> -Getting ready for Christmas makes these weeks in December full of pleasant labors and anticipations. The majority of people are not millionaires. They do not have full purses with which they can go to the shops and buy their Christmas presents without regard to cost. They have a little money, and it requires a good deal of planning, of invention and loving thought, to make it go around. Oftentimes the money is only enough to buy the raw materials from which patient and skillful fingers will (ashfon the gifts. If we could look into many a home we should see the children planning some surprise on Christmas morning for their fathers and moth ers, and the parents in turn consulting how to manage to give the boys and girls what they want. It is this mutual thoughtfulness for others that imparts to these December days a peculiar atmosphere. It will soften the heart of the crustiest old bachelor to go into the Christmas shops and overhear the consultations among purchasers as to what they shall get. Even as you walk along the streets you observe a peculiar light in the eyes of the women shoppers. They do not have it at any other season of the year, except perchance when they are making ready for a wedding.

CHRISTIAN SCIENCE LECTURE.

The citizens of Downers Grove are cordially invited to attend a lecture on Christian Science at Dickie's Hall on Sunday afternoon, December 26th, at 3 o'clock, to be given by Judge W. G Ewing, one of the Board of Lectureship of the Christian Science Church, Boston, Mass.

Wherever there is a Christian Science organization it is required that there shall be at least one lectur year on the subject of Christian Science, to which the public is cordially invited. All of these lectures are delivered by persons who have thoroughly prepared themselves for this work, and what they say on the subject is authentic and reliable. Their object is not to convert people of other denominations from their own religious beliefs, but that many of the erroneous impressions regarding Christian Science may be corrected and the very many misstatements that are constantly being made shall be anis it asking too much of you when we provide this instructive lecture treat You will be more than repaid for the time spent and you will be the better

ASSESSMENT THEY INJURE CHILDREN LODGE DIRECTORY.

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints.

You cannot be over-careful in the selection of medicine for children Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They cause griping, nausea and other distressing after-effects that are frequently healthdestroying and a life-lasting annoy-

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it falls to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies contain an entirely new ingredient which is odorless, tasteless and colorless. As an active agent, it embraces the valuable qualities of the best known intestinal regulator tonics.

Rexall Orderlies are eaten like candy. They are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhea, nausea, griping, excessive looseness or other undesirable effects. They have a very natural action upon the glands and organs with which they come in contact, act as a positive and regulative tonic upon the relaxed muscular coat of the bowel and its dry mucous lining; remove irritation, overcome weakness, tone and strengthen the nerves and muscles, and restore the bowels and associate organs to more vigorous and healthy activity.

Rexall Orderlies completely relieve constipation, except when of a sur gical character. They also tend to Mr. Ray Miller, Prosident; Miss Thyra Alovercome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really no medicine for this purpose so good as Rexall Orderlies, especially for children, aged and delicate persons. They are prepared in tablet form, in two sizes of packages: 12 tablets 10 cents, and 36 tablets 25 Remember you can obtain Rexail Remedies in Downers Grove only at our store-The Rezall Store. Many new opportunities for business at home now engage the attention of Village of Immers Grove, Im Page Coun- ladies. The one appealing particularly to us is offered by The Standard Dress

> This is a large wholesale dry goods house, who offer to send responsible ladies a complete sample line of their entire stock; plain and fancy wool, silk and cotton fabrics, handkerchiefs, ribbons, laces and petticoats.

> They carry an up-to-date line, of large variety and splendid values, and the lady obtaining these samples readily takes orders throughout the territory allotted her.

> We understand no money is quired, as all orders are shipped to responsible ladies, who make collec-

tion and return the money. In this pleasant occupation \$19.60 to \$25.00 weekly can be made. It is evidently proving very popular, as we understand the firm employs several thousand ladies as representatives. Any cense for one day Two Dollars, for one lady wishing to help out the family purse should write them.

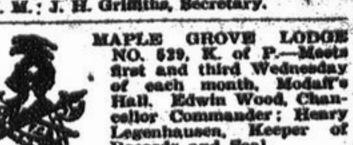

> Girl Not a Nature Student. She was not a nature student, and when she saw a sparrow on the sidewalk, evidently too young to fly and too badly frightened even to hop, she did not know exactly what to do for She did not know how it had got there, where its parents were or what relief measures would be advisable. All she could do, in her perplexity, was to keep the group of boys who had gathered around it from harming it and see if any of them could suggest a course of action, for she was well aware that in these days of nature study the veriest infant knows more about birds and their like than many

> Presently a big boy pushed through the group, looked at the bird kindly. then stopped and took it up. She was much relieved. "Will you take care of it?" she asked bim. "Sure!" he re sponded, with inelegant emphasis. She was anxious that it should have the best of care, so she helpfully suggested, "Better give it a little milk."

> The boy stared. Then he grinned. Then he yelled. "Milk!" he roared. "Milk! ha! milk!" Then he streaked up the street, carrying the bird care fully in his hands and derinively ejaculating, "Milk!" Her face flushed as she went on h
