CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Overeating is a habit very dangerous to a person's good general health, and insatiable appetite is a sure symptom of diabetes.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, heaviest and healthiest persons are moderate eaters.

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge everyone in Downers Grove who is suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall's Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of anyone who has not been benefited by them. We honestly believe them to be without equal. They are made from the prescription of a physician who devoted all his time to the study and treatment of stomach troubles. They give very prompt relief, neutralize the gastric juices, strengthen the digestive organs, create good digestion and assimilation, naturally regulate the bowels, promote perfect nutrition, and create a permanent cure of all unhealthy symptoms.

We urge you to try a 25 cent box of Rexall's Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases, length of treatment varies. For such cases, we have two larger sizes, which sell for 45 cents and 80 cents. Modaff's Pharmacy, 31 South Main street.

WEEKEND OF HYOMEL

Have You Heard of Hyomel for Catarrh, Asthma and Hay Fever?

If you wheeze or sneeze, hawk or spit, snuffle or blow, something is the matter with the membrane of your respiratory tract, and you need Hyomel. And you need Hyomel because it will cure you of any catarrhal or inflammatory condition that exists.

It isn't a stomach medicine, or spray, or douche, but a very pleasant, healing, antiseptic balsam, from the eucalyptus forests of Australia. You breathe this balsamic air through a small, hard rubber inhaler, and it reaches every nook, corner and crevice of the membrane, and promptly kills the catarrh germs.

Bush & Simonson will sell you a complete Hyomel (pronounced High-o-mel) outfit for \$1.00, on the money back plan.

"The use of Hyomel cured Mr. Cutler of catarrh in 1904. He has strongly endorsed the use of Hyomel in many instances, and we are glad to go on record regarding this marvelous catarrh cure, and endorse it."—Mrs. A. Cutler, 201 Post avenue, Battle Creek, Mich.

HYOMEL (PRONOUNCED HIGH-O-MEL) CURES CATARRH, ASTHMA, BRONCHITIS, COUGH, COLDS, OR MONEY BACK. Sold and guaranteed by BUSH & SIMONSON.

One of the most remarkable realty sales in the history of the country will soon be held in Hillings, Mont., that of lands inherited by Indians within the Crow reservation.
