For \$200 I will sell you a north side lot, 50x150 feet, with 16 foot alley in rear. all assessments paid in full, at rate of \$5 per month. How is this for a savings

Give me \$500 for the two, on any old terms. Or better still, let me build a bungalow there for you, on easy terms. Lots are 50x142 feet each, and pretty as a peach.

Some of the others you have been reading in this column have been sold, so I had to cut them out.

I don't know what a "snap" is, but assuming it is along the lines of something for nothing, how does this fit? A corner lot in choice part of north side, covered with shade, shrubbery, fruit and garden; an eight-room house, having hard wood floors, hot water heat, cement floor basement, etc. Assessments all paid except occupied by the Shaw family. paving, which amounts to \$25 per year for six years. \$3,000 takes it. Think of such reading as this in the spring of the year: Lot 100x132 feet, bouse of 7 rooms, bath and closets, with dandy basement. Good barn and large poultry house, for \$2,500. All assessments paid in full. This is on north side.

A grand, south side, eight-room, mod-ern home; large grounds, front and back; south front; all assessments paid; for \$4,600. Ask to see photographs.

8-room house and one acre, west of town, \$3,800. Lots of shade, fruit and marden. 4 rooms below have hardwood fleors. Stone foundation with basement under entire house. South front.
