The cuts shown on this page will represent a few of the many useful gifts we will show this year for Christmas. Our policy has been since the war started to show only such things as are needed in every household and we believe that just such gifts are what the public want at this time. We will not show many items that have been shown in past years for the reason that they can be done without and the money spent for practical merchandise which every family must have, war or no war.

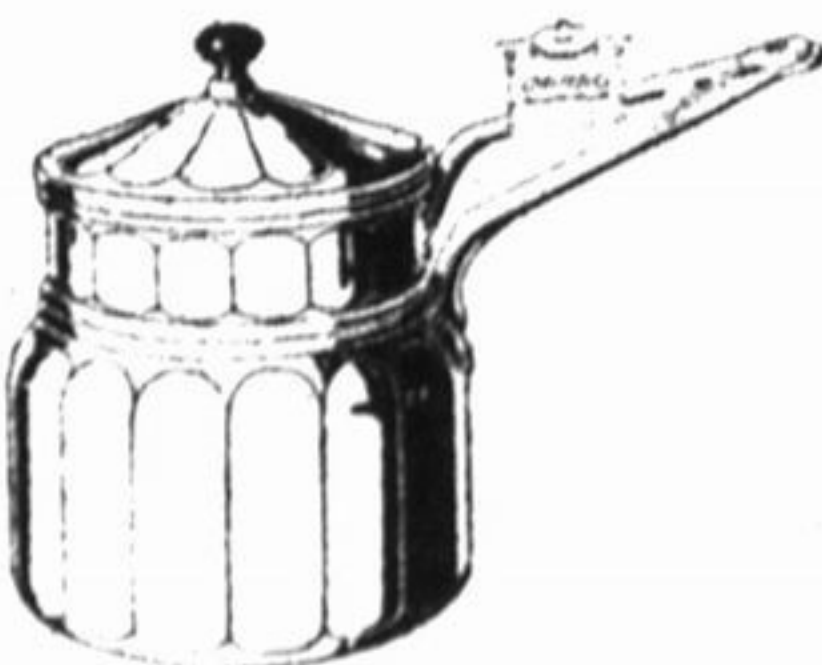

Aluminum Percolators

Aluminum Percolators

Aluminum Coffee Pots

Aluminum Rice Boilers

MIRROR

Aluminum Ware

One of the best things in the hardware line to give is this fine grade of Aluminum ware. We show a selection in all the most useful items in plain and Colonial shapes.

- Rice Boilers
- Roasters
- Percolators
- Berlin Kettles
- Tea Kettles
- Preserve Kettles
- Cookie Pans
- Cake Pans
- Biscuit Pans
- Muffin Pans
- Pudding Pans
- Cups
- Ladles
- Turners
- Fry Pans
- Dish Pans

and many other pieces too numerous to mention in the small space allowed us in this issue.

Peninsular Stoves

Combination Gas and Coal

- Gas Ranges
- Coal Ranges
- Soft Coal Heaters

Berlin Kettles

We would suggest that one of the most practical presents for the wife is an electric washing machine. It will save her an immense amount of work as the clothes do not have to be boiled or rubbed and will come out in ten minutes much whiter than when boiled and rubbed.

This machine has a swinging wringer also which adds much to its value and allows both wringing and washing to be done at the same time.

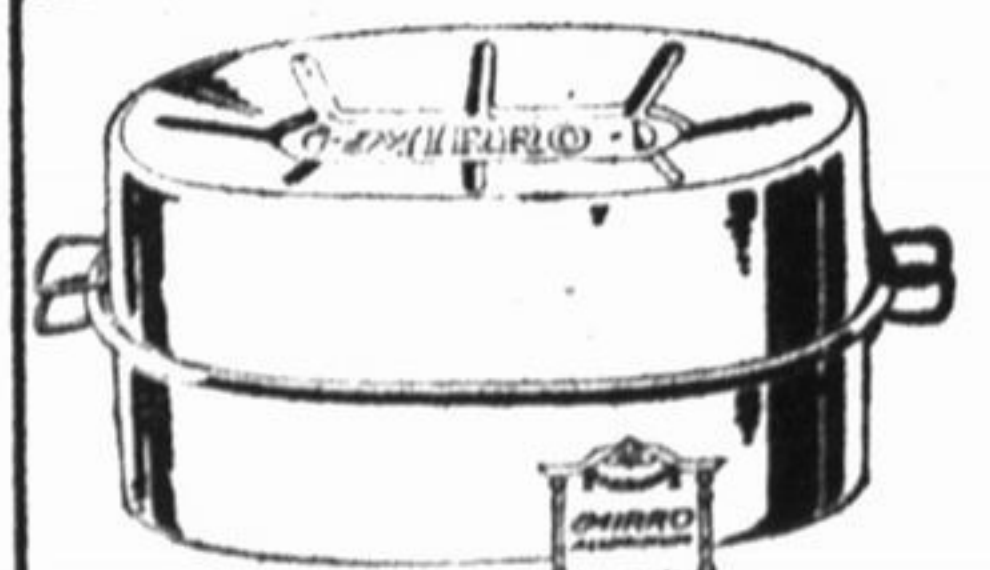

We will gladly demonstrate this fine machine to you at any time.

Water Motors
Electric Washers
Power Washers

Aluminum Tea Kettles

Aluminum Roasters

Appropriate Gifts

Do your Christmas shopping early while lines are complete. We are ready to serve you and assist you in the selection of just such gifts as will please every member of the family or friends. Our gift line was selected with the view of being particularly useful and economical. You will do well to look over our lines before making selection.
