Avoid Tedious Gossip.

Cautiously avoid talking of the domestic affairs either of yourself or of other people. Yours are nothing to them but tedious gossip; theirs are nothing to you.—Chatterfield.

Lindley's Real Estate Tips

What have you in way of equity in a house and lot here to swap for a Chicago south side 50-ft. lot? This is within one-half block of Wentworth Ave. business district, the only vacant lot in the block, and neighborhood O. K. Not incumbered.

Also a good paying Chicago, south side, four-flat building, equitably exchanged for good Downers Grove stuff.

\$5,200 will buy \$6,500 worth in a south side 9-room home. This house is especially well located, very convenient and in apple pie condition, not a dollar to be spent on it. The grounds are large, 15x278, and loaded with flowers, shrubbery and fruit. Assessments of every character are paid in full.

5 and 10-acre tracts, as pretty as you ever laid eyes on, just outside town. \$300 per acre. Easy terms.

A modern 7-room home, with 100 ft. of ground in a desirable locality for \$3,100. Should appeal to every one who is worth more but owner is anxious to sell.

If you do not want to go in deep, would like it quiet and yet a dandy little home, about twelve minutes' walk from depot, ask about this at \$2,400. Six rooms, all on one floor; finished in natural oak and Georgia pine; hard and soft water in house; several fruit trees in bearing; good garden; 50 ft. lot; house has A1 foundation, with basement over 7 ft. high under all; gas for cooking and lighting, and a good furnace; all floors maple; location 1/2 block outside corporation north. This low price is named in order to do business quickly. There also is a good size poultry house.

Could you not use a nice little poultry farm comprising seven 50-ft. lots, with all the paraphernalia ready for business? With it goes a six-room house, extra large poultry house, about 50 fruit trees, shade, etc. Also a horse, cow, poultry, buggy, wagon and harness. Price \$2,500.

If you would be interested in a couple of good acres, with a splendid house just in edge of town ask to see photo of this one. House has 6 rooms, 100 sq. ft. of ground, etc. An abundance of shade. Price \$4,500. Easy terms.

Thirty-six acres vacant, a short distance out, on stone road, for \$150 per acre. This is little worth looking up if you can use it. Might cut it up. One beautiful 10-acre piece can be sold separately for \$200 per acre.

We write Aetna, fire, tornado and automobile insurance, and we are a Notary Public.

A dandy cottage on the north side, four rooms and bath, all on one floor, \$1,500.

\$2,800 will buy a modern five room house on south side. Hot water heat, bath, gas, etc.

And \$2,100 will buy a five room cottage, up to date in every particular, with 50x200 feet, on south side. It is too small for present owner.

Here is a money maker for some one and a good home during the making: Location Main street in the business district, side of house 4 rooms, all pleasant, water, gas and sewer in. A-1 stone foundation, 75 feet of frontage and depth of about 300 feet. Shade, fruit and shrubbery. All street improvements in and paid for. Price \$3,500, about what you would expect for \$5,000. Easy terms.

No matter where you go or what you pay you cannot beat this: Six large rooms, enclosed in walls that are not only substantial but artistic, excellent taste, being shown everywhere. Hardwood floors everywhere and every convenience possible. Extra large porch, beautiful natural oak trees, 125 feet of frontage. If you or any friend is likely to be interested, ask for photograph. House is new, \$4,500.

I have something awfully nice in a close in—a 125 acre farm for \$200 per acre. To buy this would be like you among capitalists. Ask about it.

Another good farm, a little further from here but nearer Lombard, 120 acres and a lot of good buildings, \$125 per acre.

Eight 50 ft. lots in a square chunk, sloping southward, five minutes' walk from the new depot. \$1,000 takes the whole works. Every inch of it good dirt, and nearly all assessments paid.

This should appeal to a man who wishes to leave the office one of these days: 11-1/2 acres of the very best soil located close enough to depot so you can continue city work until you are ready to retire to your little farm. House has six rooms. Barn and large poultry house are nearly new. And it is a nice place to live, having large shade trees across entire front, \$3,500.

Something nice on Maple avenue in a six room, nearly new, up-to-date place for \$5,000. Has extra large living room such as you planned in your new house, also large porch. Immediate possession.

Could you use a country home on the Butterfield road? Contains 1 1/2 acres, is about two miles from a third rail station and a little further from Downers Grove. All kinds of fruit and a good garden. Price under \$2,500.

Ten acres good timber just north of town for \$1,200. By using your head a little in buying this you can still own cord wood from it to pay for it, and have the land for profit, without having to lift a hand.

The above list covers but part of the properties we carry. We have both improved and vacant in almost any location desired, with prices for improved ranging from \$1,500 to \$12,000, and vacant from \$100 to \$2,000. Terms to suit all pockets. Send us the names of acquaintances likely to be interested in Downers Grove.

THE GRADUATION FESTIVITIES.

Schools and colleges do a service by making their graduation days as alluring as possible to young people.

Such occasions are often given up to solemnized speech making, over the heads of young folks and non-literary grown-ups. Thus those ribbon tied sheep skins seem scarcely worth all the dull hours of study that they cost.

If the occasion breathes the animation of young life, if the love of alma mater and anticipation of higher work in some other school, is seen to be filling these hearts, the school life will acquire romance, and the short cuts to business will seem as disappointing as they really are.

In some ways the kind of graduations they used to have were more calculated to awaken popular interest. In some towns it is still customary after the old manner, to call on every graduate to present an essay. None can be slighted, or there might be a political riot at the next election. The series of these, orations, songs, and recitations, runs on for hour after hour of a sultry and perspiring June afternoon, from the stilted Latin of the salutatory, which no Latin person of ancient or modern times could ever have understood or interpreted, to the tearful, emotional, and idealistic romance of the valedictorian.

Tedious as that kind of program is, it has its strong points compared with some where the graduates merely sit in stiff rows, and listen to flowery orations of high sounding moralities.

The public having paid down its good money in taxes and endowments and scholarships, wants to see a sample of the goods produced at such high cost. The most attractive kind of a graduating program is that in which a limited few are given a chance to show what the school has done for them, by expressing themselves in some original way.

Let them not take stiff or formal subjects, but let their theses be full of allusions to the humors, romance, and struggles of school life, full of aspirations for triumphs farther on. That will set still younger hearts aflame to work and toil, that they too may some day climb these fair paths of learning.

Talk about good times. Maybe the Fellowship Class of the M. E. Church did not have one on Tuesday last. About 18 ladies assembled at Mrs. Leuison, Maple avenue, and Mr. Drew came with a hay-rack and out they started for "The Farm."

As they approached the house one would almost imagine that a club house was in sight, so beautifully was it illuminated. Such jollification as they had playing games and exploring things. Delicious strawberries and cream and cake that would melt in one's mouth was given them to eat and don't for one minute think they didn't eat. At a late hour they started for the return trip, all voting it an ideal place for recreation. They are planning "sump-in-fine" in the near future in which every one can participate.
