NOTES OF THE LISLE CONGREGATIONAL CHURCH

Bible School 10:00 a. m.

Evening Worship 7:45 p. m.

Communion will be observed Sabbath morning and all members are requested to be present. Those wishing to unite either on confession of faith or by letter should notify the pastor at once.

At 7:45, Mr. Herbert H. Rood will speak on "The Winning of a State for Saloon Abolition." Come and bring your friends to hear Mr. Rood's experiences in the Anti-Saloon work and how we can make Illinois dry.

The people feel they have cause for rejoicing over their completed church which was dedicated last Sabbath. About 200 filled the auditorium, our neighboring churches of Downers Grove, Naperville, Glen Ellyn and Wheaton being well represented. The church was tastefully decorated with ferns and pink rose buds.

Dr. Wm. E. Barton, pastor of the First Congregational church of Oak Park, delivered the sermon in his usual forceful manner and the Act of Dedication was conducted by Dr. Chas. A. Blanchard, president of Wheaton College. Other ministers participating in the service were Rev. Ira M. Grey, Downers Grove, Rev. Henry S. Robie, Glen Ellyn, Dr. Geo. T. McCollum, Superintendent, Congregational Conference of Illinois and Rev. W. W. Dale of McIntosh, Minn.

Mr. Harry Hatch gave an interesting historical sketch of the inception of the work in this community in 1842 following down to the present finished church. The keys were presented to Mrs. Alice Lacey who responded very graciously and thanked all who had helped make the work possible.

In a few moments Dr. McCollum raised more than sufficient funds to pay all bills and the church will go forward feeling the Lord has done wonderful things for them.

**CASS NOTES**

"Buy a Liberty Bond."

While filling silo at the Homer Andrews farm south of Downers Grove last Saturday forenoon a spark from the engine set fire to the straw stack. Mr. Andrews called "central our fire alarm" and by the way, a good one to central called out the Cass fire department and the way they handled that straw stack would make Ex-Chief Louis Klein go back on his old force of fire fighters. Among the daring deeds noted was the way in which Chas. Oldfield guarded the barn with a pyrene while the fire raged within thirty feet of him.

### THE RIGHT WAY TO BURN "OLD BEN"

Leave three-quarters of your fire uncovered. Put fresh coal on the front of the fire. The heat drives the smoke out of the fresh coal, which, in passing over the uncovered hot coals, is further heated and is burned. This gives a cleaner, hotter fire, easily controlled, and uses less coal saving your money.
