—Miss Louise Stevens read the fore-part of this week, at Hull House theater, Chicago. She gave "Wee Willie Winkie" in a way that won for her the hearty approval of her audience. She is to read in Downers Grove Nov. 1st, at the M. E. church.

—Liberalism never killed a town. Every public enterprise ought to receive substantial aid and encouragement. When you give a dollar to wards proving the town you do not throw away your money, but simply make a good investment.

—Mrs. Berner entertained the ladies of the Neighborhood Club on Thursday afternoon. All had fully recovered from their delightful time on Saturday evening and settled down to work. Mrs. Frank Kellersman was the guest of honor at Mrs. Berner's.

—To quickly check a cold, druggists are dispensing everywhere, a clever Candy Cough Cure Tablet called Preventics. Preventics are also fine for feverish children. Take Preventics in the sneeze stage, to head off all colds. Box of 18—25c. Bush & Simonson.

—Gertrude Larson visited her cousin, Helen Hanson, last week and incidentally took part in the Lady Macra-bees' entertainment at Modaff's Hall last Friday evening, rendering some excellent and difficult pieces on the piano to the delight and appreciation of the audience.

—The Dutch supper served by the Woman's Guild of St. Andrews Church last Saturday evening brought a large number to the church refreshment rooms. A good supper specially well prepared was enjoyed by all, and the ladies of the guild are grateful for the success of their efforts.

Miss Lenahan read at Joliet recently with this company and made many friends there.

—Fully two hundred people went in to the Gypsy Smith meeting on last Monday night. There were large crowds turned away, but those who got in were well paid for all the effort they put forth to get there. Many of those who went are going again before the end of the week. These meetings are having a marked influence on all the surrounding country.

NERVOUS PROSTRATION.

Indigestion Causes It—Mi-o-na Will Cure It.

If you have indigestion, you don't get all the nutriment out of your food that you should.

Your worn out stomach passes the food on without extracting enough nutritious substance to supply the blood and nerves.

And if the nerves are not supplied with nourishment, they begin to rebel. They kick up a great disturbance. They make you irritable and cranky, you worry about trifles, and you cannot sleep soundly at night, you have bad dreams, and you get up tired in the morning.

Try Mi-o-na tablets, the money back cure. Mi-o-na will cure your nervousness by driving out the cause. Mi-o-na will give you relief the first hour. It will cure acute cases in a few days, and chronic cases in a few weeks.

Belching of gas, heartburn, sour taste of food, waterbrash, foul breath and other dyspeptic symptoms vanish before the mighty power of Mi-o-na.

Try Mi-o-na. Bush & Simonson sell it and will refund your money if it doesn't cure, and only 50 cents a large box.

HYOMEI

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists

—Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fall, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by Bush & Simonson.

—Mr. and Mrs. D. G. Graham attended the funeral last week Wednesday of G. D. Henning at Plano. Mr. Henning died at the advanced age of 81 years and was a Kendall County pioneer, having settled in Plano in 1836, and was the first postmaster at that place. He was public spirited, a man of strict integrity and honor and foremost in any cause that would advance the moral and material welfare of the community. He was the father of Hugh D. Henning mail agent on the C. B. & Q. R. R., who is well and favorably known by many in Downers Grove.

—Postmaster Stanley informs us that many school children are in the habit of calling for the mail while going to school, and that hardly a day passes but what mail lost in this manner is returned to the postoffice. If parents would forbid their children to take mail to school and instruct them only to call at the postoffice while on their way home, there would undoubtedly be many less complaints of lost mail. All mail is too valuable to be exposed to needless risk, and in the vast majority of cases it is entirely unnecessary for children to carry it to school.

—Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee, will trick even a coffee expert. Not a grain of real coffee in it either. Pure, healthful, toasted grains, malt, nuts, etc., have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minute," too! No tedious 20 to 30 minutes boiling. Test it and see. Dr. Shoop created Health Coffee that the people might have a genuine coffee substitute and one that would be thoroughly satisfying in every possible respect. Sold by J. W. Nash.

BURLINGTON BUILDS NEW LINE LEADING OUT OF THE BIG HORN BASIN.

The Burlington Railroad to-day officially announces their intention of adding an additional extension to their line now under construction south from Kirby, Wyoming, through Thermopola, to run as far east as Powder River, forming a connection with the C. & N. W. Ry., which will embrace over 100 miles of new line to be completed some time next year.

The decision to construct this new line is the result of the rapid settlement of lands in the Big Horn Basin country where there is, within a radius of 300 miles, 1,412,000 acres now open for irrigation, controlled by the government and private enterprises.

The principal purpose of this line is to give a through southeastern connection for freight and passenger service affording competitive markets for the heavy increase in the farm products which will come as the result of the completion of the Shoshone Dam, which is scheduled to be completed in December, 1909. Besides, it will afford through travel to and from Big Horn Hot Springs, at Thermopola, said to be equal to Hot Springs of Arkansas, or French Lick of Indiana.

The Shoshone Dam is the highest in the world, and will have cost \$6,750,000, when completed. It will back the flood water up one branch of the Shoshone River five and one-half miles and up another branch seven miles and form an artificial lake ten miles square at an average depth of seventy feet, reclaiming 150,000 acres of the total now being settled and opened for settlement in the Big Horn Basin. When the Burlington extension is completed they will have invested over \$10,000,000 in the Big Horn Basin country, and the government nearly \$7,000,000, making a total expenditure between the government and the railroad of nearly \$17,000,000, largely in the interest of new irrigating projects, not to mention the large sums also spent by private enterprise.

NOTABLE EDUCATIONAL MEETING.

In Elgin, on the 5th and 6th of November next, is to be held one of the most important educational meetings ever assembled in Illinois. The question of developing right character is one much discussed, and is a matter of great concern to all patrons of our public schools. The Northern Illinois Teachers' Association is trying to get this important matter before its membership in an effective way. A year ago at Joliet they gave all their sessions to the theme of moral and religious education in the schools. A series of papers were presented that were pronounced the most significant contribution on this subject up to that date. This year the association continues the discussion of this same theme, considering the opportunities for ethical training as presented in the regular studies, in manual and domestic arts, in play, in the social organization of the school, and in the personality of the teacher. The question of temperance instruction in a rational way, both as to matter and method, will be presented by the ablest persons available.

Men of the highest rank are to present the main papers and the leading discussions. Among these are Dr. John Dewey and Prof. Wm. Noyes of Columbia University; Luther Halsey Gulick, head of the playground movement in the United States; Prof. Nathaniel Butler of the University of Chicago; Dr. Podstata of Elgin Hospital for the insane; Mrs. Winfield Scott Hall of Berwyn and Mrs. Lida McHenry of the DeKalb Normal School.

The importance of the topics and the eminence of the writers and speakers should command the enthusiastic support of the teachers, parents and school officers. The management hope to see a record breaking attendance both as to numbers and enthusiasm.

The Society of Assurance for Widows and Orphans was the first known life insurance company, and was established in London in 1696.

FOR CONSTIPATION.

A Medicine that Does Not Cost Anything Unless It Gives Satisfactory Relief.

If you suffer from constipation in any form whatever, acute or chronic, we will guarantee to supply you medicine that we honestly believe will effect permanent relief if taken with regularity and according to directions for a reasonable length of time. Should the medicine fail to benefit you to your entire satisfaction we promise that it shall cost you nothing.

No other remedy can be compared with Rexall Orderlies for the easy, pleasant and successful treatment of constipation. The active medicinal ingredient in this remedy, which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other valuable ingredients, it forms a preparation which is incomparable as a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy, and are notable for their gentle and agreeable action. They do not cause griping or any disagreeable effect or inconvenience, and may be taken at any time, day or night.

We particularly recommend Rexall Orderlies for children and for delicate or aged persons, because they do not contain anything injurious. Unlike other preparations, they do not create a habit, but instead they overcome the habits acquired through the use of ordinary laxatives, cathartics, and harsh physic, and remove the causes of constipation or irregular bowel action that are not of surgical variety.

We want you to try Rexall Orderlies at our risk. We know of nothing that will do you so much good. They are prepared in tablet form in two sizes: 36 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Downers Grove only at our store, Modaff's Pharmacy.

HOUSEHOLD NOTES

FRUIT SALAD. This can be made of almost any fruits, such as bananas, peeled and sliced; fresh or preserved cherries, oranges broken up into quarters; strawberries, raspberries, apricots, etc. Stone and cut up the fruit with a silver knife, and let it all soak for an hour or so in a syrup flavored with liquor and a little sugar. Serve in a china or glass bowl, with whipped cream.—Boston Post.

LUNCHEON DISH. Coldslaw served in green pepper shells makes a tasty and attractive luncheon dish. Take a small firm head of cabbage and shred fine with a sharp knife. Add to this chopped hard-boiled eggs. Mix with a dressing made of a cup of sour cream, a tablespoon of sugar, salt and pepper, and a cup of vinegar. Stuff the green pepper shells and serve on individual plates with hot buttered toast.—New York Times.

POTATOES AND ONIONS SAUTED. Take an equal amount of small raw potatoes and onions of equal size, peel them, place them in a frying pan with a good sized lump of butter, tossing them over the fire for a quarter of an hour, being careful they do not burn; put them in water to about half the height of the vegetables, add a little salt and pepper, place the lid over pan, stew gently half an hour, then squeeze in a little lemon juice, turn on to a hot dish and serve.—Boston Post.

RICE AND PLUMS. Two cupsful of milk, 2 ounces of rice, 1 heaping tablespoonful of sugar and 1 teaspoonful of vanilla extract. Put the milk into a saucepan on the fire and when it boils add the rice, well washed, sprinkling it into the boiling milk. Add the sugar and vanilla. The mixture should be just thick enough to pour into a wet mould. Leave it in the mould till cold, then loosen round the edge, shake gently, and turn it on to a pretty dish. Arrange some nicely stewed plums round the rice, adding also the syrup from the fruit.—Boston Post.

TOMATOES WITH PEAS. Select tomatoes of equal size and shape and remove the skin. Cut a small piece from the top of each, scoop out a portion of the inside and lay on a sieve to drain. Bruise the outside of the tomatoes with liquid aspic jelly and leave them until the latter is set. Season some whipped cream with salt, paprika, tarragon vinegar, and a dust of sugar. Add carefully some cooked peas. Place on ice for a short time, then fill the tomatoes with the mixture. Decorate with nasturtium leaves and blocks of aspic jelly.—New York Press.

STUFFED MUSHROOMS. Scrape out the inside of the caps, chop the stems that are too long to be left standing, and also the mushroom stems that are too small to fill. Mash with a potato masher and fill into the mushrooms, which should have been arranged in a buttered earthen baking dish, stems up. Then cover with the glass bells that come on purpose for holding in the delicate aromas and juices of the mushrooms, or, lacking these, with paper and an inverted pan. Cook on the back of the stove or in an oven for about half an hour, or until brown and tender. They will cook in their own juices. Serve on rounds of toast with a seasoning of butter, salt, and paprika.—New York Times.

HINTS. An ordinary white pin held between the teeth while paring onions will do away with forced weeping. If you want only a little bread crumbs and are not a provident housekeeper, with a jarful of ready, rub two stale bread, crusts together over a bowl until enough is rubbed off.
