TWENTY-TWO YEARS AGO IN THE REPORTER

(From the issue of June 7, 1895.)
The Downers Grove nine licked Riverside, there, 9 to 4 in the third game of the season, last Saturday.

Mr. Guy L. Bush is figuring on a new attachment for a bicycle—one in the shape of a halter to lead it down hill with, and stirrups to put his feet in when the pedals get away from him.

Some of our wheelmen got very badly mixed up Sunday with the result that Mr. V. Simonson has a very handsome black eye, caused from taking a header.

At a business meeting of the Y.P.S. C. E. of the Congregational church last Monday evening, Miss Edith Gramham was elected President; Will F. Canada, Vice President; Harry M. Bateman, Secretary and Treasurer.

The first piano to be completely made in Downers Grove was turned out of the Straube factory on Tuesday. It is a beautiful instrument and its full tones are a guarantee of the good workmanship that go into its making. The case is mahogany, beautifully carved and is a credit to this local industry.

Dr. G. W. Siddons returned Tuesday from the Black Hills, South Dakota, where he has been for the past ten days on business connected with his mining interests there.

The annual gathering of relatives and friends to celebrate the 81st birthday of Mrs. John Atwood's birthday occurred last Monday afternoon, June 3rd, at her home.

Jewish Armies Conscripted
On the approach of an enemy the Jewish army was recruited by a conscription made from the tribes under the direction of a mustermaster, by whom also the officers were appointed. The army was divided into thousands and hundreds under their respective captains (Numbers 31; 20:14; Numbers 2:34; II Chronicles 25:5; 28:12).

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Mucous Surface of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

THE WHY OF THE LIBERTY LOAN

Press Matter Prepared By Publicity Bureau.

The Fifty Dollar Bond
In issuing Liberty Loan Bonds in a denomination as small as \$50 the Secretary of the United States Treasury has put it in the reach of almost every American citizen to do a real and actual service to his country.

Not all can fight, not all can render personal service in other ways, but those who are denied the privilege of serving their country in person have the privilege of serving her by lending their money to win her victories. But it is not patriotism alone that urges the buying of Liberty Loan Bonds. Thrift and a wise economy in investing small savings commend these Liberty Loan Bonds to small investors. They are safe, and considering their tax-free quality—free from all federal, state and local taxes (inheritance taxes excepted) and free from any war tax that may hereafter be levied, affording an absolutely net income of 3 1-2 per cent, they constitute an ideal investment for savings.

Nor is there any reason for waiting for a later bond issue in the expectation of a higher rate of interest being obtained, for the law provides that should such bonds be issued later, Liberty Loan Bonds may be exchanged for them at par.

LETTER FROM JOHN BRYAN

A portion of a letter received from John Bryan, who is stationed at Paris Island, S. C., he belongs to the 5th, Co. B. of the U. S. Marine Corps.
Just a few lines to let you know I am in the best of condition. Today (thought of Downers Grove's parade, course I was one of them, and I is Decoration Day. We only had 12,000 Marines in the parade, of which we all had a fine dinner with lots of good things to eat. We fellows wrote up a little piece which you will find enclosed.

"Fill The Fifth" Co. B.
Can you see 'em? Here they come: Say, listen to that drum, I guess the bugle meant for them to shift.
It's a mighty little line, but they keep real good time.
Who are they? Don't you know? Why thank the fifth, Co. B.
There's our flag, my its a "beaut", Hats off, you big galoot,
If you don't, somebody else will give a lift.
There's a banner see it blowin' Red and White sure makes a showin' What's it say? Why don't you know?
Fill the Fifth, Co. B.

Well, so long, I have to go, Come along if you want to, To the one on Olive Street, I guess I'll drift, Oh, come on, say I insist, Why I'm going to enlist, What for, Why don't you know? To fill the Fifth, Co. B.

Tell the boys of D. G. this is the life for a man, a little hard at first, but now it's great.

EMPLOYMENT SERVICE UNITED STATES

U. S. Department of Labor—Notice Regarding the need of Harvest Hands
Issued by the United States Employment Service.
Oklahoma

The Division of Information of the Bureau of Immigration, U.S. Department of Labor, has been advised that about 5,000 men will be needed this season for the grain harvest in Oklahoma; wages will not be less than \$2.00 per day and up, with board and lodging. Before proceeding to the harvest fields of Oklahoma, all persons should first communicate with, The Commissioner of Labor, at Oklahoma City, Okla., to find out whether or not employment will be available for them upon arrival. Harvest will begin in the north central part of Oklahoma about June 8 to 10.
Kansas

It is estimated that Kansas will need about 15,000 men from without the State for the wheat harvest this season; wages will probably range from \$2.00 to \$6.00 per day, with board and lodging, according to experience and class of work at which engaged. Harvest will begin in Kansas about June 15 to 20. All persons who desire more definite information as to employment in the harvest fields of Kansas should communicate with the State Commissioner of Labor, Topeka, Kansas.

General Instructions

The Department is informed that the vast majority of the farmers who work the harvest hands prefer able-bodied, well speaking white men. Applicants should have sufficient funds for subsistence in the event of unavoidable delays in commencing the harvest.
It will be necessary for all persons desiring harvest work to defray their own expenses to and from the places of employment.

But Annoy Everyone Else.
We never learn anything new by hearing ourselves talk.

Hand Cultivators

In order to raise a maximum crop you have got to keep out the weeds and cultivate the soil.
You can do more and better work in one hour with this Cultivator and its attachments than you can with a hoe in a half a day.
