(Continued from Page)

of work are furnished to the Downers Grove branch without charge by the Chicago chapter. Regarding the work of the Red

cross Marquis Eaton, chairman of the Chicago chapter, has sent the following important communication to the Downers Grove branch: "I wish first to call your attention

to the attached resolution passed by the executive committee of the Chicago chapter, and which is now effective throughout the Chapter jurisdiction. The Chapter has encountered many hindrances and has been often de layed in procuring materials needed for production of Red Cross supplies, The abnormal conditions produced by the War makes it increasingly diffi cult to obtain materials, - but the Chicago Chapter now has an efficient system which will assure to our work ers, in so for as it is humanly possible to provide such assurance, a supply of the goods needed to continue

and increase their production. "In speaking of production I wis 25th, to make preliminary plans for to urge every branch and auxiliary to make a special effort during the next month to increase their output of knitting. We have only begun to meet our knitted garments assignment, and must make a special effort in this direction. At the same time we must not pause in our production of hospital garments, surgical dressings and civilian relief clothing.

"The third and last point I wish to cover will be considered of great im portance by many of the auxiliaries and branches who have been requested for supplies of various sorts by the men who have gone into service from their home communities. The Week days Holy Communion, 7 a. Red Cross Supply Service has now established a cam- director at practically every Army and Navy post in America; likewise has its representatives in touch with American Expedon the first Sunday; Young Ladies on itionary Forces in France. All reqwests for supplies for men in the ser vice are being referred to the Divisional Director having jurisdiction. He Hely hour adoration every Friday will in turn refer the request to the proper camp director supplying him with the goods needed. The advantages of this system are apparent The camp directors who are on the ground can prevent duplication and waste of supplies. It will also be his duty to report what he finds to be the needs of the men at his post. In view of this splendid service the aux iliaries and branches of the Chicago Chapter are requested to refer, in writing, all requests which they have for supplies for men in the service to the Bureau of Military Relief, Chi
