him, he was set free. They had sold all their effects and journeyed over a

There should be a limit between the closest of friendships indulged in by women. Borrowing should not be encouraged unless it is unavoidable. A proud, spirited woman will go without before she will ask for any article she wishes to obtain. Certainly she should be chary about borrowing n.oney. No housewife should borrow food from neighbors to entertain dinner guests. One might just as well consider borrowing table, chairs, dishes and best table nappery. Never borrow even from your closest friend. (Copyright, 1916.)

World's Election Laws

Election laws throughout the world vary enormously. We take it as a matter of course that a man or woman must be twenty-one years old to vote, Girard observes in the Philadelphia Ledger.

In Hungary men vote at twenty, but in Austria, which the Irish builmaker would designate the "major half" of oman grave family secrets which no Emperor Charles Joseph's empire, men drive through Denver's municipal

stantsm these days. A Prussian can- have been placed at the sharpest tounded on a rock was built upon | not vote under twenty-five. Nor can the conquered Belgian cast a ballot at a more tender age.

Up in Denmark folks grow up slowly, and thirty years is the minimum limit for a voter. Japanese are supposed to know enough at twenty-five the curve. The mirrors are three feet

Even Faces of Immigrants Changed by Air of Freedom In America, Says Londoner

"There is something in America that scems to change even the physiognomy of the people who come here and they become American in looks as well as in thought," said a London doctor while visiting here. "They are beginning to recognize this American type abroad. Even those who were not born in America develop into the American type after ten or twenty years in this country. Perhaps it is the freedom of thought and action that brings about the change. You know the poor man of Europe-the peasant-has no freedom of action and thought, and when he comes to America and learns what It is to act as he likes and think as he likes it changes his whole countenance, This is what makes the American type. even of the immigrants, after they have had a few years of this new spir-

Itual atmosphere. "One must occasionally go to Europe to appreciate America. Here you all have opportunity. You can have your little home and can work if you will. No one need go hungry nor ask char-

"Europe will not recover her post tion of two years ago in generations. How long it will take no man can tell. But today the best blood is being poured out on the field of battle. the best of her children are dying by thousands of diseases back of the lines of hattle. Science will be calling for men to push on her work and the men who would have answered the call will be found to have died on the battlefield.
