It is cruel to force nauseating. harsh physic into a sick child.

Look back at your childhood days. Remember the "dose" mother insisted on - castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only deliclous "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomor-

Safety first is more than a phrase, at least on one of the leading Eastern railroads. The main line of this railway will run from Reykjavik, the capital, to Thorsjaa; here the road will divide, with one branch to the geysers and the other to Oerbak. The total distance to be covered by rail is about 100 kilometers, or about 62 miles, and the system is to cost approximately \$1,000,000. At the present time the facilities for traffic and trade are still most primitive. Travelers are obliged to ride on any animal which may be available, while freight is moved in rude carts. The roads are for the most part very bad and they are often made impassable by mountain torrents.-Scientific American.

Winter Chills Bring Kidney Ills

A spell of cold, damp weather is always followed by a fine crop of kidney troubles and backache.

Colds and chills damage the kidneys. Other troubles common to winter weather are just as bad. Grip, tonstiftis, quinsy, pneumonia or any other infectious disease hurts the kidneys by overloading the blood with poisons. The kidneys get worn, weak and inflamed trying to work it off.

It isn't hard to strengthen weak kidneys though, if you act quickly. At the first sign of backache, dizzy spells, headaches, loss of weight, nervousness, depression and painful, irregular kidney action, start using Doan's Kidney Pills. Rest the kidneys by simple eating, avoidance of overwork and worry, and getting more rest and sleep. A milk diet is fine.

This sensible treatment should bring quick benefit and prevent serious kidney diseases like dropsy. gravel and Bright's disease.

Health Was Wrecked Doctors Said He Could Live but a Short Time

Edwin Gucker, Western Ave., R. F. D. No. , Mattoon, Ill., says: "My kidneys suddenly began to fail me and I gradually became worse. Terrible pains seized me in the small of my back and I could hardly stand them. The kidney secretions passed too frequently, were profuse and discolored. went from had to worse. My appetite failed and I lost weight steadily. My complexion was yellow, I had no ambition and felt tired all the time. Nights I couldn't sleep well and I became a wreck, as far as my health was concerned. All this time was taking treatment from different physiclass and tried many medicines, but they didn't do me the least bit of good. The doctors thought I could live but a short time. Fortunately I began using Doan's Kidney Pills and soon my appetite improved and I gained in strength. The backache ceased to trouble me and the kidney secretions became natural. I continued using them and was cured of kidney trouble."

GRANDMA USED SAGE TEA TO DARKEN HER GRAY HAIR

She Made Up a Mixture of Sage Tea and Sulphur to Bring Back Color, Gloss, Thickness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of the famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.—
