merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Downers Grove resident has withstood this sternest of all

Mrs. J. Schaller, 97 South Main street. Downers Grove, says: "For two or three years, I suffered from at tacks of backache and dull pains through my loins. The least exertion tired me and often I had to sit down and rest. The kidney secretions passed too freely, too. When I had the good fortune to hear of Doan's Kidney Pills, I got a supply. After taking two boxes, my back was free from pain, my kidneys became nor mal and I was restored to good

Mrs. Schaller gave the above ac count of her experience in April, 1910, and on March 20, 1915, she said: During the past few years, I have had no signs of kidney trouble and feel confident that Doan's Kidney

Pills have cured me. Price, 50c, at all dealers. Don't simply ask for a kidney remedy-get Doan's Kidney Pills-the same that Mrs. Schaller had. Foster-Milburn Co., Props., Buffalo, N. Y.

Do you hear the morning and evening choruses of the birds? If not you are missing a riot of song that fairly startles you with its volume. How the birds do sing and how they answer each other as they swing back

and forth on topmost branches! And where there is one bird today there should be dozens With ruth less and thoughtless hand we have driven them out, killing off by tens of thousands and forcing the expenditure of thousands of dollars for which the birds would have gratuitously. One good law of the present legislature refers to the care of the bird life and absolutely forbids any unnaturalized person from getting a permit to go shooting or to have a

gun in his possession. This law should be followed by many others looking to the very severest penalties for the ruthless pursuit or the killing of any kind of bird life. And that further laws will be enacted is true because first of all the real gunners of the state realize that something must be done to prevent the extinction of many forms of bird life.-Gloucester Times
