A Carnival is a little different than a swimming meet, being more entertaining in nature than competitive. Our equipment in the quarry is rather limited but it will be possible to have enough events and stunts to furnish an afternoon's entertainment. Some events on the program will be swimming races, tub races, water pillow fights, long under water swim, tilt-

This serves both as an announcement and an invitation, for we want people to know about it and also want the swimmers to get interested and get into it. It is not necessary to be an expert swimmer to participate because the events are such that anyone who can swim at all can enter and do just as well as the next fellow. Men from Wheaton, Downers Grove, as other places expect to be there and is up to the swimmers of Naperville to help them have a good time.

The public is invited to attend There will be no admission charged but the hat might come your way to let you help pay expenses. Watch for posters and further announcements in the Reporter, and if you can't wait for particulars come to the "Y" an inquire. This is a chance for lots of fun for both the participants and the audience, so we hope to get the co-opcration of everybody to help make the Carnival a success.
