Talk About Screens!!

YES, right now is the time, not only to talk about screens but to place your order, before hot weather comes on and you have to renew your acquaintance with those familiar summer callers, flies and mosquitoes. Better act right now on this suggestion. Hadn't you?

**Window Screens
Door Screens
Porch Screens**

We take measurements, make and fit all screens complete. Have your porch properly screened. It will make an outdoor living room for you and summer will have an added pleasure and comfort. Flies and mosquitoes won't bother you.

Red Cyprus lumber (the wood eternal) used in all frames. Black, galvanized or copper-bronze wire cloth, as wanted. Guaranteed high grade material and workmanship. Screen repair work also done.

Let us figure on your needs in screens.

Do You Want To Save Money

on that Manure Spreader, Silo Filler, Windmill and Gasoline Engine you're going to buy this Spring? Then get the best—the machines that wear the longest—cost the least for repairs—that are handled by the best dealers—and in short, the machines built right here at home in Northern Illinois—

The Appleton Quality Line

Now that you have a little spare time, come over and see us—let's get acquainted. We want to show you our magnificent factory and let you see how carefully we build our machines—what splendid material we use. We will show you the points that give our spreaders the longest life—the lightest draft—the best spreading—tell you why our silo fillers have greater capacity and use less power than any other machines rated at the same capacity—show you the features of construction that make it possible for us to insure our windmills for five years for \$2.50 against damage by tornados and cyclones or any other cause except misuse—prove to you that our engines deserve their name—**Appleton**.

You will want to see our huskers too, and find out all about them—possibly arrange to have one delivered through your dealer next fall.

We have some real bargains in spreaders we have taken in trade. They have been rebuilt and will give you the service of a new spreader at a fraction of the cost.

We want to send you some mighty interesting advertising matter and a beautiful four-color hanger which we are just getting out. Let us have your name today so that you will be sure to get one.

PROCEEDINGS OF BOARD OF SUPERVISORS.

(Continued from page 1.)

of the county collector of said DuPage County, Illinois; therefore be it hereby directed and ordered to issue a warrant under his hand and the seal of his office, directed to any Sheriff, Coroner or Constable of the county of Kane, state of Illinois, commanding such officer to make the amount of said taxes, together with costs and charges that may accrue from the personal property of said Kelmscott Press situated in said county of Kane, according to law.

Mr. Chairman and Gentlemen of the Board of Supervisors: Your committee to whom was referred at the last meeting of the board the petition of Joseph Alcholer of Cloverdale, DuPage County, Illinois, for a dramshop license to sell malt and spirituous liquors at Cloverdale, DuPage County, Illinois, would submit the following report: Believing that the said Joseph Alcholer has procured the signatures of the requisite number of legal voters of the township in which he desires to locate his place of business, we decline to make a recommendation, but refer said application to the full board.

It was moved by Supervisor Neddermeyer that the said Joseph Alcholer be granted a license for a dramshop to be located at Cloverdale, DuPage County, Illinois, and that the County Clerk be authorized to issue him such license, granting him the right to sell malt and spirituous liquors upon his filing a proper bond and paying into the county treasury the sum of \$500 and otherwise complying with the statutes in such cases made and provided.

On roll call the motion was declared carried, those voting aye being Supervisors Neddermeyer, Schramer, Town, Hammerschmidt, Biermann, Boger, Blodgett and Keller, and those voting nay being Supervisors Fix, Yackley, Cramer and Goodrich.

On motion of Supervisor Hammerschmidt the clerk was authorized to draw county warrants for per diem and mileage for the services of the various supervisors for the year last past.

On motion of Supervisor Hammerschmidt the board adjourned.
H. F. LAWRENCE, Clerk.

To the Republicans of DuPage County.

I wish to thank my friends who for principle and friendship worked for me.

The vote speaks for itself. The defeat was decisive.

It was not a progressive defeat, as the leader of the progressives in this district, Colonel Copley, was overwhelmingly elected.

The fight is over. There are no regrets or ill-feelings on my part. It is a closed incident with me.

I stand ready to prove the truth of every statement I have made in this campaign.

RICHARD PRENDERGAST.

I take this opportunity to express my sincere gratitude to the many voters who have expressed their confidence in me by assisting in nominating me for re-election for county surveyor.

Sincerely yours,
ARTHUR L. WEBSTER.

Cold Storage Cat Meant.

A man down in Massachusetts found a blacksnake frozen in the snow. He took the snake up carefully so that it would not break—it was as stiff as the rod of Moses in the original form—and took it home and put it by the fire. And it thawed out. It wriggled around in the heat and would have been all right again if it hadn't been for the family pet.

AT THE MOTIOGRAPH SATURDAY, APRIL 20.

"The Patchwork Quilt."—Mrs. McCoy is filling her son's dinner-pail before he starts on his run as engineer for a passenger train on the D. L. & W. Jack makes haste to the train-yard, climbs into his engine and pulls out.

The next night, about the time that Jack is expected on his return trip, his mother is sitting at the table working on her patchwork quilt. Suddenly a terrible storm comes up. She discovers that the trestle across the stream has broken down and that the tracks are strewn with debris. Hurriedly throwing a shawl over her head, she grabs up the old patchwork quilt, saturates it with kerosene, and taking some matches with her, hurries from the house in time to reach the trestle, where she sets fire to the quilt, and signals her boy's fast approaching train.

Upon seeing the flames, and his mother madly waving her shawl, he jumps from his engine cab, rushes to her side, and she falls helpless in his arms, while the passengers, who have been aroused by the sudden stopping of the train, gather around them in an impressive tableau.

Rule Works Both Ways.

The man who thinks that the "I don't-care-for-anyone" attitude is the manly attitude will live long enough to realize that no one cares for him.

RELIEVE YOUR STOMACH.

We Will Help You Do It—Read Our Guarantee.

Dyspepsia may be completely eradicated if properly treated. We sell a remedy that we positively guarantee will completely relieve indigestion or dyspepsia, or the medicine used during the trial will cost the user nothing.

This remedy has been named Rexall Dyspepsia Tablets. Certainly no offer could be more fair, and our offer should be proof positive that Rexall Dyspepsia Tablets are a dependable remedy.

Inasmuch as the medicine will cost you nothing if it does not benefit you, we urge you who are suffering with indigestion or dyspepsia to try Rexall Dyspepsia Tablets. A 25-cent box contains enough medicine for fifteen days' treatment. For chronic cases we have two larger sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store. T. R. Morris.

Bull Objected to Rider.
A millionaire rancher, of Pomona, Cal., was painfully injured, recently, while attempting to ride a large red Durham bull. He had made a wager with another rancher that he could remain on the bull's back for two minutes, faith in his ability to win the wager being based upon his experiences in broncho riding. He lost the bet by just 117 seconds, for three seconds after he mounted the animal's back, he was nursing in the center of the corral nursing a badly wrenched hip and shoulder.

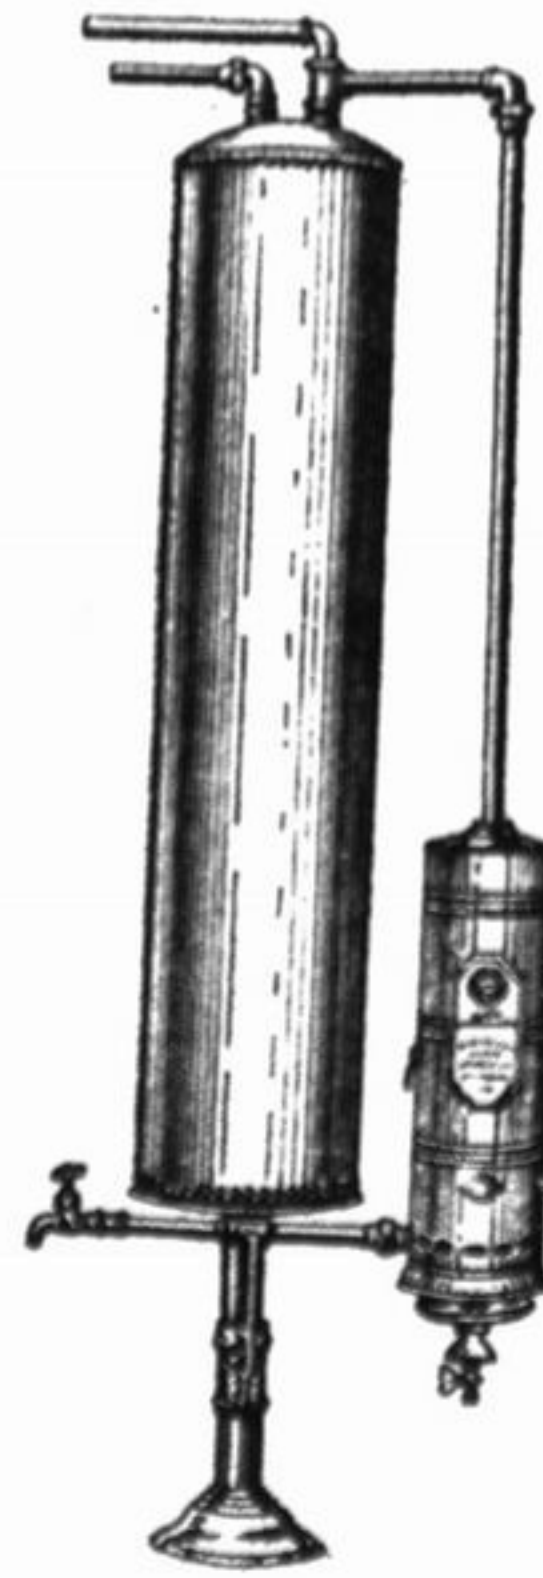

Deadly Glasses.
A contrast to the Venetian glasses which were popularly supposed to fly to pieces if poisoned liquor were poured into them, were glasses which poisoned all who drank from them. The poison was crystallized at the bottom of the glass, from which it was indistinguishable, and as it dissolved very slowly it could be used many times with deadly effect. Some such glasses can be seen at the British museum.
