'Distinctively Individual"

Here's a Tangle.

How easy it is to mix up the average business man was demonstrated the other day when the son of a local merchant leaned against his father's knee and innocently asked:

St. Genevieve.

St. Genevieve, the patron saint of Paris, was consecrated at the age of seven to the service of religion by St. Germanus, bishop of Auxerre, who chanced to pass through the village of Nanterre, where she lived, about four miles from Parts. She acquired a great reputation for sanctity. The church of St Genevieve, completed in 1764, was named in her honor. During the revolutionary period it was withdrawn from the service of religion and called the Pantheon, but was afterward restored in name and to ecclesiastical uses.

QUIT MEAT IF KIDNEYS **BOTHER AND USE SALTS**

fast If Your Back is Hurting or Bladder is irritated.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache. dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acids of grapes and lemon stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder

FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup o Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic-remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask at the store for a 50cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Adv.

INDIAN HAD SENSE OF HUMOR

At Least Enough to Get Off Good Joke on the Cross-Examining Lawyer.

From Fenimore Cooper and other authorities we have gained the impression that the Indian is a stolid, severe individual, with no sense of the white man's humor, but one red brother showed himself quite a civilized joker the other day in the United States court at St. Paul. He was a witness in a hotly contested case, and a lawyer was after him in the most approved style to cast discredit on his testimony. After apparently frightening the Indian with the awful consequences which would follow the slightest deviation from the truth, the lawyer solemnly said:

"Now, sir, I want you to tell me the exact truth, without any shuffing or evasion. I want you to look me square in the eye and tell me how you get your living?"

The Indian looked straight at the lawyer and, with that grave air famillar to all acquainted with the red man, simply said: "Eat."

The courtroom roared and the lawyer let the witnes. go.

CAR VENTILATION A PROBLEM

No Really Satisfactory System Has Yet Bean Devised, It is Asserted. -

The state board of health is endeavoring to impress upon the people the importance of fresh air, pure food and ventilation of steam and trolley gars. Just how the latter is to be accomplished is not explained and the board frankly admits that no satisfactory system has yet been devised for ventilation of cars, but thinks that more extensive use of the ventilators would produce good results.

There does not appear to be any reason why ventilators cannot be used to remove foul air from a car and the same system operated in, perhaps, a little different way would permit of a more thorough and satisfactory ventilation, the New Britain (Conn.) Herald observes. A smoking car on a steam train is an abomination for all except those who smoke. The car is often filled with smoke so as to prevent a view from one end to the other. The air is suffocating and with the smoke added the place becomes a most distressing one for ordinary peo-

As there is nothing to prevent establishing the conditions desired by the state board of bealth except a system of ventilation, it would seem as if the inventive genius of Connecticut would quickly respond to the demands of the hour. Ventilation has been provided in all kinds of buildings, and it would appear as if it is only a step from that to ventilating a railroad car, especially as health requires it.

Steel Rails Improved.

Since the first railroad there has been great improvement in steel rails as well as growth in locomotives. At a late meeting of the institution of turkey farm, I tell you. Mechanical Engineers in Paris, Anatole Mallet, inventor of the articulated locomotive, showed that in 1829 engines weighing five tons ran on rails of 24.2 pounds per yard, the locomotive weighing 327 times a yard of rail. In 1846 engines of 22 tons ran on rails of \$0.52 per yard, or 700 times the weight per yard. In 1914 a Mallet locomotive having ten coupled axles, with adhesive weight of 245 tons, has been put to use in the United States on 111-pound rails—an engine weight of 4,950 times the weight of rail per

Sick Moment Made Well

Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of Lydia E. Pinkham's Vegetable Compound.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

Campen, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now l am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."-Mrs. Trutte WATERS, 530 Mechanio Street, Camden, N.J.

After taking a few bottles my pains disappeared, and we now have one of the finest boy babies you ever saw."—Mrs. C. A. RICKRODE, R.F.D. No. 5, Hanover, Pa.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others-why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's allments does justice to berself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health. ►Write to LYDIA E.PINKHAM MEDICINE CO.
