(Continued from Page One.)

ful time was had with that genial host and hostess. The house was beautifully decorated with roses and chrysanthemums.

—Read the pain formula on a box of Pink Pain Tablets. Then ask your doctor if there is a better one. Pain means congestion—blood pressure somewhere. Dr. Shoop's Pink Pain Tablets check head pains, womanly pains, pain anywhere. Try one, and see! 20 for 25c. Sold by Bush & Simonson.

—The Board of Supervisors is making arrangements for the placing of a tablet in the court house of the Spanish-American War soldiers from Du Page County and the placing of such names of Civil War veterans as were omitted from the original slate. Any one having knowledge of any names that have not been reported will confer a favor on the board by notifying Supervisor Amos Churchill of Glen Elly.

—A clergyman writes: "Preventics, those little Candy Cure Tablets are working wonders in my parish." Preventics surely will check a cold, or the gripe, in a very few hours. And Preventics are so safe and harmless. No quinine, nothing harsh nor sickening. Fine for feverish, restless children. Box of 48 at 25c. Sold by Bush & Simonson.

—Miss Agnes Stewart was very pleasantly surprised at the home of her grandmother last Saturday night. The girls surprised her at about 8 o'clock, and then all attended the basket ball game. After that they returned to Mrs. Austin's, where a very pleasing program had been prepared. Ice cream and cake were served and everyone departed wishing Miss Agnes many happy returns of the day.

—Invitations are out announcing the marriage of Miss Frances May Sweeney, of Morton Park, and Mr. Edward Aloysius Cogley, of Melrose Park, at St. Atracta's Church, Grant Woods, Illinois, on Tuesday next, at 9 a. m. The young couple will reside at 2131 21st avenue, Melrose Park, and will be at home to their friends after December 15th. Mr. Cogley has lived here for the past two years, being employed at the plant of E. P. Douglas, as press foreman, and has done many warm friends who will extend a hearty welcome to his bride and himself, who have thus chosen to live in our midst.

—To whom it may concern: I was crippled up with rheumatism for two weeks, so I could not do anything. I could not sleep, dress or undress myself. I had tried several kinds of medicines, but got no relief from the excruciating pains until I went to PROF. WRIGHT at the BRACKETT HOUSE. After my first treatment I got up and dressed without any trouble. I slept well all night; the first for a long time. I have just taken my second treatment and I am feeling fine. I publish this hoping it may find many other sufferers to health and happiness also. William Hughes, West Perry street, Belvidere, Ill. 10-61.

—Several very encouraging meetings were held during the past week for the purpose of forming new organizations in St. Joseph's parish. A large number of married ladies met Thursday afternoon of last week and formed a Holy Family Guild. Mrs. Banning was elected Prefect, and Mrs. Le Charly secretary. On the same afternoon thirty-three ladies of the parish organized a Ladies' Aid Society and elected Mrs. Dr. Gourley president and Mrs. Timke secretary. On Sunday evening the young ladies organized a Young Ladies' Society and Miss Rose Banning was chosen prefect and Miss Evelyn Venard secretary.

—Tickling, tight Coughs, can be surely and quickly loosened with a prescription druggists are dispensing everywhere as Dr. Shoop's Cough Remedy. And it is so very different than common cough medicines. No opium, no chloroform, absolutely nothing harsh or unsafe. The tender leaves of a harmless, lung healing mountain shrub gives the curative power to Dr. Shoop's Cough Remedy. These leaves have the power to calm the most distressing cough and to soothe and heal the most sensitive bronchial membrane. Mothers should, for safety's sake alone, always demand Dr. Shoop's. It can with perfect freedom be given to even the youngest babies. Test it yourself and see! Sold by Bush & Simonson.

—The management of the Lincoln Temperance Chautauqua has been very fortunate in securing the services of Dr. Charles L. Seasholes, the popular Lyceum attraction, known throughout the eastern states as the "Man with the Pick." He will appear at the local Chautauqua to be held here next summer. Dr. Seasholes has been for several years pastor of one of the largest Baptist churches in Philadelphia, and has lectured all over the United States and Canada. His lecture at the annual convention of the International Lyceum Association, held at Oshkosh, Wisconsin, in September, was pronounced to be the best of any heard at that assembly of notable Lyceum attractions. Dr. Seasholes will be one of the big attractions next year.

Round Trip Only \$1.00. If you are a catarrh, asthma or hay fever sufferer, what would you say if the above offer was made to you? How would you like to go to the mountainous forests of pine and eucalyptus, where catarrh and asthma do not exist? Where people do not have to hawk every morning, to spit out the lump of disgusting mucus? Where the healing, antiseptic balsams purify the air and kill all germs? You can't go to this ideal spot, of course. You haven't time, and possibly not money. But you can, for \$1, bring the healing balsamic air from these forests right to your home; you can kill the germs of catarrh at home, without losing a minute's time. Ask Bush & Simonson about Hyemal, the Australian dry air cure. Get an outfit, which includes inhaler, for \$1.00, breathe the same air that you would find in Australia, and if it does not heal the raw membrane and cure you of catarrh, snuffles, cough, cold or asthma, you can have your money back.

SPORTING NEWS.

Last Saturday evening the second games of the season were played at the Auditorium.

The Downers Grove team made their first appearance for this year against the Hinsdale Club team. The Downers team was pretty badly crippled from participating in the foot ball game of the afternoon, and also showed a lack of practice, not being able to get their team work started properly, and neither could they seem to locate the basket except occasionally.

The score favored Hinsdale all the way except at the beginning of the second half, when Downers made several brilliant baskets, but were not able to keep up the pace. Final score: Hinsdale 25, Downers Grove 16. The Cubs repeated their sweeping victory of the week before. Their opponents were the Willard M. E. team from Chicago, who were formerly a strong team and out-classed our boys in size and weight, but showed up badly from lack of practice. The Cubs showed improvement in their team work, and the game was never in doubt from the start. The Cubs need to develop an accurate basket tosser for their free throws, as their score could have been several points greater if a proper proportion of these chances had been obtained. Final score: Cubs 25, Willard M. E. 14.

The former Downers Grove team and the Seneca have combined their forces this week to make one strong team, which will hereafter be known as the Downers Grove team. It is too early to announce the line-up of this team, but that it will be a strong one goes without saying.

The games of this week will be played on Friday evening instead of Saturday. The reorganized Downers Grove team will play Lane High School first team, of Chicago, and the Cubs will go against Lane's second team. These are both fast teams and insure Friday's games being of the kind that the crowd likes.

The games will start promptly at 8 o'clock. Be on hand to cheer the first basket made.

Another Kind of Address. A man named Brown was invited to speak at a town meeting, and when he seated himself on the platform and looked over the program he discovered that his name was the last one. Considering himself somewhat of an important personage, this fact made Mr. Brown exceedingly angry, and during the entire meeting he sat and thought over the insult.

The speakers during the evening were unusually stupid and by the time Mr. Brown's turn came the audience was paying scant attention. The master of ceremonies finally stood up to introduce the last speaker, saying as he did so, "Ladies and gentlemen, my esteemed friend, Mr. Brown, will now favor us with his address."

"Certainly," said Mr. Brown, springing to his feet, his face purple with indignation. "My address is Claremont street, Seattle, Washington. Now, good-night, I'm going home!"

WORTH QUOTING

Where man's life does not preach his preaching cannot live, warns the Chicago Tribune.

A burned child dreads the fire, admits the Philadelphia Ledger, but lots of divorced people marry again.

Go ahead and do the best you can, advises the Chicago News, and don't worry about the consequences.

After a girl discovers that she dislikes the man she smiles, submits the Dallas News, everything is funny to her.

Sometimes a bachelor lives long enough, chirps the Boston Post, to feel sorry for the man who won the girl he was in love with.

The airship that had been invented, shouts the Philadelphia Ledger, "No," explained the milliner, "it doesn't look like an airship, but it costs about the same."

Meekness may be a charming virtue, confesses the New York Times, but the day seems to have passed when it showed any indications of inheriting the earth.

Because it is not sold over the counter, along with toilet articles, explains the New York Telegram, how few women know the beauty of repose!

Remarks the Kansas City Star: When the farmers understand the value of good roads they will demand them—just as the property owners demand sidewalks and street paving in the cities.

The announcement of the discovery of valuable deposits of coal and petroleum in Panama is neither surprising nor unexpected, to the New York Tribune. It had long been surmised that the isthmus was rich in useful minerals as in other natural resources. But there are probably no two natural products which would be of greater practical profit to Panama than those the finding of which is now reported.

Observes the Philadelphia Inquirer: So far as the Anti-Trust law seeks to prevent discrimination and rotates and makes for honest dealing it is a blessing. But as years have worn on it is found that there are provisions in the act that are an actual detriment to honest and entirely lawful combinations.

It is told of "Tom" Reed that sitting one evening during President Cleveland's administration on the veranda of the Shoreham Hotel, he observed Vice-President Stevenson coming up the street. "Here comes Adlai Stevenson," remarked the speaker, "with a No. 16 shoe on his foot and nothing on his mind but the health of the President."

All successful men and women, dogmatizes the Christian Observer, in every department of life, are, and must be, able to trust themselves, to depend upon themselves, to direct their own thought, choose their own course of action, to study the causes from which certain desired results will follow, and to control and direct their internal energies, that the external results that they desire will be secured. The ruler of a state must depend upon others for advice, sympathy, and support; and yet among all his helpers he must be independent and able to use and control those upon whom he depends.

Says the Denver Republican: The aim of the law should be to preserve the freedom of competition and prevent monopoly. If it achieves this end it will serve the purpose of wise legislation directed against the trusts. The details of legislation of this kind should be determined by Congress after careful consideration of the whole subject, but whatever its specific form, its primary purpose should be the preservation of freedom in competition.

The Great King of the World, gray-haired, bent and scarred with wounds, disease and drunkenness, wounds a hundred, wounds won in death, combat in the foremost of the fight, yet in the brief space of eighteen years, seized this great globe and hurled it out of his dunce-hill into the glory and sunshine of Greek speech and culture. Alexander was the world's first chief missionary, shouts the New York Press. His tools were the long Macedonian spear in phalanx and the common Greek tongue following, the latter no less sharp, keen and convincing than the spear, for it enabled all men of the world to exchange the divine sweetness of thought.

While Canada admits generally that horse racing is "the sport of kings," it holds also that racetrack gambling is the vice of the crowd, and an outcry against the evil has been raised by the application of a racing association for a renewal of its license. "It is against the vice of gambling as practiced on every great racetrack in Canada that I unhesitatingly and determined war must now be waged," says the Toronto Globe. "That war is forced by the gamblers themselves, by their aggressiveness and boasted power and by the evident lack of protection given the public, either through the law itself or through those responsible for its administration. No good citizen can stand idle unconcerned so long as it is admittedly plain that a huge vice has its grip on the life of the nation. If any sport is to suffer by being divorced from notorious vice as much the worse for that sport."

It was thought best to give those people, who have not been able to attend Thanksgiving services on account of household duties, an opportunity to hear a good Thanksgiving sermon.

SECRETARY WILSON ON THE CHICAGO STOCK SHOW.

The Honorable James Wilson, Secretary of Agriculture, in speaking of the International Live Stock Exposition, which is to be held this year from November 27 to December 10, said:

"The International Live Stock Exposition as an educational factor has carved a niche for itself. "Producers are confronted with the problem of increased cost of every commodity that they use, greatly enhancing their expenditure. "Obviously this necessitates rigid economy, and the man who reduces cost of production to a minimum insures maximum profits and his own survival where others fail. "The International is teaching its valuable lesson to the country at an opportune moment.

"During the period of cheap feed and feed lot extravagance such education was not valued, because its benefits were not realized at the time. "Under new conditions the man who produces beef, pork and mutton cannot afford the use of inferior machinery in his business. "Economy requires that he handle the very best types of the most improved breeding, and these lessons can be obtained at the International Live Stock Exposition, which is acknowledged to be an educational institution of the highest order in its line."

Teddy, Terry and Tommy. TEDDY. When I grow up I think I'll be a soldier, strong and brave; With all my might, I'll fight for right, That none may be a slave. TERRY. When I grow up I think I'll be a sailor bold and true; I'll learn the sea from A to Z, And own a ship and crew. TOMMY. When I grow up I think I'll be Oh, dear, I've made no plan! Well, anyway, I guess I'll say I'll simply be a man. Chicago News.

Hypnotism has been recognized by the medical profession since the sixteenth century, and in the last 100 years has been experimented and tested out in thousands of cases by such savants as Charcot in Paris and Bernheim in Nancy, yet with all these years of trial its results have not justified its practical and general use in sickness.—New York Press.

FOR AGED PEOPLE.

Old Folks Should Be Careful in Their Selection of Regulative Medicine.

With advanced age comes inactive bowel movement and sluggish liver. Nature is unable to perform her proper functions and requires assistance. Otherwise, there is constant suffering from constipation and its attendant evils. Old folks should never use physic that is harsh and irritating.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitution who suffer from constipation or other bowel disorder. We are so certain that it will completely relieve these complaints and give absolute satisfaction in every particular that we offer them with our personal guarantee that they shall cost the user nothing if they fail to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies are eaten like candy. They have a soothing, healing, strengthening, tonic and regulative action upon the dry mucous lining and the relaxed muscular coat of the bowel. They produce a natural, successive contraction and relaxation of the muscular fibres of the bowel walls, generating a wave-like motion which forces their contents onward and outward; thus stimulating nature in perfect bowel movement. They tone up and strengthen the nerves and muscles and restore the bowels and associate organs to more vigorous and healthy activity. They may be taken at any time without inconvenience; do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. Try Rexall Orderlies on our guarantee; 36 tablets 25 cents, and 12 tablets 10 cents. Remember, you can obtain Rexall Remedies in Downers Grove only at our store,—The Rexall Store, Modaff's Pharmacy.

NO REASON FOR IT.

When Downers Grove Citizens Show the Certain Way Out. There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes or any kidney ills when relief is so near at hand and the most positive proof given that they can be cured. Read what a Downers Grove citizen says.

Joseph Peterson, corner North Foot and Lincoln streets, Downers Grove, Ill., says: "I had been a sufferer from kidney trouble for twenty years. There were pains in my back and joints, I had headaches and dizzy spells and was very nervous. The kidney secretions were irregular in passage and distressing. Finally my attention was called to Doan's Kidney Pills and I procured them at Bush & Simonson's drug store. They at once gave me relief and I am now able to perform my duties without difficulty. I firmly believe that by a continued use of Doan's Kidney Pills I will be permanently cured."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

To the public in the elementary schools of Kiel, Germany, the local tramway company is distributing printed pamphlets bearing a series of hints for children crossing the roads. Among them are: "Keep to the right in walking on the pavement and do not stand at street corners. In crossing the road do so at right angle and not diagonally and at a spot where the road is narrowest."
