ESSENCE OF RIGHT SPRAYING

Mixture Must Be Slammed Into Tree With Force Enough to Penetrate Every Inch of Surface.

The very essence of right spraying is slamming the material into the tree twigs, buds and leaves with force enough to make it penetrate into every quarter inch of surface.

Missing a few clusters of leaves and twigs or falling to get to one limb in the top or in the center of a tree, will leave a colony of the tree enemies big enough to reinfest the whole tree in a very short while.

Results of Spraying With Copper-Lime Sulphur - Two Lower Apples Came From Sprayed Tree - Two Upper Came From an Unsprayed Tree in Next Row.

Study all your tree enemies and get well enough acquainted with them that you know them when you see them and know about when to look for them.

There are some of these enemies that can be successfully attacked on but a few days in every year. You will have to learn to know them at sight and to know when these days come, if you are going to rid your orchard of the pests.

MOTHER! LOOK AT CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs"

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again.

The Shot That Missed. In controversy it is better to be intellectually honest than to be consistent.

In an ecclesiastical discussion that occurred at one of the general assemblies of the Presbyterian church in the United States Doctor Krebs was pressing his antagonist, Doctor Breckinridge, hard with his authorities, and at last, as the New York Times relates, came down on him with this: "And now I will proceed to quote Breckinridge against Breckinridge."
