For \$200 I will sell you a north side lot, 50x150 feet, with 16 foot alley in rear, all assessments paid in full, at rate of \$5

This 7-room home is offered for \$2,700. on easy terms. Has two lots fronting eastward, nice shade, garden, fruit, cement walks everywhere. Good poultry house. All assessments are paid in full, including paved street.

A few steps outside corporation I have a nine-room house, with two lots, having plenty of shade and fruit, for \$2,200.

The first time you are at north end or Highland avenue cast your other eye over third and fourth lots north from corporation line on west side, which of course means east front. Give me \$500 to Aurora on the first of August. for the two, on any old terms. Or better still, let me build a bungalow there for you, on easy terms. Lots are 50x142 feet each, and pretty as a peach.

Some of the others you have been reading in this column have been sold, so had to cut them out.

I don't know what a "snap" is, but as suming it is along the lines of something for nothing, how does this fit? A corner lot in choice part of north side, covered with shade, shrubbery, fruit and garden; an eight-room house, having hard wood floors, hot water heat, cement floor basement, etc. Assessments all paid except paving, which amounts to \$25 per year party of friends from Chicago last for six years. \$3,000 takes it. If you Sunday. cannot use this you will be doing some friend a good turn by telling him about

And if you do not want to go in very 3cep, I have a cottage on north side for It is inside corporation, and worth a good deal more money than this.

Follow me over to Gilbert avenue: eight fine rooms, house fronts south, electric light, otherwise not modern. Beautifully shaded lot, house in good condi-Lot contains about one-half acre. The first one putting up \$2,700 gets it. Some of this can be real money, the balance on easy terms.

\$2,000 will buy a nice east front 7-room house on north side. Hot water heat; ten minutes' walk from depot. Compare this with anything else you have seen or heard of and come and see me. Property is clear and no assessments to pay.

\$2,700 for nearly new 5-room cottage. with south front, on south side. It has svery convenience, right up to date. Lot 50x200 feet. Some real money, with the balance to suit your pocketbook.

In the insurance line we write fire, lightning, tornado, cyclone, farm, auto-mobile, and every other old kind, for the Aetna.

Here is a lot of value for the money on Maple avenue: 9-room house; some con-veniences in; lot 76x176 ft. Price \$2,800, and terms that are right to the right party. A barn goes with it.

In way of farms we have: North, 122 acres improved, \$122 per acre; 140 acres.
\$125; 77 acres for \$11,000; 300 acres for
\$155 per acre; 80 acres for \$160 per acre;
\$6 acres, no buildings, \$150 per acre; 22
acres, no buildings, for \$6,000. South we
have 52 acres, \$175 per acre; 160 acres, \$150 per acre; 80 acres, \$125 per acre, and 168 acres for \$150 per acre, all improved.

As for acre tracts, we never had the of our present list. The locations are all excellent, with prices from \$250 to 1700 per acre. All are within easy walk-ing distance of trains. And terms easy.

One of the best buys in town is 8 rooms and bath, east front, house, on extra large lot, for \$3,250. Location, 2 blocks from Furnace heat, stone feundation, the house alone for the money and lot is worth \$750.

Another east front house on large lot in nice part of south side, has 6 rooms. Bath is new. Stone foundation. Poultry bouse. Easy terms.

A combined residence and business property on Main street for \$2,600. This is a good proposition for some one.

\$3,300 will buy still another awfully good home, but one block from depot frounds about size of two ordinary lots. rooms and new bath. Barn, Large garden. Immediate possession.

And lots; I can sell you lots with frontage of 50 ft, and depth from 212 to 350 from \$200 to \$400. They are covered with beautiful trees and are inside village, not over 12 minutes' walk from depot. Your good judgment should tell you to gather in one or more of these

Think of such reading as this in the spring of the year: Lot 100x132 feet, house of 7 rooms, bath and closets, with dandy basement. Good barn and large poultry house, for \$2,500. All assessments paid in full. This is on north side.

A grand, south side, eight-room, mod-era home; large grounds, front and back; with front; all assessments paid; for Ask to see photographs.

\$-room house and one acre, west of town, \$3.600. Lots of shade, fruit and garden. 4 rooms below have hardwood floors. Stone foundation with basement an entire house. South front.

And for \$3,200 I can show you a place, the 3-room house alone on which could not be put up for \$3,500, not to mention the \$700 lot. It has new plumbing and furnace; stands very high; rooms all light and airy. Near station.

May be this is not a good one: Sixseem house in first class condition, parsee, dining room, kitchen, 3 bed rooms,
somplete bath, furnace, coment becoment
with hundry tube. Nearly 134 acres of
special black earth and a poultry house

A MAN'S BARGAIN. / F I cry out for fellowship, A comrade's voice, a comrade's grip, A hand to hold me when I slip. An ear to heed my groan, Renew that hour's dark ecstasy When all thy waves went over me And thou and I, with none to see,

Were joined in fight alone. TF I demand a sheltered space Set for me in the battle place, Where I at times could turn my face, A screened and welcome guest, Decree my soul should henceforth cease From its wild hankering after peace

And rest in that which gives release From the desire of rest. F I for final goal should ask, Some meaning for the long day's task, Some ripened field that yet may bask Secure from hurricane, Point to thy locust eaten sheaves, The burnt out stars, the still born leaves,

And by the toll no hope retrieves Nerve me to toll again. -G. M. Hort in London Academy.

THE DREAMERS

THE gypsies passed her little gate. She stopped her wheel to see A brown faced pair who walked the road, Free as the wind is free. A prison seemed to be.

TIER shining plates against the walls, Her sunift, sanded floor, The brass bound wedding chest that held Her linen's snowy store, The very wheel whose humming died, Seemed only chains she bore.

CHE watched the foot free gypsies pass. O She never knew or guessed The wistful dream that drew them close, The longing in each breast To some day know a home like hers,

Wherein their hearts might rest. -Theodosia Garrison.
