OUR DEAD NOT FORGOTTEN

Of all seasons of the year, this is the time when we are recalling the lives of our heroes, who gave themselves in loving devotion to their country. We adorn their graves with flowers, a token of their memory still fresh in our hearts; a token of the fact that they and their services are not forgotten. It bodes ill for a nation when it forgets its heroes and their deeds of valor. It bodes ill for all who forget their dead, and all the years of loving companionship, friendship, and helpfulness. One of the keenest pangs of death is the fear of being forgotten. Let us tell the world this coming week that we have not forgotten those heroes who gave their lives for their country and also that we still hold in grateful memory those dear ones who were our comfort and help, those children that brightened our homes, those parents who with our soldier dead gave "their last full measure of devotion" that we might be blessed.

It is easy to allow sentiment to run away in tears, but Downers Grove is more practical than that. They have arranged to go out to the West Side cemetery on Wednesday, May 26, and care for the graves, cut the grass and clean up the debris, that everyone may know that Our Dead are Not Forgotten.

They meet at 10 o'clock at village hall. A carryall will take them out and bring them back free of charge and so with scythes, shears and rakes we will go out to honor our noble dead. You will help by going yourself, by sending some one to help or by sending some money to help in the service. L. E. SINGLETERRY.

CIVIC NOTES.

The Civic Committee of the Women's Club are distributing pamphlets throughout the village and township that give information on "The Forest Preserve Movement in Du Page County," that is coming up to be voted on at the election on June 7. It is hoped everyone will give a little time and study to this question which is of vital importance not only to the present generation but to those who follow, whether our beautiful woods which are such a great source of pleasure and admiration to us shall be preserved or devastated. Three new waste paper baskets have recently been placed in our streets. It is hoped they will be well patronized when occasion requires. Owing to the cool weather many

ash piles still have to ornament the back yard, but don't forget the clean-up campaign when it gets warmer. A fresh coat of paint has been put on the iron settees at the lake and the grass has been nicely mowed.

Bell System

Party Line Telephone service is like a crowded street car; it gets you there but at some inconvenience, with some discomfort even. That car is taken of necessity, not from choice.

Two party service may be compared with the taxicab or other public conveyance—it is better than the densely packed car, but someone else may get it first, in which event you must wait.

The single line service is like a private conveyance, available when wanted; can be kept indefinitely if desired; can go where you will, when you will.

Of course, this last costs a little more—but think of the added convenience, and the added value in time saved if an occasion arises when you must get word to some one and do it quickly!
