There is more Cataract in this section of the country than in other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Cataract is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Cataract Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous membrane of the eye. One Hundred Dollars reward is offered for any case that Hall's Cataract Cure fails to cure. Send for circular and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Hall's Family Pills for constipation.

David Lewis Holland, Adm'r. Bunge, Harbour & Schmidt, Attorneys. It's rather cruel to hurry you so, but time is precious with us and—"You sit right down there, young man, and put a little of this precious time of yours against mine," said Kinside, pointing authoritatively at the chair which Smith had just vacated. "You mustn't go off at half-cock, that way. You'll need a bank here to do business with, won't you?" Smith did not sit down. Instead, he smiled genially and fired his final shot. "No, Mr. Kinside; we shan't need a local bank—not as a matter of absolute necessity. In fact, on some accounts I don't know but that it would be better for us not to have one." "Sit down," insisted the bank president; and this time he would take no denial. Then he turned abruptly upon Baldwin, who had been playing his part of the silent listener letter perfect.

STATE CONVENTIONS AT NAPERVILLE PARK

During the week of August 14-19 Naperville Park located about one mile northeast of Naperville, Illinois is to be the rendezvous of the religious forces of the Evangelical Association in the Illinois Conference. Three great conventions are scheduled to be held co-jointly during this week. The organizations to be represented are the Sunday Schools. The Young People's Societies and The Woman's Missionary Societies. The convention will be opened on Tuesday evening, August 14, with an address by Hon. J. Frank Hanley, former Governor of Indiana. Mr. Hanley is one of America's foremost lecturers and his coming into this community offers the people a great opportunity to hear a great man with a great message. There will no admission charged so that every one may feel free to attend. On Wednesday evening, Aug. 15, Dr. Herbert L. Willett, of Chicago, will speak on the theme, "The Changing World and the Duty of the Church." Dr. Willett is a man of great power and persuasion. His message should be heard by many. On Thursday evening the interests of the Sunday School will be presented in a lecture by Dr. Walter D. Agnew, President of Hedding College, Abingdon, Ill. Dr. Agnew will speak to the theme, "The Sunday School of Tomorrow." Friday evening Rev. Paul S. Mayer, Missionary from Japan will speak. Mr. Mayer is a young man whose messages are always listened to with great interest, and profit. On Saturday night Bishop G. Heinmiller recently returned from an extended trip through the Orient will deliver a lecture on the subject, "Missionary Work in China." Bishop Heinmiller needs no introduction to the people of this community and his coming is looked forward to with most assuring anticipations. Bishop Heinmiller will also be the speaker for Sunday, Aug. 19. The day sessions of these conventions will be largely given over conference and institute work. The very best possible leaders have been secured for these conferences, and any one interested in best methods for modern church work, will find this a very profitable week. Each day there will also be lectures on vital issues of present day problems. The program committee feels that in the program arranged for this work there is an unusual opportunity presented. It is not often that such an array of talent can be secured for such a gathering and no one can well afford to miss this rich treat. Some of the other speakers who will be present throughout the week are: Mr. W. C. Pearce, Adult Sup'l. International S. S. Association; Mr. C. E. Schenck, General Sec'y, Illinois S. S. Association; Miss Mary Hargreaves, Elementary Sup'l. Cook County S. S. Association; Mr. Herbert C. Mayer, Boys Work, Sup'l. Cook County S. S. Association; Dr. H. J. Kieckhefer, Presiding Elder of Freeport District; Dr. Geo. L. Robinson, Prof. McCormick Seminary; Mrs. F. F. McCrea, Field Worker of the W. M. S. of the Presbyterian Church, Indianapolis, Ind.; Mrs. W. A. Brown, Miss Edna Cole, Mr. Walter J. Miller and Rev. A. J. Byas of Chicago and Rev. W. B. Rilling of Kankakee, Ill. This announcement is an invitation to the people of this community to attend this gathering. Not only is there a strong program prepared, but

Romans Raised Big Turnips. The Romans raised turnips sometimes weighing 40 pounds, and it is thought they introduced the turnips in to England where, as Cogan said (1597): "Although many men love to eat turnips, some abhor them." In 1629 and 1630 when there was a dearth in England, good and wholesome white bread was made of boiled turnips, with the molture pressed out of them, kneaded with an equal quantity of wheaten flour.

Earth and Moon. Fifty moons would equal the earth in volume, although it would take 81 times the mass of the moon to equal the mass of our planet as the lunar density is only six-tenths that of the earth. The entire surface of the moon about equals North and South America in area, though about 40 per cent of this surface we can never see, since our satellite always turns the same face toward us.

Poetry in Japan. "Poetry in Japan is as universal as the air. It is felt by everybody. It is read by everybody. It is composed by almost everybody."—Dr. Lafontio Hearn.
