality, I firmly believe that this is the part of the country for a young Eastern man to make his home, for there are grand possibilities here for great financial success. The exposition at Seattle next year will prove a very strong attraction toward this country and help it to grow wonderfully. With my best wishes to the ball team, and hopes for a grand success, and the Suburban League pennant, I am Sincerely, ROBT. E. WELLS.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Pains of Downers Grove People. As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking down. Overwork, strains, colds and our causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric acid circulated in the blood. Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help. Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. M. B. Hodler, Jefferson and Washington Sts., Naperville, Ill., says: "I have been using Doan's Kidney Pills for about two months and am sure they are a good kidney remedy, as they have given me great relief. I suffered more or less from kidney trouble for several years. The kidneys were weak, causing pain in the small of my back, dull, dizzy headaches, and a tired, languid feeling. I recently bought a box of Doan's Kidney Pills, and began their use. I soon felt relieved, and since using three boxes am so much improved that I have every reason to believe they are curing me. I have no hesitancy in recommending Doan's Kidney Pills to other sufferers." Plenty more proof like this from Downers Grove people. Call at Bush & Simonson's drug store and ask what their customers report. For sale by all dealers. Price 25 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

AMUSEMENTS

AT THE CHICAGO THEATERS.

MAJESTIC.

For the week of August 10th the Majestic theater, Chicago, offers a vaudeville bill that is certain to please all comers, and the various acts are so diversified as to meet the fancy and taste of its patrons. The headline number will be Jesse Lasky's latest production, "The Eight English Hoboes," who are best described as handsome young women whose ability to sing and dance has but few equals. The only reason that they can be called "hoboes" is on account of their costume, which is after the well-known fashion of America's only lewd class, but later in the act they divest themselves of their ragged garments and appear in the prettiest of gowns. Another important name on this bill is Helen Bertram, the famous comic opera star. Wilfred Clarke will add a good bit to the comedy success of the bill with a one-act farce of his own writing, entitled "What Will Happen Next?" It is filled with amusing situations from first to last, and as a producer of laughs, it is certainly excellent.

WHEATON COUNTRY FAIR.

The educational value of the approaching Fair, to children, is inestimable, hence the plan to give free admission to the school children on the opening day is meeting with great favor. Mayor Busse, of Chicago, President Busse, of the Board of Commissioners of Cook County, and the officials of cities and towns through this section, have each extended an invitation to the school children of their respective communities to attend the opening day, and great preparations are being made for the occasion. It is possible, in addition to the accession of Col. C. A. Coey, in his world-famed balloon, "Chicago," on the opening day, that another great attraction in this line will be secured. Henri Farman, the celebrated French aeronaut, who has made the scientific world sit up and notice his astonishing achievements with his aeroplane, has been invited to the Fair, and it is possible he will accept and show the middle-west the wonders of this new and triumphant craft of the air. Many special features will change the regular daily program, while any number of splendid exhibits and attractions are to be permanently installed for the entire term. It is announced that one of the exhibits will embrace the display of the famous heavy tennis owned by Armour & Co., Nelson Morris & Co., and Swift & Co., respectively blue ribbon winners in some of the most famous horse shows and exhibitions in the world in recent years. They will not only be shown in all their glory and trappings and perfection of horseflesh, but their celebrated drivers will give track exhibitions of fancy driving at the matinees.

AUGUST 25-26-27-28-29-1908

A GREAT FINISH.

The political eyes of the entire United States are focused upon Illinois just now where one of the most remarkable campaigns ever conducted is just closing. The battle is one for the restoration of the old Republican party in Illinois and the campaign made by the intrepid Richard Yates, with his fire, honesty and patriotism, has been an inspiration to all true Republicans everywhere. Mr. Yates closed his campaign with one of the most wonderful campaign trips ever made, covering thirty cities from Geneva and Chicago to Cairo in three days on a special train. Preliminary to this great campaigning tour of the state in which all sections were visited, was the great Yates round-up at Springfield Saturday, where true-blue Republicans from every section of the state gathered and brought reports that Yates is bound to win, in fact, that the vote for him in Illinois next Saturday, August 8th, will be a veritable landslide. That Richard Yates will be the next nominee of the Republican party for Governor of Illinois, and that he will be triumphantly elected next November is absolutely certain.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

PAPAUN LEGEND OF FIFI.

A spirit invisible but Sometimes Audible that May Inhabit a Firefly. Among the most curious superstitions of the people of Papua is the belief in Fifi, says a recent sojourner in the region of New Guinea. Fifi is supposed to be a spirit always invisible but occasionally audible. It is considered a bringer of both good and bad luck, but no attempt is made to propitiate it. The cult is so absurd, says the Detroit News-Tribune, that the wonder is that the people believe in it at all, yet although there is apparently nothing supernatural on the face of it the Papuans are willing to credit its manifestations. When a tribe wishes to know its luck and whether hostile attack is imminent the rites of Fifi are celebrated. This is always done at night. The tribe gathers round the fire and one girl is told off to be the medium of Fifi. She is chosen because she is supposed to possess some peculiar occult power fitting her especially for this office. She retires to some corner near at hand where she is not seen and from there she whistles in different keys. The assembled savages, on hearing the sound, immediately exclaim that Fifi has come and judge by the whistles whether the omens are favorable or not. The priestess is not above the Delphic trick of framing her oracles to suit political necessity or her own inclinations and likings. One would
