WHY TWO DOWNERS GROVE OLD-FASHIONED CORN ROAST GIRLS DON'T LIKE AUTO-MOBILES

There are a number of people who MR. AND MRS. E. G. STANLEY are dissatisfied with the automobile MR. AND MRS. E. G. STANLEY despite its popularity as a means of conveyance; and as a means to other things. Their reasons are many and various.

A hidy on Saratoga street hates automobiles for the reason they unduly excite her poodle. Another friend of ours on the south side got himself disliked ley threw open their hospitable home Michigan. by a young lady and her gentleman friends through fallure to turn off the searchlights. Most people who don' own autos object to them on account of their peculiarities,

But Miss - ... living on Main street is one of the girls who has another reason and here it is: Two dashing young men from Naperville who are proud posessers of a six-extinder auto have formed the habit of eatling on these two girls (the habit is growing on them) On Labor Day the bank was closed so the young cashler and his friend called to take the girls for a long ride. Later near Marengo the boys were detained two hours to explain, and the girls wondered why.
